Power Quotes Danai Krokou,2018-01-03 Would you fancy an intellectual vitamin mix that inspires and motivates you to greatness? Much has changed in the past decades. Genuine wisdom, though, has not. My aim through this book is to offer you the best bits of the best minds. I believe there is a quote for every situation or challenge life throws at us. Throughout human history, great leaders have used the power of words to transform our emotions, engage us in their causes, and shape the course of History. The quotes featured in this book are not your typical quotes. Thousands were evaluated and arranged by subject based on their relevance, originality, motivational power and depth of meaning. You will notice that certain quotes are a call to action while others an opportunity for contemplation. The book is divided into three main sections. Each section is introduced by personal theories on life, business and leadership. Theories I live and swear by. Power Quotes has been a great source of inspiration for me and helped change and shape my personal and professional life for the better. It is my hope that this book will have a similar impact on your life.

Blaming God R J Burton,2024-01-19 Faith can be shaken by trauma. R.J. Burton knows this well. As a young teen, she experienced abuse at the hands of an older man. The trial that ensued exonerated the perpetrator while condemning the victim in the eyes of her community, sending her into a spiral of doubt in herself, in God, and in supposedly Christ-loving people. Why do some followers of Christ judge and deny their brothers and sisters? How do misrepresentations of Christianity harm victims? Why does a supposedly just society perpetuate the revictimization of abuse survivors? And what does the concept of free will have to do with any of it? These are the questions R.J. tries to answer as she reflects on her life and embarks on a journey from faith lost to faith rediscovered—a journey that will resonate with other “faithful sinners” who may be questioning their own relationships with God.

Reclaiming Literacies as Meaning Making Kathryn Whitmore, Richard Meyer, 2020-04-15 Whitmore and Meyer bring together top literacy scholars from around the world to introduce the concept of manifestations: evidence of meaning making in literacy events, practices, processes, products, and thinking. Manifestation are windows into literacy identities, and serve as affective and sociocultural signifiers of learners' understanding at a point in time and in a specific context. The volume reclaims progressive spaces for understanding reading, writing, drawing, speaking, playing, and other literacies. It grounds manifestations of literacies in the discourse of meaning making and demonstrates how literacy learners and educators are active agents in this complex, social, political, emotional, and multimodal process. Ideal for preservice teachers, graduate students, and researchers in literacy education, this book shifts the conversation away from treating literacies as acquired commodities and illustrates how educators engage with learners to deepen understanding of literacy learners' experiences. Organized by five pillars of literacy—teaching, learning, language, curriculum, and sociocultural contexts—each section covers critical and cutting-edge topics and offers examples, tools, and strategies for research and practical applications in diverse classroom settings. Each chapter includes a range of examples and is followed by a short, complementary reading extension to engage the reader.
