**Dr. Mihir Parekh**

**24 x 7 Parenting- 365 Quotes** Dr. Mihir Parekh,2022-11-24 This small handy book has 365 quotes on parenting. So everyday reading one quote will help you to knock your conscience; and will guide you to be a better parent each day. This book is not gender-specific. For convenience's sake the use of He, His and him are predominant. This book has compilation of all my quotes on parenting which I have been writing for so many years on social media handles. These quotes are short and simple but highly motivating and inspiring for parents to introspect and learn. The quotes adorned in this book deal with variety of topics like parent child relationship, anger, parents screen time, teenage issues, benefits of binding to nature and so on. This book will appeal to parents and teachers the most.

**Poor Parents** Bill Jordan,2025-07-15 Originally published in 1974, this book provides a critique of official policy towards families with young children living on low incomes and looks in detail at some of the myths prevalent in the public debate - both political and academic - about the 'cycle of deprivation', a phrase coined by Sir Keith Joseph (British Politician, 1918-1994). One of these myths is that it is possible to provide, on a selective basis, the best services for the poorest members of the community. Another is that the poorest group is the one which is in most need of every kind of social service. A third is that the more generous provision of social services to areas with high concentrations of poor families can reduce tensions and conflicts between social groups. The author contends that these myths are being used to obscure the fact that the persistent force behind post-war social policy is none other than the spirit of the Poor Law.

**Delinquency in Society** Robert Regoli,John Hewitt,Matt DeLisi,2010 Delinquency in Society, Eighth Edition provides a systematic introduction to the study of juvenile delinquency, criminal behavior, and status offending youths. This text examines the theories of juvenile crimes and the social context of delinquency including the relevance of families, schools, and peer groups. Reorganized and thoroughly updated to reflect the most current trends and developments in juvenile delinquency, the Eighth Edition includes discussions of the history, institutional context, and societal reactions to delinquent behavior. Delinquency prevention programs and basic coverage of delinquency as it relates to the criminal justice system are also included to add context and support student comprehension.

**Becoming Good Parents** Mufid James Hannush,2012-02-01 Becoming Good Parents goes beyond a psychological understanding of parenting to include a deeper explication of the philosophical (moral) and existential (spiritual) dimensions

of parenting. It counters the contemporary notion that parents can be satisfied with simply being good enough in their parenting practices, which encourages a sense of complacency. Through everyday examples, illustrative use of Harper Lee's moral novel *To Kill a Mockingbird*, and a reinterpretation of the theoretical viewpoints of psychologists Erik Erikson, Heinz Kohut, and Rollo May, along with philosophers Iris Murdoch and Michael Gelven, the author argues that the struggle toward perfection (goodness) is a natural human impulse. Parenting provides an optimal context for the practice of character refinement, which can potentially contribute to the psychological and spiritual growth of both parents and children. Ultimately, the book demonstrates that by becoming good parents, we become good persons.

*The Parent Compass* Cynthia Clumeck Muchnick, Jenn Bowie Curtis, 2020-09-15 Bragging rights and bumper stickers are some of the social forces fueling today's parenting behavior—and, as a result, even well-intentioned parents are behaving badly. Many parents don't know how best to support their teens, especially when everyone around them seems to be frantically tutoring, managing, and helicoptering. *The Parent Compass* provides guidance on what parents' roles should be in supporting their teens' mental health as they traverse the maze of the adolescent years. For anyone daunted by the unique challenge of parenting well in this pressure-laden and uncertain era, *The Parent Compass* offers: Advice on fostering grit and resilience in your teen Strategies to help your teen approach life with purpose Guidance on how to preserve your relationship with your teen while navigating a competitive academic environment Clear explanations of your appropriate role in the college admission process Effective ways to approach technology use in your home, and much more! Using *The Parent Compass* to navigate the adolescent years will help you parent with confidence and intention, allowing you to forge a trusting, positive relationship with your teen.

**Family Trouble** Ara Francis, 2015-09-18 Our children mean the world to us. They are so central to our hopes and dreams that we will do almost anything to keep them healthy, happy, and safe. What happens, then, when a child has serious problems? In *Family Trouble*, a compelling portrait of upheaval in family life, sociologist Ara Francis tells the stories of middle-class men and women whose children face significant medical, psychological, and social challenges. Francis interviewed the mothers and fathers of children with such problems as depression, bi-polar disorder, autism, learning disabilities, drug addiction, alcoholism, fetal alcohol syndrome, and cerebral palsy. Children's problems, she finds, profoundly upset the foundations of parents' everyday lives, overturning taken-for-granted expectations, daily routines, and personal relationships. Indeed, these problems initiated a chain of disruption that moved through parents' lives in domino-like fashion, culminating in a crisis characterized by uncertainty, loneliness, guilt, grief, and anxiety. Francis looks at how mothers and fathers often differ in their interpretation of a child's condition, discusses the gendered nature of child rearing, and describes how parents struggle to find effective treatments and to successfully navigate medical and educational bureaucracies. But above all, *Family Trouble* examines how children's problems disrupt middle-class dreams of the "normal" family. It captures

how children's problems "radiate" and spill over into other areas of parents' lives, wreaking havoc even on their identities, leading them to reevaluate deeply held assumptions about their own sense of self and what it means to achieve the good life. Engagingly written, *Family Trouble* offers insight to professionals and solace to parents. The book offers a clear message to anyone in the throes of family trouble: you are in good company, and you are not as different as you might feel...

