Learn more about their culture, history, and lifestyle, and delve into the skaa underworld in an epic adventure!

Nobles: the Golden Mandate Logan Bonner, Alex Flagg, Shawn Carman, Will Hindmarch, John Snead, Monica

Valentinelli, Josh Vogt, Brandon Sanderson, 2023-09-18 In the Lord Ruler's Final Empire, blood is destiny. A skaa birth condemns you to a hard life of labor and service. A Terris birth marks you forever as an outsider, an uncomfortable reminder of a bygone era. To be born noble is to live at the peak of political and social power, blessed with the potential for Allomancy - but it also means a life of vicious politicking, ruthless competition, and the perpetual risk of betrayal and ruin. As a noble Hero, you face the same question as all who defy this grim order: do you have the courage to shrug off blood and destiny, to stand against the brutality of this world, and fight for a better future for everyone? Nobles: The Golden Mandate is the final supplement for the Mistborn Adventure Game. Developed in cooperation with Brandon Sanderson and Dragonsteel Entertainment, this book dives deep into the history and intrigues of Mistborn's most notable families, from the ten Great Houses who dominate the halls of power to the up-and-coming Lesser Houses that forever nip at their heels. This essential guide melds information from the novels with background developed for the Mistborn: House War board game to form a rich environment for storytelling in the cutthroat world of the Final Empire's nobility.

The Alloy of Law Brandon Sanderson, 2012-10-30 From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. Three hundred years after the events of

the Mistborn trilogy, Scadrial is now on the verge of modernity, with railroads to supplement the canals, electric lighting in the streets and the homes of the wealthy, and the first steel-framed skyscrapers racing for the clouds. Kelsier, Vin, Elend, Sazed, Spook, and the rest are now part of history—or religion. Yet even as science and technology are reaching new heights, the old magics of Allomancy and Feruchemy continue to play a role in this reborn world. Out in the frontier lands known as the Roughs, they are crucial tools for the brave men and women attempting to establish order and justice. One such is Waxillium Ladrian, a rare Twinborn, who can Push on metals with his Allomancy and use Feruchemy to become lighter or heavier at will. After twenty years in the Roughs, Wax has been forced by family tragedy to return to the metropolis of Elendel. Now he must reluctantly put away his guns and assume the duties and dignity incumbent upon the head of a noble house. Or so he thinks, until he learns the hard way that the mansions and elegant tree-lined streets of the city can be even more dangerous than the dusty plains of the Roughs. Examining the Evolution of Gaming and Its Impact on Social, Cultural, and Political Perspectives Valentine, Keri Duncan, Jensen, Lucas John, 2016-06-20 With complex stories and stunning visuals eliciting intense emotional responses, coupled with opportunities for self-expression and problem solving, video games are a powerful medium to foster empathy, critical thinking, and creativity in players. As these games grow in popularity, ambition, and technological prowess, they become a legitimate art form, shedding old attitudes and misconceptions along the way. Examining the Evolution of Gaming and Its Impact on Social, Cultural, and Political Perspectives asks whether videogames have the power to transform a player and his or her beliefs from a sociopolitical perspective. Unlike traditional forms of storytelling, videogames allow users to immerse themselves in new worlds, situations, and politics. This publication surveys the landscape of videogames and analyzes the emergent gaming that shifts the definition and cultural effects of videogames. This book is a valuable resource to game designers and developers, sociologists, students of gaming, and researchers in relevant fields.

Visiones contemporáneas de la fantasía épica Antonio Castro Balbuena, 2024-12-16 Contar historias va más allá de las palabras que las conforman. A partir de esta premisa, que marca la narratología de los últimos años, nace esta monografía con el objetivo de clarificar, dilucidar y explorar los rasgos de la fantasía épica contemporánea. Para ello, el punto de partida serán los rasgos principales de estas historias: los personajes, el espacio y el mito. Estas señales genéricas (o modales) marcarán tres visiones nacidas del hibridismo y la narratología, en las que se divide el libro. Primero, se planteará en una visión mitológica la pervivencia narrativa de los mitos y las leyendas, aquellos relatos de nuestros antepasados que son el origen literario de la fantasía épica actual, y que marcan en estas historias una división temporal narrativa. Segundo, se elaborará una visión multimodal a partir de los preceptos teóricos del género y, sobre todo, de la presencia de la fantasía épica en diferentes soportes artísticos como el cine, la televisión y el videojuego, pero también la ilustración, la inteligencia artificial generativa o la música. Y tercero, se indagará en una visión transmedial en busca de las conexiones entre diferentes historias y medios, ya sean escritas por sus autores originales o por la comunidad de fans, con especial hincapié en el videojuego de fantasía épica. Con este recorrido se busca comprender en toda su extensión la fantasía épica contemporánea, que pulveriza los límites del género literario para abrirse paso como un modo destinado a contar historias en cualquier soporte artístico.
