**Emma Jones, Caroline Strevens**

What We Talk About When We Talk About Love Raymond Carver, 2015-05-25 The most celebrated story collection from “one of the true American masters” (The New York Review of Books)—a haunting meditation on love, loss, and companionship, and finding one’s way through the dark that includes the iconic and much-referenced title story featured in the Academy Award-winning film *Birdman*. Raymond Carver’s America is ... clouded by pain and the loss of dreams, but it is not as fragile as it looks. It is a place of survivors and a place of stories.... [Carver] has done what many of the most gifted writers fail to do: He has invented a country of his own, like no other except that very world, as Wordsworth said, which is the world to all of us. —The New York Times Book Review

**What We Talk about When We Talk about Hebrew (and What It Means to Americans)** Naomi B. Sokoloff, Nancy E. Berg, 2018-08-14 Why Hebrew, here and now? What is its value for contemporary Americans? In *What We Talk about When We Talk about Hebrew (and What It Means to Americans)* scholars, writers, and translators tackle a series of urgent questions that arise from the changing status of Hebrew in the United States. To what extent is that status affected by evolving Jewish identities and shifting attitudes toward Israel and Zionism? Will Hebrew programs survive the current crisis in the humanities on university campuses? How can the vibrancy of Hebrew literature be conveyed to a larger audience? The volume features a diverse group of distinguished contributors, including Sarah Bunin Benor, Dara Horn, Adriana Jacobs, Alan Mintz, Hannah Pressman, Adam Rovner, Ilan Stavans, Michael Weingrad, Robert Whitehill-Bashan, and Wendy Zierler. With lively personal insights, their essays give fellow Americans a glimpse into the richness of an exceptional language. Celebrating the vitality of modern Hebrew, this book addresses the challenges and joys of being a Hebraist in America in the twenty-first century. Together these essays explore ways to rekindle an interest in Hebrew studies, focusing not just on what Hebrew means—as a global phenomenon and long-lived tradition—but on what it can mean to Americans.

**What We Talk About When We Talk About Rape** Sohaila Abdulali, 2018-11-27 *What We Talk About When We Talk About Rape* is brilliant, frank, empowering, and urgently necessary. Sohaila Abdulali has created a powerful tool for examining rape culture and language on the individual, societal, and global level that everyone can benefit from reading. —Jill Soloway In the tradition of Rebecca Solnit, a beautifully written, deeply intelligent, searingly honest—and ultimately hopeful—examination of sexual assault and the global discourse on rape told through the perspective of a survivor, writer,

counselor, and activist After surviving gang-rape at seventeen in Mumbai, Sohaila Abdulali was indignant about the deafening silence that followed and wrote a fiery piece about the perception of rape—and rape victims—for a women's magazine. Thirty years later, with no notice, her article reappeared and went viral in the wake of the 2012 fatal gang-rape in New Delhi, prompting her to write a New York Times op-ed about healing from rape that was widely circulated. Now, Abdulali has written *What We Talk About When We Talk About Rape*—a thoughtful, generous, unflinching look at rape and rape culture. Drawing on her own experience, her work with hundreds of survivors as the head of a rape crisis center in Boston, and three decades of grappling with rape as a feminist intellectual and writer, Abdulali tackles some of our thorniest questions about rape, articulating the confounding way we account for who gets raped and why—and asking how we want to raise the next generation. In interviews with survivors from around the world we hear moving personal accounts of hard-earned strength, humor, and wisdom that collectively tell the larger story of what rape means and how healing can occur. Abdulali also points to the questions we don't talk about: Is rape always a life-defining event? Is one rape worse than another? Is a world without rape possible? *What We Talk About When We Talk About Rape* is a book for this #MeToo and #TimesUp age that will stay with readers—men and women alike—for a long, long time.