Education plc Stephen J. Ball, 2007-03-06 Is the privatisation of state education defensible? Did the public sector ever provide a fair education for all learners? In *Education plc*, Stephen Ball provides a comprehensive, analytic and empirical account of the privatisation of education. He questions the kind of future we want for education and what role privatisation and the private sector may have in that future. Using policy sociology to describe and critically analyse changes in policy, policy technologies and policy regimes, he looks at the ethical and democratic impacts of these changes and raises the following questions: Is there a legitimacy for privatisation based on the convergence of interests between business and the 'third way' state? Is the extent and value of private participation in public education misunderstood? How is the selling of private company services linked to the remodelling of schools? Why have the technical and political issues of privatisation been considered but ethical issues almost totally neglected? What is happening here, beyond mere technical changes in the form of public service delivery? Is education policy being spoken by new voices? Drawing upon extensive documentary research and interviews with senior executives from the leading 'education services industry' companies, the author challenges preconceptions about privatisation. He concludes that blanket defence of the public sector as it was, over and against the inroads of privatisation, is untenable, and that there is no going back to a past in which the public sector as a whole worked well and worked fairly in the interests of all learners, because there was no such past. This book breaks new ground and builds on Stephen Ball's previous work on education policy. It should appeal to those researching and studying in the fields of social policy, policy analysis, sociology of education, education research and social economics.

Care of the State Jennifer Rasell, 2020-08-28 *Care of the State* blends archival, oral history, interview and ethnographic data to study the changing relationships and kinship ties of children who lived in state residential care in socialist Hungary. It advances anthropological understanding of kinship and the workings of the state by exploring how various state actors and practices shaped kin ties. Jennifer Rasell shows that norms and processes in the Hungarian welfare system placed symbolic weight on nuclear families whilst restricting and devaluing other possible ties for children in care, in particular to siblings, friends, welfare workers and wider communities. In focussing on care practices both within and outside kin relations, Rasell shows that children valued relationships that were produced through personal attention, engagement and emotional connections. Highlighting the diversity of experiences in state care in socialist Hungary, this book's nuanced insights represent an important contribution to research on children's well-being and family policies in Central-Eastern Europe and

beyond.

**Healing the World** David Christensen, 2005-09 Healing the World identifies and offers possible solutions to three critical and urgent problems that face mankind today. David Christensen, PhD, a retired geography professor, has studied how people have both used and misused Earth and spent endless amounts of money on wars and on a military that, in his opinion, cannot provide security in a world of interdependent nations. Christensen invites you to follow along as he presents his case for Limited World Government as the only way to deal with the following three intertwined global issues: War and Militarization Corporate Globalization The Need for a Sustainable Balance between the Earth and the Human Family In addition to identifying three key problems of our time, Christensen includes a brief history of peace plans, the evolution of international cooperation over the last two centuries, and the League of Nations and the United Nations. Dozens of quotes from world leaders and writers are also included as well as a discussion of a 'Web of Survival. Healing the World will encourage you to examine the actions of world leaders as well as your own viewpoints about global issues and concludes with an inspirational call to action by people of all ages.

*Parenting Your Out-of-Control Teenager* Scott P. Sells, 2007-04-01 Every teenager rebels against authority at some point--talks back, breaks curfew, or disobeys. But literally millions of teens take their rebellion to a point where it disrupts their families and endangers their own futures or even their lives. If one of these teens is yours, you've probably lived through years of conflicting advice and pat solutions that don't last. Finally, this breakthrough guide from a master therapist will show you the seven steps to positive, permanent change for you and your teenager: 1. Learn the real reasons for teen misbehavior. 2. Make an ironclad contract to stop that behavior. 3. Troubleshoot future problems. 4. End button-pushing. 5. Stop the seven aces -- from disrespect to threats of violence. 6. Mobilize outside help. 7. Reclaim lost love within the family. Clear, compassionate, and packed with real-life solutions to real-life problems, *Parenting Your Out-of-Control Teenager* gives parents the tools they need to turn their families' lives around for good.

*Children Who Kill* Carol Anne Davis, 2014-05-22 Why would two young boys abduct, torture and kill a toddler? What makes a teenage girl plot with her classmates to kill her own father? Society regards children as harmless - but for some the age of innocence is shortlived, messy and ultimately murderous. Mary Bell, Robert Thompson and Jon Venables are infamous for their crimes against other children, but many of the less familiar studies here are equally as shocking. Thirteen murderers - the youngest only ten - used fire, poison, bullets and strangulation on victims from infants to pensioners. In a comprehensive study of juvenile homicide, Carol Anne Davis offers new psychological insights and a hard-hitting look at the role of society in an area too shocking to ignore.

Private and Confidential? Clark, Chris, McGhee, Janice, 2008-07-02 This original and stimulating book examines contemporary issues in social work, particularly exploring the politicisation of the profession from the 1970s onwards.--
