It is a source of ideas that will encourage the reader to probe the soul of mankind and inspire others in moments of despair. Think for a minute of a cold winter night and what W.C. Fields said It aint a fit night out for man or beast. The Text on T-shirt read: How many roads must a man travel down before he admits he is lost. Everyday Useful Quotes will help you find yourself.

A Woman of Gold Robert W. Killick PhD,2024-06-20 Even after sixty-four years of marriage my friends tell me I am brave to write my wife's biography. However I have always worked on the principle that "fortune favours the brave" but anyway, what can go wrong? I mean, I don't forget the date of her birthday and where she was born! Well, I can recite the story of how she expertly handled the mundane, the challenging ups and downs, the unexpected, and inexplicable vagaries of life while balancing her roles as a wife, mother of three, grandmother of six, teacher, co-director of a chemical company, elder of her church, philanthropist and avid tennis player. Nevertheless we shall not forget Shakespeare's well-remembered

prayer put on the lips of Hamlet's guards: "Angels and ministers of grace, defend us ..." But yes, I will be brave, as Judy told me to be!

Youth, Risk, Routine Tea Torbenfeldt Bengtsson, Signe Ravn, 2018-10-03 Young people's lives continue to be the topic of public scrutiny and recurring 'moral panics'. Smoking cannabis, speeding, and engaging in street-level fights are depicted as activities based on 'poor choices' or simple hedonism, putting young people's futures at risk. Based on comprehensive, qualitative research with young people in Denmark, this book illustrates how such individualised accounts miss out on the inherently social character of risk-taking activities. Youth, Risk, Routine introduces a new approach to risk-taking activities as being an integral and routinised part of young people's everyday life. By applying social theories of practice, this insightful volume presents a framework for understanding the routinised dimensions of young people's engagement in risk-taking and how this is embedded in, intertwined with, and held in place by other everyday practices. Indeed, through extensive empirical analyses of the rich material at hand, the authors explore how routinisation, coordination, embodiment, and social context are central aspects for understanding how, why, and when young people engage in risk-taking practices. Youth, Risk, Routine will be of interest to students and scholars in sociology, criminology, and social work as well as wider social science audiences, particularly those interested in exploring the empirical potential of social theories of practice.

Film Quotations Robert A. Nowlan, Gwendolyn W. Nowlan, 2016-04-30 Certain lines define a movie. Marlene Dietrich in Morocco: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in I'm No Angel: "I'm very quick in a slow way." Jane Fonda in California Suite: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

The Sense of Quoting David W. Odell-Scott, 2018-07-17 In The Sense of Quoting, Odell-Scott argues that the neutral continuous script of ancient manuscripts of the Greek New Testament composed with no punctuation and no spacing provided readers discretionary authority to determine and assess the status of phrases as they articulate a cohesive and coherent reading of the script. The variety of reading renditions each differently scored with punctuation supported the production of quotations. These cultivated and harvested quotes while useful for authorizing sectarian discourse, rarely convey the sense of the phrase in the continuous script. Augustine's work on punctuating the scriptures in service to the production of plainer quotable passages in support of the rule of faith is addressed. Odell-Scott's textual analysis of a plainer quotable passage at verse 7:1b concerning male celibacy supports his thesis that plainer passages are the product of interpretative scoring of the script in service to discursive endeavours. To quote is often to misquote.

Sparrow's world begins to crumble around her and the only one that can stop the destruction is a soldier missing on the other side of the world. Job and Etta...soldier and mother. Mano a Mano--Quote, Unquote Dave Save,2008-03 *Mano a Mano* is a satirical story based on historical events in Zimbabwe, when Robert Gabriel Mugabe transformed himself from the much-loved Prime Minister to a controversial, polarizing figure. Millions of people have left Zimbabwe due to horrific economic times and widespread starvation. The villagers of Maze Wibb who remain behind have no choice but to rely on themselves in their fight for real independence-and soon discover that a good beginning does not guarantee a happy ending. Through sweat and blood, they build a school, hoping to secure a bright future for their children, but it soon becomes clear that the headmaster has other ideas. The book is divided into two parts: the first is a fictionalized account of true events, encompassing comprehensive descriptions of the narrator's life, his country, and his people; The second part weaves a variety of stories into one, creating a dialogue that provides an introspective look into the ways and customs of a culture across the world. This insightful novel is not just about an African country but about the strong and beautiful people who live within its borders and struggle to survive despite the appalling and dangerous conditions that surround them each day.

Illegal Leisure Judith Aldridge,Fiona Measham,Howard Parker,2013-10-23 *Illegal Leisure* offers a unique insight into the role drug use now plays in British youth culture. The authors present the results of a five year longitudinal study into young people and drug taking. They argue that drugs are no longer used as a form of rebellious behaviour, but have been subsumed

into wider, acceptable leisure activities. The new generation of drug user can no longer be seen as mad or bad or from subcultural worlds - they are ordinary and everywhere. Illustrated throughout with interview material, *Illegal Leisure* shows how drug consumption has become normalised, and provides a well-informed analysis of the current debate.

