La casa romana Pedro Ángel Fernández Vega, 2003-12-22 El presente libro versa sobre la casa romana, forma y símbolo de un modo complejo de relación social, más allá de las características físicas y la morfología. Combinando los datos materiales y técnicos, propios de la arqueología, con la lectura de los escritores clásicos, el autor nos introduce en la vida cotidiana de la familia como célula básica de la sociedad. Imagen y palabra, fuentes literarias y cultura material colaboran así en la interpretación de la casa romana desde puntos de vista diferentes y complementarios. Una puesta al día de la arquitectura doméstica urbana, con una visión amplia que contextualiza la vivienda romana en su entorno social y económico, tratando tanto las casas individuales como los inmuebles colectivos, las insulae de varios pisos y otros tipos de aposentos más humildes, en los que moraba un sector numeroso de la sociedad, tradicionalmente poco estudiados por los investigadores.

Reflections Through the Convex Mirror of Time / Reflexiones Tras El Espejo Convexo Del Tiempo E.A.

Mares,2022-08-15 In this poignant bilingual collection, preeminent New Mexican poet E. A. Tony Mares posthumously shares his passionate journey into the broken heart and glimmering shadows of the Spanish Civil War, whose shock waves still resonate with the political upheavals of our own times. Mares engages in dialogue with heroes and demons, anarchists and cardinals, and beggars and poets. He takes us through the convex mirror of history to the blood-stained streets of Madrid, Guernica, and Barcelona. He interrogates the assassins of Federico García Lorca for their crimes against poetry and humanity. Throughout the collection the narrator is participant and commentator, and his language is both lyrical and direct. In addition to Mares's parallel Spanish and English poems, the book includes a prologue by Enrique Lamadrid, an introduction by Fernando Martín Pescador, and an epilogue by Susana Rivera. Lovingly shepherded and completed by friends and family, this book will appeal to Mares enthusiasts and readers interested in poetry and history, who will be glad to have this unexpected gift from a master's voice.

ADMIRANDA Justo Lipsio, Juan R. Ballesteros Sánchez, 2021-09-29 Admiranda sive de Magnitudine romana libri IV es una descripción del Imperio romano en 48 capítulos monográficos que tratan distintas instituciones romanas. Fue escrita en la transición de los siglos XVI al XVII por el humanista Justo Lipsio. El conjunto de la obra se divide en 4 libros cada uno de los cuales desarrolla una condición que explica la grandeza de Roma: el poder territorial, militar y demográfico; los edificios monumentales y obras públicas; los recursos económicos y financieros del Estado, de los particulares y la política de gasto; y las virtudes cívicas y militares de los romanos. El libro está precedido por dos textos introductorios de gran valor histórico e historiográfico: una carta dedicatoria de la obra al Archiduque Alberto y un preámbulo al lector, y concluye con 17 notas que fueron objeto de sucesivas revisiones y ampliaciones a lo largo de las tres ediciones de la obra (1598, 1599 y 1605). Al igual que otros trabajos de Lipsio, los Admiranda fueron redactados como un diálogo anticuario. En este caso, los protagonistas son el propio Lipsio y un anónimo discípulo que, aprovechando un periodo de vacaciones y a lo largo de cuatro jornadas, se reúnen para discutir sobre la grandeza de Roma. Además de un ejercicio literario, los Admiranda constituyen una singular combinación de varias vocaciones humanísticas presentes en el conjunto de la obra de Justo Lipsio: la crítica textual, la reconstrucción histórica y la reflexión política. En consonancia con la personalidad y el recorrido intelectual de su autor, Admiranda constituye, en definitiva, un discurso histórico y político de intenciones inciertas sobre el Estado y el poder imperial de Roma. Admiranda propicia, en efecto, lecturas plurales y ambiguas sobre el imperialismo romano y sobre sus significados presentes, y plantea en términos históricos un debate nunca completamente resuelto sobre las formas, las posibilidades y los peligros de la utopía política.
