Contemporary Fairy-Tale Magic, 2020-01-13 Contemporary Fairy-Tale Magic, edited by Lydia Brugué and Auba Llompart, studies the impact of fairy tales on contemporary cultures from an interdisciplinary perspective, with special emphasis on how literature and film are retelling classic fairy tales for modern audiences. We are currently witnessing a resurgence of fairy tales and fairy-tale characters and motifs in art and popular culture, as well as an increasing and renewed interest in reinventing and subverting these narratives to adapt them to the expectations and needs of the contemporary public. The collected essays also observe how the influence of academic disciplines like Gender Studies and current literary and cinematic trends play an important part in the revision of fairy-tale plots, characters and themes.

Filming the Children's Book Hermansson Casie Hermansson, 2018-12-19 Just as a work of self-reflexive 'metafiction' -

and the experience of reading it - differ from other types of literature, the work and the experience of viewing films that adapt metafiction are distinct from those of other films, and from other film adaptations of literary works. This book explores the adaptation of children's metafiction, including works such as *Inkheart*, *The Invention of Hugo Cabret* and the Harry Potter series. Not only are the plot devices of books and reading explored on screen in these adaptations, but so is the nature of transmedial adaptation itself - the act of representing one work of art in another medium. Analysing the 'work' done by children's metafiction and the experience of reading it, Casie E. Hermansson situates the adaptations of these types of books to film within contemporary adaptation criticism.

Cries for a Lost Homeland Guli Francis-Dehqani, 2021-08-25 Guli Francis-Dehqani was born in Isfahan, Iran, to a family who were part of the tiny Anglican Church established by 19th century missionaries. Her father, a Muslim convert, became the first indigenous Persian bishop. As the Islamic Revolution of 1979 swept across the country, church properties were raided, confiscated or closed down. Guli's father was briefly imprisoned before surviving an attack on his life, which injured his wife. Soon after, whilst he was out of the country for meetings, Guli's 24 year-old brother, Bahram, a university teacher in

Tehran, was murdered. No one was ever brought to justice and the family were advised to leave Iran. Guli was 14. They eventually settled in England with refugee status. Drawing on the riches of Persian culture and her own dramatic experience of loss of a homeland, Guli offers memorable and perceptive reflections on Jesus' seven final sayings from the cross, opening up for Western readers fresh and arresting insights from a Middle Eastern perspective.

Multiethnic American Literatures Helane Adams Androne, 2014-11-19 This book provides original essays that suggest ways to engage students in the classroom with the cultural factors of American literature. Some of the essays focus on individual authors' works, others view American literature more broadly, and still others focus on the application of culturally based methods for reading. All suggest a closer look at how ethnicity, culture and pedagogy interact in the classroom to help students better understand the complexity of works by African Americans, Native Americans, Asian Americans, Latinos and several other sometimes overlooked American cultural groups. Instructors considering this book for use in a course may request an examination copy [here](#).

The Gothic Fairy Tale in Young Adult Literature Joseph Abbruscato, Tanya Jones, 2014-08-08 Rooted in the oral traditions of cultures worldwide, fairy tales have long played an integral part in children's upbringing. Filled with gothic and fantastical elements like monsters, dragons, evil step-parents and fairy godmothers, fairy tales remain important tools for teaching children about themselves, and the dangers and joys of the world around them. In this collection of new essays, literary scholars examine gothic elements in more recent entries into the fairy tale genre--for instance, David Almond's *Skellig*, Neil Gaiman's *The Graveyard Book* and *Coraline* and Lemony Snicket's *A Series of Unfortunate Events*--exploring such themes as surviving incest, and the capture and consumption of children. Although children's literature has seen an increase in reality-based stories that allow children no room for escape from their everyday lives, these essays demonstrate the continuing importance of fairy tales in helping them live well-rounded lives.

Shadow Voices John Connolly, 2021-10-28 All hardbacks in the first print run will be signed by the author. The story of

genre fiction - horror, romantic fiction, science fiction, crime writing, and more - is also the story of Irish fiction. Irish writers have given the world Lemuel Gulliver, Dracula, and the world of Narnia. They have produced pioneering tales of detection, terrifying ghost stories and ground-breaking women's popular fiction. Now, for the first time, John Connolly's one volume presents the history of Irish genre writing and uses it to explore how we think about fiction itself. Deeply researched, and passionately argued, SHADOW VOICES takes the lives of more than sixty writers - by turns tragic, amusing, and adventurous, but always extraordinary - and sets them alongside the stories they have written, to create a new way of looking at genre and literature, both Irish and beyond. Here are vampires and monsters, murderers and cannibals. Here are female criminal masterminds and dogged detectives, star-crossed lovers and vengeful spouses. Here are the SHADOW VOICES.