Come Home to My Heart Riley Redgate, 2025-05-06 Gorgeous in its sincerity and its precision—in its raw, honest depiction of what it feels like to be a gay teen in a world that says that you don't deserve a home. Gloria Forman and Xia Harper go to the same high school in a small South Carolina town, but they couldn't be more different. While Gloria is part of the popular, Christian crowd, Xia sleeps through class, antagonizes anyone who dares talk to her, and buries herself in books that help her pretend she's somewhere else—anywhere that being lesbian wouldn't be a waking nightmare. When the two form an accidental friendship, they begin noticing each other in ways they promised themselves they'd avoid. After all, Xia's isolation is self-imposed for a reason, and the last thing Gloria needs is more upheaval, especially after her parents kicked her out of the house for being gay. Ever since, she has spent her nights under the stage in the school auditorium and her days terrified of being discovered. Xia just wants to keep her head down until the end of senior year. Gloria just wants to

keep her living situation quiet until her parents come around. But as their feelings for each other intensify and the truths they've hidden work their way to the surface, what they truly want will change forever.

The Unsubstantial Air Samuel Hynes, 2014-10-21 The vivid account of the young Americans who fought and died in the aerial battles of World War I, told in their own words. The Unsubstantial Air is the gripping story of the Americans who fought and died in the aerial battles of World War I. Much more than a traditional military history, it is an account of the excitement of becoming a pilot and flying in combat over the Western Front, told through the voices and words of the aviators themselves. A World War II pilot himself, the memoirist and critic Samuel Hynes revives the adventurous young men who inspired his own generation to take to the sky. By drawing on the letters sent home, diaries kept, and memoirs published in the years that followed, he brings to life their emotions, anxieties, and triumphs. They gasp in wonder at the world seen from a plane, struggle to keep their hands from freezing in open-air cockpits, party with actresses and aristocrats, rest of Voltaire's castle, and search for their friends' bodies on the battlefield. The young pilots' romantic war becomes more than that—a harsh but often thrilling reality. Weaving together their testimonies, *The Unsubstantial Air* is a moving portrait of a generation coming of age under new and extreme circumstances. Praise for *The Unsubstantial Air* “Samuel Hynes is simultaneously a great gift to his complicated country and to our English language. He vividly brings to life our earliest air warriors and does so with a seemingly effortless but exhilarating prose that soars in much the same way his aviators do. Masterful.” —Ken Burns “A beautifully written evocation of the Ivy Leaguers, farm boys, and wild men who flew avions de chasse from (mainly) French airfields, based on their letters, flight diaries and memories.” —Roy Foster, *The Times Literary Supplement* Books of the Year (2014)

Puerto Rican Women from the Jazz Age: Stories of Success Basilio Serrano, 2019-08-29 The topic of this book may seem unusual to some since there may be those who believe that Puerto Rican women may not have entered the jazz milieu during its early history. Nevertheless, an aim of the book is to dispel this and other false generalizations. The contents of this volume will document how Puerto Rican women were not only present in early jazz but how they played trailblazing and innovative roles and contributed to the emergence of the genre in the States and abroad. This work will present information that is confirmable through a variety of sources. The book may not be the definitive work on the subject but will serve as a starting point to: -document the success and achievement of several Puerto Rican women from the jazz age -consider the different strategies used for success in jazz and film by women -illustrate the evolution of various careers -consider the different personal circumstances under which success was achieved -consider how women in contemporary jazz and film can learn from their predecessors -provide women: older, young, and youthful, examples of success with documentary evidence on how to achieve Book Organization The book is organized into sections that cover a brief history of significant Puerto Rican women in music and the performing arts followed by biographical descriptions of pioneering women in jazz and film. The

book also contains a brief discussion on Puerto Rican women in jazz today followed by a discussion surrounding issues affecting women in the arts today. Throughout the text there is commentary on the situations facing women, especially, male chauvinism, colonialism, racism, and anti-women prejudice in jazz. Every effort was made to include only facts that are easily confirmable. Unsupported tales or questionable events are avoided to ensure that the material contained in the volume can be used for teaching purposes and for curriculum development when credit is given to this work. In the process of developing the central theme of this volume, special effort was made to document those experiences where Puerto Rican women collaborate with members of the African American community to confirm how the cross-cultural collaboration resulted beneficial to both ethnic peoples. The book will detail the many instances where members of the African-American community assisted the fledgling Puerto Rican artists achieve success and stardom. Figures such as Helen Elise Smith, David J. Martin, Will Marion Cook, Ada 'Bricktop' Smith, Dr. Laurence Clifton Jones, and other distinguished African-Americans are described. My hope is that this information will be added to historic works in African-American Studies.
