Colleen Oakley

Before I Fall Jessica Scott, 2015-03-03 I thought I could do this. I thought I could leave the war behind. I was wrong. I can't do this. I can't go to class and pretend like everything is normal. That I'm normal. I'm not. I've lost everything that matters to me. But I made a promise. And if I'm going to keep that promise, I have to focus. I have to pretend that I belong on this southern campus that drips with old money. And I have to pass stats. That's where Beth comes in. I'm terrified she'll see through me. That the careful lies and easy smile won't be enough to convince her that everything is fine. That she'll see how broken I really am. But there's something about her that draws me closer. A sadness in her eyes that am powerless to resist. I should walk away. Protect her from the broken, darkness in me. Before we both fall into something neither of us can control Stay focused. Get a job. Save her father's life. Beth Lamont knows far too much about the harsh realities of life her gilded classmates have only read about in class. She'll do whatever it takes to take care of her father, even if that means tutoring a guy like Noah - a guy who represents everything she hates about the war, soldiers and what the Army has done to her family. Noah Warren doesn't know how to be a student. All he knows is war. But he's going to college now to fulfill a promise and he doesn't break his promises. Except he doesn't count on his tutor being drop dead gorgeous and distracting as hell. One look at Beth threatens to unravel the careful lies Noah has constructed around him. A simple arrangement turns into something neither of them can deny. And a war that neither of them can forget could destroy them both.

Before the Fall William Gardner, 2017-09-29 William Safire was a speechwriter for Richard Nixon from 1968 to 1973. During that time, as a Washington insider, Safire was able to observe the thirty-seventh president in his entirety: as noble and mean-spirited; as good and bad; as a man desirous of greatness. Rarely has there been a White House memoir more intimate or revealing in its exploration of the great events that took place before the fall of Watergate. In this anecdotal history, Nixon and his associates come alive, not as caricatures, but as men with high and low purpose: Henry Kissinger, William Rogers, H. R. (Bob) Haldeman, John Ehrlichman, Charles Colson, and Arthur Burns struggle not just for power, but for ideals. As William Safire says in his Prologue: In this memoir, which is neither a biography of [Nixon] nor an autobiography of me nor a narrative history of our times, there is an attempt to figure out what was good and bad about him,

what he was trying to do and how well he succeeded, how he used and affected some of the people around him, and an effort not to lose sight of all that went right in examining what went wrong. The book is divided into ten sections, in which run three main themes: the President, the Partisan, and the Person. As a president, Safire discusses Nixon and the Vietnam War, foreign policy, economics, and race relations. As a partisan, he discusses Nixon's attempt to form an alignment across party lines, successful in many respects before the president tolerated the excesses that eventually corrupted his administration. And as a person, Safire finds that Nixon was a mixture of Woodrow Wilson, Machiavelli, Theodore Roosevelt, and Shakespeare's Cassius--an idealistic conniver evoking the strenuous life while he thinks too much. This paperback edition of a classic primary source for historians includes a new introduction by its author. Studded with direct quotations that put the reader in the room where history was being made, *Before the Fall* is a realistic, shades-of-gray study of the Nixon years.

Udestha's Guard Kenneth Baylor, 2021-05-20 Udestha's Guard By: Kenneth Baylor Udestha's Guard takes place 4000 years after the demise of earth. Predictably, humans were the ones who killed it but rather than letting them die with the planet, a god-like being intervened. Seeing potential in humans, this god moved many to this new planet named Udestha in hopes of a new beginning but not without infusing his own power into the planet's core, altering every aspect of the planet and its inhabitants. The plants, wildlife, natural resources and weather all changed by new energy radiated into the now growing planet. As for Udestha's immigrants, the humans, they're becoming gods themselves.

Twenty-seven-year-old Daisy already beat breast cancer four years ago. How can this be happening to her again? She may have as few as four months left to live. Death is a frightening prospect—but not because she’s afraid for herself. It’s this fear that keeps her up at night, until she stumbles on the solution: she has to find him another wife. With a singular determination, Daisy scouts local parks and coffee shops and online dating sites looking for Jack’s perfect match. But the further she gets on her quest, the more she questions the sanity of her plan. As the thought of her husband with another woman becomes all too real, Daisy’s forced to decide what’s more important in the short amount of time she has left: her husband’s happiness—or her own?
