Live for Me Emma Thomas, 2021-02-05 Twenty-seven-year-old Ophelia Lux Taylor is feisty and driven; she also happens to have bipolar disorder. Although she's had her ups and downs, life is good now: she lives with her twin brother, Onyx, and another friend in an artsy community in Cincinnati and is pursuing a master's degree in psychology. An avid reader, Ophelia

likes everything to be orderly, including her job at a nearby bookstore. But when a good-looking stranger ends up in her apartment—invited to crash on their couch by her brother—her life begins to change forever. Brax Smith arrives to Cincinnati with nothing other than his van, having left Florida to start a new life, escaping the memories of losing his mother to cancer and dealing with his drunk father. A recovering alcoholic himself, Brax meets two guys at a group session in an eclectic area of Cincinnati when he gets to town. He feels grateful to have a place to stay but also comes face-to-face with the sister of one of his new friends, who is less than excited to have an additional roommate. Can he win her over, despite the fact that she has no interest in being his friend? In this novel, the lives of two struggling people collide and take them on a roller-coaster journey of good times and bad, ultimately leading to true love, devotion, and tragedy.

2019 Akshat Asthana, 2021-07-09 2019 is a 25 day journey of the Author who claims that this book pushed his creativity to the Limit and more. No, this isn't a work of fiction, it is a real life account. In these poems you would find different emotions that circumvent the mind of a 22 year old. There are verses on love, on dark aspects of life, some break your heart while some are bound to make your day. Some poems are long, some are short. Some would seem like a proper song whereas some might seem to be excerpts of something bigger. Either way the poems are intended to have some effect on the one who

reads it.

From Dose to Doses Mariam Dahham Almazrouie, 2025-08-13 What if addiction was never about weakness, but about wounds that no one dared to see? This book is not just about drugs. It is about the reasons we escape. The things we are taught not to feel. The pain that never found a language, so it found a substance. From childhood trauma to societal neglect, from corporate greed to state denial, this is a journey into the truth behind every pill, every sip, every silent scream. In the shadows of bright cities and behind perfectly filtered lives, millions are quietly unraveling. Addiction has become the background noise of a world that praises performance and punishes pain. And while some governments criminalize addicts and others glamorize collapse, one country is choosing a third path entirely. In the United Arab Emirates, addiction is not treated as a crime or a marketing opportunity. It is treated as a wound that deserves healing. With rehabilitation centers rooted in science, care, and community, the UAE is building a system that fights for the human being, not just the statistics. It is not just about detoxing bodies, but about restoring dignity. This book blends lived stories, global case studies, and philosophical reflection. It is written for the ones who never felt seen. For the families who loved in silence. For the policymakers ready to do more than patch wounds. And for the societies willing to ask, "What happened to you?" instead of "What's wrong with you?" From Dose to Doses is a manifesto, a mirror, and a map. It is your invitation to walk through the ruins and find the systems, stories, and strength that offer a way out. Because healing is not a miracle. It is a choice. And every nation must decide if it will bury its broken or help them rise.

Radical Reads Joni Richards Bodart, 2002 Radical young adult fiction can be edgy and raw, which is why young adults who read it find it to be very relevant to their lives. Teens struggling with issues in today's society can often recognize themselves and identify their problems in the fictional lives they read about. There are no easy answers or pat endings in these books. They often are accused of being dark, gritty, and bleak because they deal with subjects like incest, teenage pregnancy, dysfunctional families, gangs, prejudice, violence, drugs, or other complex problems. Central characters can be quite mature and multidimensional and plot lines are complex. These books break boundaries in various ways, from the challenge they present to the reader to the voice they give to their young protagonists. Radical YA fiction is frequently more complex and better written than many adult bestsellers. Bodart, long known as the reigning queen of booktalking, has identified 101 engaging, tough, and well-written books and presents them in a way that will help the librarian defend their presence in the library or classroom, the parent who wants to know what their child is reading, and the teen who is looking for a Rad Read. Naturally, there is a booktalk to pique interest and give away just enough of the story. Entries also include character lists and sections on subject areas and major themes. Bodart also provides a number of booktalk and book report ideas. Her section on risks will alert adults to mature themes, while her section on strengths will help defend these books against their critics. The author has also included awards won and a section of book reviews, which will be useful for both adult and student. All the books listed are accessible to readers of middle school ability and up. This is truly a multipurpose book from an expert who knows her stuff and essential for any library serving a teen audience and handy for parents as well.