What We Don't Talk About When We Talk About Fat Aubrey Gordon, 2020-11-17 From the creator of *Your Fat Friend* and co-host of the *Maintenance Phase* podcast, an explosive indictment of the systemic and cultural bias facing plus-size people. Anti-fatness is everywhere. In *What We Don't Talk About When We Talk About Fat*, Aubrey Gordon unearths the cultural attitudes and social systems that have led to people being denied basic needs because they are fat and calls for social justice movements to be inclusive of plus-sized people's experiences. Unlike the recent wave of memoirs and quasi self-help books that encourage readers to love and accept themselves, Gordon pushes the discussion further towards authentic fat activism, which includes ending legal weight discrimination, giving equal access to health care for large people, increased access to public spaces, and ending anti-fat violence. As she argues, "I did not come to body positivity for self-esteem. I came to it for social justice." By sharing her experiences as well as those of others—from smaller fat to very fat people—she concludes that to be fat in our society is to be seen as an undeniable failure, unlovable, unforgivable, and morally condemnable. Fatness is an open invitation for others to express disgust, fear, and insidious concern. To be fat is to be denied humanity and empathy. Studies show that fat survivors of sexual assault are less likely to be believed and less likely than their thin counterparts to report various crimes; 27% of very fat women and 13% of very fat men attempt suicide; over 50% of doctors describe their fat patients as "awkward, unattractive, ugly and noncompliant"; and in 48 states, it's legal—even routine—to deny employment because of an applicant's size. Advancing fat justice and changing prejudicial structures and attitudes will require work from all people. *What We Don't Talk About When We Talk About Fat* is a crucial tool to create a tectonic shift in the way we see, talk about, and treat our bodies, fat and thin alike.

A Biocultural Approach to Literary Theory and Interpretation Nancy Easterlin, 2012-05-31 Combining cognitive and evolutionary research with traditional humanist methods, Nancy Easterlin demonstrates how a biocultural perspective in theory and criticism opens up new possibilities for literary interpretation. Easterlin maintains that the practice of literary interpretation is still of central intellectual and social value. Taking an open yet judicious approach, she argues, however, that literary interpretation stands to gain dramatically from a fair-minded and creative application of cognitive and evolutionary research. This work does just that, expounding a biocultural method that charts a middle course between overly reductive approaches to literature and traditionalists who see the sciences as a threat to the humanities. Easterlin develops her biocultural method by comparing it to four major subfields within literary studies: new historicism, ecocriticism, cognitive approaches, and evolutionary approaches. After a thorough review of each subfield, she reconsiders them in light of relevant research in cognitive and evolutionary psychology and provides a textual analysis of literary works from the romantic era to the present, including William Wordsworth's "Simon Lee" and the Lucy poems, Mary Robinson's "Old Barnard," Samuel Taylor Coleridge's "Dejection: An Ode," D. H. Lawrence's *The Fox*, Jean Rhys's *Wide Sargasso Sea*, and Raymond Carver's "I Could See the Smallest Things." *A Biocultural Approach to Literary Theory and Interpretation* offers a fresh and reasoned approach to literary studies that at once preserves the central importance that interpretation plays in the humanities and embraces the exciting developments of the cognitive sciences.

**The L.A. Quartet** James Ellroy, 2019-06-04 Here in one volume is James Ellroy's first great body of work, an epic re-envisioning of postwar Los Angeles--etched in red and black and film-noir grays. The Black Dahlia depicts the secret infrastructure of L.A.'s most sensational murder case. A young cop morphs into obsessed lover and lust-crazed avenger. The Dahlia claims him. She is the deus ex machina of a boomtown in extremis. The cop's rogue investigation is a one-way ticket to hell. The Big Nowhere blends the crime novel and the political novel. It is winter, 1950--and the L.A. County Grand Jury is out to slam movieland Reds. It's a reverential shuck--and the three cops assigned to the job are out to grab all the glory they can. A series of brutal sex killings intervenes, and the job goes all-the-way bad. L.A. Confidential is the great novel of Los Angeles in the 1950s. Political corruption. Scandal-rag journalism. Bad racial juju and gangland wars. Six local stiff's slaughtered in an all-night hash house. The glorious and overreaching LAPD on an unprecedented scale. White Jazz gives us the tortured confession of a corrupt cop going down for the count. He's a slumlord, a killer, a parasitic exploiter. He's a pawn in a series of police power plays and starting to see that he's being had. He's just met a woman. Thus, he's determined to claw his way out of the horrifying world he's created--and he's determined to tell us everything. The L.A. Quartet is a groundbreaking work of American popular fiction.

