Ron Emmons

Borneo Tamara Thiessen,2016-01-05 From the steamy highlands and sapphire watered islands of Sabah and Sarawak, to the mesmerising mosques and mysticism of the Sultanate of Brunei, the island of Borneo is a wonder world of colourful tribal cultures, exotic rainforest creatures. Straddling the Equator, and swept in by various Seas and Straits, it is home to the orang-utan, long-nosed beer-bellied proboscis monkeys, and otherworldly carnivorous plants straight out of Lord of the Rings. The latest edition of the Bradt Travel Guide to Borneo provides fully updated insider information for touring the island including regional capitals, rural outposts and National Parks.

1,000 Places to See Before You Die, the second edition Patricia Schultz, 2011-11-15 The world's bestselling travel book is back in a more informative, more experiential, more budget-friendly full-color edition. A #1 New York Times bestseller, 1,000 Places reinvented the idea of travel book as both wish list and practical guide. As Newsweek wrote, it "tells you what's beautiful, what's fun, and what's just unforgettable— everywhere on earth." And now the best is better. There are 600 full-color photographs. Over 200 entirely new entries, including visits to 28 countries like Lebanon, Croatia, Estonia, and Nicaragua, that were not in the original edition. There is an emphasis on experiences: an entry covers not just Positano or Ravello, but the full 30-mile stretch along the Amalfi Coast. Every entry from the original edition has been readdressed, rewritten, and made fuller, with more suggestions for places to stay, restaurants to visit, festivals to check out. And throughout, the book is more budget-conscious, starred restaurants and historic hotels such as the Ritz, but also moderately priced gems that don't compromise on atmosphere or charm. The world is calling. Time to answer.

Malaysia's Maritime Jurisdictional Limits Vivian Louis Forbes, 2025-01-31 The book adopts an interdisciplinary approach to maritime boundary delimitation and uses Malaysia as a case study. The country may be considered 'zone-locked' in the context of the Law of the Sea. Administrators, political scientists, academic researchers and university students will benefit from the contents of this book. Apart from its well written narrative, perhaps the most important aspect of the work most perhaps series of beautifully drawn maps and diagrams accompanied by detailed captions or commentaries, a unique

collection worthy of publication on its own.
