

Five Years To Freedom

Doris Stevens

Five Years to Freedom James N. Rowe,1984-05-12 When Green Beret Lieutenant James N. Rowe was captured in 1963 in Vietnam, his life became more than a matter of staying alive. In a Vietcong POW camp, Rowe endured beri-beri, dysentery, and tropical fungus diseases. He suffered grueling psychological and physical torment. He experienced the loneliness and frustration of watching his friends die. And he struggled every day to maintain faith in himself as a soldier and in his country as it appeared to be turning against him. His survival is testimony to the disciplined human spirit. His story is gripping.

Five Years to Freedom James N. Rowe,2011-03-09 When Green Beret Lieutenant James N. Rowe was captured in 1963 in Vietnam, his life became more than a matter of staying alive. In a Vietcong POW camp, Rowe endured beri-beri, dysentery, and tropical fungus diseases. He suffered grueling psychological and physical torment. He experienced the loneliness and frustration of watching his friends die. And he struggled every day to maintain faith in himself as a soldier and in his country as it appeared to be turning against him. His survival is testimony to the disciplined human spirit. His story is gripping.

Five Years to Freedom James N. Rowe,2002

Honor Bound Stuart I. Rochester,Frederick T. Kiley,1998 Honor Bound is the result of a fruitful collaboration between Stuart I. Rochester and Frederick Kiley. In examining the lives of the prisoners in captivity, it presents a vivid, sensitive, sometimes excruciating, account of how men sought to cope with the physical and psychological torment of imprisonment under wretched and shameful conditions. It includes insightful analyses of the circumstances and conditions of captivity and its varying effects on the prisoners, the strategies and tactics of captors and captives, the differences between captivity in North and South Vietnam and between Laos and Vietnam, and analysis of the quality of the source materials for this and other works on the subject.

Erectile Dysfunction, An Issue of Urologic Clinics Culley Carson,2011-05-28 Dr. Culley Carson provides a state-of-the-art review of clinical issues surrounding erectile dysfunction. Top experts in the field, like Dr. Laurence Levine and Dr. Alan Seftel, contribute reviews on peyronie's disease and epidemiology and risk factors, respectively. A practical approach is given, with articles on doppler blood flow analysis, comparison of established agents with newer phosphodiesterase medications, penile rehabilitation after prostate cancer, and treatment of erectile dysfunction and depression.

The Complete Works of W.E. Channing William Ellery Channing,1870

Keep the Wretches in Order Dean Strang,2019-06-18 Before World War I, the government reaction to labor dissent had been local, ad hoc, and quasi-military. Sheriffs, mayors, or governors would deputize strikebreakers or call out the state militia, usually at the bidding of employers. When the United States entered the conflict in 1917, government and industry feared that strikes would endanger war production; a more coordinated, national strategy would be necessary. To prevent stoppages, the Department of Justice embarked on a sweeping new effort—replacing gunmen with lawyers. The department systematically targeted the nation’s most radical and innovative union, the Industrial Workers of the World, also known as the Wobblies, resulting in the largest mass trial in U.S. history. In the first legal history of this federal trial, Dean Strang shows how the case laid the groundwork for a fundamentally different strategy to stifle radical threats, and had a major role in shaping the modern Justice Department. As the trial unfolded, it became an exercise of raw force, raising serious questions about its legitimacy and revealing the fragility of a criminal justice system under great external pressure.

Freedom in the World 2005 Freedom House,2005 Freedom in the World, the Freedom House flagship survey whose findings have been published annually since 1972, is the standard-setting comparative assessment of global political rights and civil liberties. The survey ratings and narrative reports on 192 countries and a group of select territories are used by policy makers, the media, international corporations, and civic activists and human rights defenders to monitor trends in democracy and track improvements and setbacks in freedom worldwide. Press accounts of the survey findings appear in hundreds of influential newspapers in the United States and abroad and form the basis of numerous radio and television reports. The Freedom in the World political rights and civil liberties ratings are determined through a multi-layered process of research and evaluation by a team of regional analysts and eminent scholars. The analysts used a broad range of sources of information, including foreign and domestic news reports, academic studies, nongovernmental organizations, think tanks, individual professional contacts, and visits to the region, in conducting their research. The methodology of the survey is derived in large measure from the Universal Declaration of Human Rights, and these standards are applied to all countries and territories, irrespective of geographical location, ethnic or religious composition, or level of economic development. Freedom House is a nonprofit, nonpartisan organization that supports democratic change, monitors freedom, and advocates for democracy and human rights.