The Palgrave Handbook of Holocaust Literature and Culture Victoria Aarons, Phyllis Lassner, 2020-01-24 The Palgrave Handbook of Holocaust Literature and Culture reflects current approaches to Holocaust literature that open up future thinking on Holocaust representation. The chapters consider diverse generational perspectives—survivor writing, second and third generation—and genres—memoirs, poetry, novels, graphic narratives, films, video-testimonies, and other forms of literary and cultural expression. In turn, these perspectives create interactions among generations, genres, temporalities, and cultural contexts. The volume also participates in the ongoing project of responding to and talking through moments of rupture and incompleteness that represent an opportunity to contribute to the making of meaning through the continuation of narratives of the past. As such, the chapters in this volume pose options for reading Holocaust texts, offering openings for further discussion and exploration. The inquiring body of interpretive scholarship responding to the Shoah becomes itself a

story, a narrative that materially extends our inquiry into that history.

Sectarianization Nader Hashemi, Danny Postel, 2017-03-15 As the Middle East descends ever deeper into violence and chaos, 'sectarianism' has become a catch-all explanation for the region's troubles. The turmoil is attributed to 'ancient sectarian differences', putatively primordial forces that make violent conflict intractable. In media and policy discussions, sectarianism has come to possess trans-historical causal power. This book trenchantly challenges the lazy use of 'sectarianism' as a magic-bullet explanation for the region's ills, focusing on how various conflicts in the Middle East have morphed from non-sectarian (or cross-sectarian) and nonviolent movements into sectarian wars. Through multiple case studies -- including Syria, Iraq, Lebanon, Saudi Arabia, Bahrain, Yemen and Kuwait -- this book maps the dynamics of sectarianisation, exploring not only how but also why it has taken hold. The contributors examine the constellation of forces -- from those within societies to external factors such as the Saudi-Iran rivalry -- that drive the sectarianisation process and explore how the region's politics can be de-sectarianised. Featuring leading scholars -- and including historians, anthropologists, political scientists and international relations theorists -- this book will redefine the terms of debate on one of the most critical issues in international affairs today.

*After the Program Era* Loren Glass, 2017-01-04 The publication in 2009 of Mark McGurl's *The Program Era* provoked a sea change in the study of postwar literature. Even though almost every English department in the United States housed some version of a creative writing program by the time of its publication, literary scholars had not previously considered that this institutional phenomenon was historically significant. McGurl's groundbreaking book effectively established that "the rise of the creative writing program stands as the most important event in postwar American literary history," forcing us to revise our understanding not only of the relationship between higher education and literary production, but also of the periodizing terminology we had previously used to structure our understanding of twentieth-century literature. *After the Program Era* explores the consequences and implications, as well as the lacunae and liabilities, of McGurl's foundational intervention. Glass focuses only on American fiction and the traditional MFA program, and this collection aims to expand and examine its insights in terms of other genres and sites. Postwar poetry, in particular, has until now been neglected as a product of the Program Era, even though it is, arguably, a "purer" example, since poets now depend almost entirely on the patronage of the university. Similarly, this collection looks beyond the traditional MFA writing program to explore the pre-history of writing programs in American universities, as well as alternatives to the traditionally structured program that have emerged along the way. Taken together, the essays in *After the Program Era* seek to answer and explore many of these questions and continue the conversations McGurl only began. Jewish Love Magic Ortal-Paz Saar, 2017-08-28 Jewish Love Magic: From Late Antiquity to the Middle Ages is the first monograph dedicated to the supernatural methods employed by Jews in order to generate love, grace or hate. Examining hundreds of manuscripts, often unpublished, Ortal-Paz Saar skillfully illuminates a major aspect of the Jewish magical tradition. The book explores rituals, spells and important motifs of Jewish love magic, repeatedly comparing them to the Graeco-Roman and Christian traditions. In addition to recipes and amulets in Hebrew, Aramaic and Judaeo-Arabic, primarily originating in the Cairo Genizah, also rabbinic sources and responsa are analysed, resulting in a comprehensive and fascinating picture. "Due to the general neglect of the topic in previous scholarship, the richness of the research corpus and the scientific precision of the author, Saar's Jewish Love Magic is an important volume that should be on the shelf of every scholar focusing on ancient Jewish magic, but also on Jewish culture and cultural history in general. Furthermore, the book is an enjoyable read also for a non-specialist audience thanks to its clarity and fluency." - Alessia Belusci, Yale University, in: Journal of Semitic Studies 64.2 (2019) "This is a valuable foray into the relationship between institutionalised religion and magic and the complex question of 'legitimacy'. Overall, the book presents a compelling case for the existence of Jewish 'love magic'." - Ann Jeffers, Journal for the Study of the Old Testament 43.5 (2019)

