CEO Hubby Never Late Never Away FREE FIRE MARKET, “Excuse me, miss? Would you please marry me?” “Mister, we don’t even know each other! Widows Peek Renette Torres et al, 2013-05-08 *Widows Peek* shows you a magnified view of the unsettling life changes after the death of a husband through the eyes of nine courageous women who share their stories of love, loss and starting over. Being a widow has never been an everyday topic of conversation, but it should be. You will meet these widows who came together to share their personal experiences through intimate accounts, revealing powerful truths and profound discoveries that are inspiring enough to help any woman get through that horrible void. Although there is loneliness, we are not alone. We have learned that widowhood is a huge, life-altering, but growing experience. We also learned that there is no book written by a group of women for women that details the pain, sorrow, coping, and eventual recovery from the loss of a spouse. The need for such a book is apparent, a book that explores the lives of women transformed by widowhood, in which

we share our own unique way of dealing with the death of our loved one. These pages are written with real emotion, warmth, and even with unexpected humor. Not just anybody can be a widow; it can only and exclusively be a woman!

Masks, Misinformation, and Making Do Wendy Welch, 2023-01-24 The firsthand pandemic experiences of rural health-care providers—who were already burdened when COVID-19 hit—raise questions about the future of public health and health-care delivery. This volume comprises the COVID-19 pandemic experiences of Appalachian health-care workers, including frontline providers, administrators, and educators. The combined narrative reveals how governmental and corporate policies exacerbated the region's injustices, stymied response efforts, and increased the death toll. Beginning with an overview of the SARS-CoV-2 virus and its impact on the body, the essays in the book's first section provide background material and contextualize the subsequent explosion of telemedicine, the pandemic's impact on medical education, and its relationship to systemic racism and related disparities in mental health treatment. Next, first-person narratives from diverse perspectives recount the pandemic's layered stresses, including the scramble for ventilators, masks, and other personal protective equipment the neighbors, friends, and family members who flouted public-health mandates, convinced that COVID-19 was a hoax the added burden the virus leveled on patients whose health was already compromised by cancer, diabetes, or addiction the acute ways the pandemic's arrival exacerbated interpersonal and systemic racism that Black and other health-care workers of color bear not only the battle against the virus but also the growing suspicion and even physical abuse from patients convinced that doctors and nurses were trying to kill them These visceral, personal experiences of how Appalachian health-care workers responded to the pandemic amid the nation's deeply polarized political discourse will shape the historical record of this "unprecedented time" and provide a glimpse into the future of rural medicine. The Deep-Rooted Marriage Dr. Dan B. Allender, Dr. Steve Call, 2025-01-21 What if you could experience a marriage that is not just good, but truly life-giving? Therapists Dan Allender and Steve Call show how deeper intimacy can bring more healing and delight. Every relationship has its highs and lows, but we often don't know what to do with our lows, or how we ended up there. What is creating friction, exacerbating our pain, and standing in the way of intimacy? More often than not, it is the stories of our past drifting into the present. But if we are willing to look at them closely, we will be able to write a new story for the future. With more than seventy years of therapeutic experience combined, Dan Allender and Steve Call demonstrate how God is inviting you and your partner to a wild faith journey with the hope of transformation. With personal stories, key psychological insights, and practical advice, *The Deep-Rooted Marriage* will help you: Address past trauma, giving you greater courage and compassion to engage your present struggles. Disrupt cycles of conflict based on shame, judgment, and resentment. Create safety when feeling threatened and offer attunement, empathy, and honor toward differences. Adopt humility, honesty, kindness, curiosity, defiance against what divides, and intention to bless. Learn practices that cultivate emotional intimacy, generating new goodness between you and beyond you. Marriage is not about merely getting along or resolving conflict through compromise. It reveals who you are and invites you to who you can become. Marriage offers a space for you to experience what you are made for—honor and delight. And it is the ground from which redemption is meant to grow, where, together, you can reflect God's image more and experience a taste of heaven.

Fluid Iron Tony Day, 2002-08-31 *Fluid Iron* is the first extended treatment of state formation in Southeast Asia from early to contemporary times and the first book-length analysis of Western historical and ethnographic writing on the region. It includes critical assessments of the work of Clifford Geertz, O.W. Wolters, Benedict Anderson, and other major scholars who have written on early, colonial, and modern Southeast Asian history and culture. Making use of the ideas of Weber, Marx, Foucault, and postmodern and postcolonial theory, Tony Day argues that culture must be restored to the study of Southeast Asian history so that the state and historical developments in the region can be returned to their own alternative historical contexts and trajectories. He employs a wide range of contemporary scholarship, as well as Southeast Asian literary and historical texts, inscriptions, and temples to explore the kinds of concepts and practices--kinship networks, cosmologies, gender identities, bureaucracies, rituals, violence and aesthetics--that have been used for centuries to build states. Highly readable and accessibly written, *Fluid Iron* demonstrates that Southeast Asian state building has taken place in a part of the world that has always been a crossroads of cultural and transcultural change. Day urges Southeast Asians to learn more

about the history of their own state formations so they can safeguard not only human freedom, but also the incongruity of their unique region in the years ahead.