Tweeting to Freedom Jim Willis,Anthony R. Fellow,2017-06-15 This book provides an insightful and comprehensive look at the issues regarding the use of the Internet and social media by activists in more than 30 countries—and how many governments in these countries are trying to blunt these efforts to promote freedom. The innovators who created social media might never have imagined the possibility: that activists living in countries where oppressive conditions are the norm would use social media to call for changes to bring greater freedom, opportunity, and justice to the masses. The attributes of social media that make it so powerful for casual socializing—the ability to connect with nearly limitless numbers of like-

minded individuals instantaneously—enables political activists to recruit, communicate, and organize like never before. This book examines three aspects of the use of social media for political activism: the degrees of media freedom practiced in countries around the world; the methods by which governments attempt to block access to information; and the various ways in which activists use the media—especially social media—to advance their cause of greater freedoms. Readers will learn how these political uprisings came from the grassroots efforts of oppressed and unhappy citizens desperate to make better lives for themselves and others like them—and how the digital age is allowing them to protest and call attention to their plights in unprecedented ways.

Super Freedom Trish Power, 2011-12-27 Super Freedom is just that a guide for women to super. This guide has a strong, aspirational focus on what superannuation can provide for women, regardless of their marital circumstances, age or even their current superannuation balances. For women it's not so much about the actual amount of super they have, but what they can do with it, eg travel, shop, live. Throwing aside the shackles of jargon and terminology, Trish Power's guide to superannuation for women, provides with women with everything they need to know about how much super they need, getting their super set up, how to increase their super balance, how to move into retirement, insurance and estate planning.

Mastering Endovascular Techniques George Geroulakos, Efthymios Avgerinos, Jean Pierre Becquemin, Gregory C. Makris, Alberto Froio, 2024-04-29 This book provides a detailed practically applicable guide to using the latest endovascular techniques. Chapters feature detailed step-by-step instructions on how to perform procedures relevant for instances of disorders including cerebrovascular disease, splachnic arteries, and aortic aneurysms. Multiple choice questions are provided throughout to enable the reader to identify the points covered. *Mastering Endovascular Techniques: Tips and Tricks in Endovascular Surgery* describes the latest endovascular methodologies and features detailed insight on how to apply these techniques into day-to-day clinical practice.

A Cause for Our Times Maggie Black, 1992 Maggie Black gives a wide-ranging, sometimes critical, account of Oxfam's first 50 years. In doing so, she projects Oxfam's own development against a backcloth of changing ideas in international affairs and charitable giving, of which its growth is both an inspiration and an expression.

It's Not You, It's the Dishes (originally published as Spousonomics) Paula Szuchman, Jenny Anderson, 2012-06-12 Your marriage is fine, right? Sure, there are showdowns over who unloads more dishes, and some simmering discontent over who drives more car pools, cleans more dust bunnies, and keeps the social wheels of your existence greased. The sex is good, though you can't remember when you last had it. Come to think of it, you're plagued by a nagging sense that marriage used

to be so much more fun. Marriage can be a mysterious, often irrational business. But the key, propose Paula Szuchman and Jenny Anderson in this incomparable and engaging book, is to think like an economist. We all have limited time, money, and energy, but we must allocate these resources efficiently. *It's Not You, It's the Dishes* is a clear-eyed, rational route to demystifying your disagreements and improving your relationship. Smart, funny, deeply researched, and refreshingly realistic, *It's Not You, It's the Dishes* cuts through the noise of emotions, egos, and tired relationship clichés to solve the age-old riddle of a happy, healthy marriage. Originally published as *Spousonomics*

Kirklin/Barratt-Boyes Cardiac Surgery James K Kirklin, Eugene H. Blackstone, 2012-10-26 Now in its 4th edition, *Kirklin/Barratt-Boyes Cardiac Surgery* remains your indispensable source for definitive, state-of-the-art answers on every aspect of adult and pediatric cardiac surgery.