**Authentically Emergent** R. Scott Smith, 2018-08-08 Are Brian McLaren, Tony Jones, Doug Pagitt, and Rob Bell yesterday's news, as many evangelicals seem to think? Truth and the New Kind of Christian (2005) tried to provide a balanced assessment of McLaren's and Jones's views. But, they seem to be right about much more that is affecting evangelicals than was realized then. Also, that book misunderstood one of their core claims: everything is interpretation. Moreover, their views have developed over the years, e.g., ethically about colonialism, its influences, and how we should live now. They also have advanced several further claims about the gospel and traditional doctrines. To what extent should Christians embrace their views? Are these the ways to go forward toward a more authentic Christianity, one that is morally better, and a better fit, for our times? Like Truth, this book gives careful attention to their thought. It also offers its own portrait of major shaping influences on Western, Americanized Christianity. But, there remains a root issue that keeps the Western church, whether progressive emergents or evangelicals, in its Babylonian captivity. It is liberation from that root that will lead to an authentically emergent Christianity.

*Immigration, Citizenship and Insecurity* Heli Askola, 2025-06-06 Immigration, Citizenship and Insecurity: An Australian Story explores how Australia's policies on migration and nationality have shaped citizenship and social inclusion. The book examines the historical and contemporary intersections of citizenship, migration and insecurity, analysing key issues such as

the prioritisation of economic utility in migration policy, cultural expectations placed on newcomers and the role of migrants in political debate. It critically assesses Australia's responses to challenges such as demographic ageing, cultural diversity and erosion of political authority. The impact of emergency measures during the COVID-19 pandemic is also explored, revealing the fragility of citizenship protections in times of crisis. This book is an essential resource for scholars, policy-makers and professionals in migration studies, political science and public policy, as well as anyone interested in the evolving dynamics of citizenship and migration in Australia and beyond.

*Wellbeing and Transitions in Law* Emma Jones, Caroline Strevens, 2023-08-09 This book examines transitions from law school to the legal profession, and their impact on wellbeing. There is a significant body of evidence that suggests law student wellbeing is particularly problematic, partially due to the distinctive nature of law as a discipline. Similarly, there is a growing body of international evidence demonstrating poor levels of wellbeing within the legal profession, with lawyers suffering higher levels of stress, anxiety and depression than the general population. To date there has been no detailed consideration of the impact of these transitions on wellbeing, or discussion of the best ways to ameliorate any negative effects. This edited collection will explore a range of transitions, from entry into law school through to progression to managerial roles within the legal profession. Rather than focusing on discrete areas or chunks of time, this book focuses on the process of transitioning holistically.

**Mental Health and Wellbeing in the Legal Profession** Jones, Emma, Graffin, Neil, 2020-09-24 Legal professionals are thought to have higher levels of mental health issues and lower levels of wellbeing than the general population. Drawing on qualitative data from new research with legal practitioners, this in-depth study of mental health and wellbeing in the UK and Republic of Ireland's legal sector is a timely contribution to the urgent international debate on these issues. The authors present a comprehensive discussion of the cultural, structural and other causes of legal professionals' compromised wellbeing. They explore the everyday demands and difficulties of the legal working environment and consider the impacts on individuals, the legal profession and wider society. Making comparisons with systems overseas, this is an invaluable resource that provides evidence-based suggestions for swift and effective organisational and policy-related interventions in the legal sector.

*Islam and Anarchism* Mohamed Abdou, 2022-06-20 'One of the fiercest books I've ever read' - Jasbir K. Puar Discourse around Muslims and Islam all too often lapses into a false dichotomy of Orientalist and fundamentalist tropes. A popular reimagining of Islam is urgently needed. Yet it is a perhaps unexpected political philosophical tradition that has the most to offer in this pursuit: anarchism. *Islam and Anarchism* is a highly original and interdisciplinary work, which simultaneously disrupts two commonly held beliefs - that Islam is necessarily authoritarian and capitalist; and that anarchism is necessarily anti-religious and anti-spiritual. Deeply rooted in key Islamic concepts and textual sources, and drawing on radical

Indigenous, Islamic anarchistic and social movement discourses, Abdou proposes 'Anarcha-Islam'. Constructing a decolonial, non-authoritarian and non-capitalist Islamic anarchism, Islam and Anarchism philosophically and theologically challenges the classist, sexist, racist, ageist, queerphobic and ableist inequalities in both post- and neo-colonial societies like Egypt, and settler-colonial societies such as Canada and the USA.
