The Long Way Back Nicole Baart,2023-06-13 When an Instagram-famous teenager mysteriously disappears, her mother grapples with the revelation of dark secrets in this twisty, atmospheric thriller—from the author of the “poignant, riveting” (Wendy Walker, author of *Don’t Look for Me*) *Everything We Didn’t Say*. Mother and daughter Charlie and Eva never sought social media fame, but when a stunning photo of Eva went viral, fame found them. Now, after more than two years documenting life on the road in their vintage Airstream trailer, the duo has temporarily settled on the North Shore of Lake Superior. Eva is happily finishing her senior year of high school and applying to college, but Charlie longs for the adventures they left behind. When Eva goes missing less than a week before her graduation, it’s Charlie who is immediately suspected of foul play—not just by their fans, but also by the police and the FBI. As a fight about one more road trip comes to light, and the truth about their relationship is questioned, Charlie realizes the rosy facade they portrayed online hid a complicated and potentially dangerous reality. Now, to clear her name and find out what has happened to her daughter, she’ll have to confront her own role in Eva’s disappearance—and whether she knows her daughter at all.

Fantastic Creatures in Mythology and Folklore Juliette Wood, 2018-08-23 Drawing on historical sources, myth and folklore, *Fantastic Creatures in Mythology and Folklore* explores the roles of fantastical beasts - particularly the unicorn, the mermaid, and the dragon - in a series of thematic chapters organised according to their legendary dwelling place, be this land, sea, or air. Through this original approach, Juliette Wood provides the first study of mythical beasts in history from the medieval period to the present day, providing new insights into the ways these creatures continue to define our constantly changing relationship to both real and imagined worlds. It places particular emphasis on the role of the internet, computer games, and the cyberspace community, and in doing so, demonstrates that the core medieval myth surrounding these creatures remains static within the ever-increasing arena of mass marketing and the internet. This is a vital resource for undergraduates studying fantastic creatures in history, literature and media studies.
