

12 Biochemic Tissue Salts

Colin Griffith

12 S Scott Jr.,2023-06-20 In this book, we will explore the origins and significance of the number twelve, examining why it has been used as a foundation for so many different systems, beliefs, and traditions. From the number of constellations in the zodiac to the number of imams in the Shia Muslim tradition, we will delve into the diverse range of contexts in which twelve has played a significant role. Furthermore, we will explore how cultures from around the world have incorporated the number twelve into their respective belief systems, giving rise to myths, legends, and stories that continue to capture our imagination. We will also explore how this number has been used in scientific and mathematical fields to describe complex phenomena, from the number of musical notes in an octave to the number of elements in the periodic table. Ultimately, this book seeks to shed light on the enduring significance of the number twelve, offering insights into its manifold roles as a foundation in various aspects of our lives. From its ancient origins to present-day uses and beyond, twelve serves as a powerful reminder of how numbers continue to shape our world and the meanings we assign to them.

12 Essential Minerals David R. Card,2011-12-13 A short, simple and readily-accessible summary of the internal and external therapeutic uses of the 12 essential tissue salts, commonly called “cell salts.” The use of cell salts to treat a wide variety of health-related conditions has been extremely popular in Europe (especially in Germany) for many years. Today, there is widespread and growing interest in this branch of homeopathic treatment in the U.S., as evidenced by the inclusion of these twelve cell salts in special displays in health food stores across the country. Much of what has been previously written on cell salts is in archaic medical language. Dave Card’s new book is different. He explains cell salts in a comprehensive fashion, yet simply, and in modern language; gives clear instruction in how to use cell salts, and supplies extensive lists of various disease- or imbalance-conditions that can be helped by cell salt supplementation. A section on the external uses of cell salts, something rarely presented in the English language, is also included. Contains a correspondence between the twelve signs of the zodiac and the use of each of the twelve different cell salts. The book is clearly indexed. “Dave Card’s books have been a great tool in my own practice.”-Cesar Diaz, M.D., Family Practice/ Natural Medicine “Cell salt supplementation has dramatically increased the general overall health and vitality of my clients.”-Christopher Noel, Licensed Massage Therapist

Anti-ageing Tissue Salts Margaret Roberts,2016-10-07 Tissue salts are minerals that our bodies need to ensure optimal

health. They are found in the Earth's rocks and soil, and in food that is grown organically in mineral-rich soil. Considered to be the basic constituents of our bones, blood, organs and muscles, they are easily absorbed by the human body, with no side-effects. In this book, Margaret Roberts draws on decades of experience to advise readers on using the 12 key tissue salts to slow the ageing process, promote vitality and enhance health. Each tissue salt is presented in its own chapter, with tips on treating specific ailments; and advice on increasing the intake of the salts through the diet. An ailment chart is included for quick reference. An indispensable guide for anyone interested in health, wellness, and using natural remedies to ease the effects of ageing.

The Practical Handbook of Homeopathy Colin Griffith, 2012-01-01 Increasingly, people are turning to homeopathy and they're eager to know more about what's safe and effective. They'll find the trustworthy, comprehensive, and user-friendly advice they're seeking in this supremely practical handbook. It answers all the most frequently asked questions, explaining exactly how homeopathic remedies work, which to choose for specific ailments, and when to call a professional. A huge section is devoted to different aspects of health, starting with accidents and emergencies, and proceeding through every facet of physical and psychological care. Of special interest: a list of 50 commonly needed remedies for acute conditions that can be safely kept in the house and how to store them. With information on diagnosis, treatment, prevention, and cure, this is an invaluable addition to every home.

Homeopathic Pharmacy Steven B. Kayne, 2006-01-01 This 2nd edition gives every health professional and pharmacist the broad information they need to dispense and counter-prescribe homeopathic methods with confidence. Designed as both a complete source of initial information and an everyday reference, Homeopathic Pharmacy provides detailed information on the procedures, principals, and applications that are essential in the practice of homeopathic medicine. It describes the application of homeopathy for both general situations, such as first aid, dentistry, sports care, and pet care, and for specific situations, such as allergies, infections, and teenagers' problems. Details procedures relevant to pharmacists and other health professionals - including manufacturing, dispensing, and counter-prescribing. Outlines the theoretical principles of homeopathic prescribing. Describes the application of homeopathy for both general and specific situations. Provides easy-to-use reference tables for 60 common remedies and the symptoms related to their prescription. Critically reviews important research papers and provides a guide to designing research tools. Discusses the legal status of homeopathic remedies. Gives an account of the historical development of homeopathy in Europe and beyond. Contains practical information such as homeopathic pharmacopoeias, methods of preparation of homeopathic medicines, nomenclature for potencies, dosage forms, and interpreting, dispensing, and pricing prescriptions. Covers new developments in pharmacy. Section on research expanded and improved, taking a more evidence-based approach. Fully updated legal section incorporates legal status in the USA, Canada, and Europe.

Tissue Salts for Healthy Living Margaret Roberts,2011-08-26 Tissue Salts are a group of 12 minerals that should be present in our bodies to ensure good health and well-being. These salts are found naturally in the earth's rocks and soil, and are present in food grown organically in mineral-rich soils. This fascinating book explains how the 12 tissue salts (each presented in its own chapter) can be used to supplement our diet, not only to promote good health but also to treat specific ailments. It details how we can boost our intake of these salts both with tablets or drops, and by eating appropriate fruit and vegetables. The book ends with an 'Ailment chart' for quick referencing. In her easy, down-to-earth manner, Margaret Roberts laces her advice with case studies and personal anecdotes. For anyone interested in boosting or maintaining their health by natural means, this is an indispensable guide.

The Man Who Defeated His Death Vastav,2020-08-01 It is an Inspirational and informational Biography of Mr. Nandalal from India, a simple family man who transformed himself from a Chronic Patient to a Therapist. It all started in early 1990's when he was seriously affected by a deadly disease and Doctors declared that he doesn't have more than 2-3 months. Being an ordinary graduate, he could not do anything to save himself but he decided not to die and started searching for cure of his disease. With his toughness to fight and his abilities to learn anything, he found remedies to the symptoms of his disease, one

by one when he started studying various therapies like Biochemic Tissue, Homeopathy, Naturopathy, Ayurveda and Various other therapies like Acupuncture etc. With his vast research in Hatha Yoga he also learnt various ancient techniques and cured himself in few years completely, also started treating various other chronic patients on their request and saved hundreds of them in two decades, who had lost hope of curing. This Book Presents his Journey, knowledge and inventions, which shows a wonderful path to everybody to save themselves and their loved ones through the greatest methods, which were not known to us till date.

Homeopathy Medicine for (Better Health) Ram Babu Sao, 2025-06-28 The book Homeopathy Medicine for (Better Health)" is a very fascinating and yet an exasperating book. Please note, that if there is any serious injury or trauma to the eyes, then professional help should be sought. These remedies are for simple, non-complicated eye problems. If the problem persists, please visit your eye doctor or obtain emergency care. Its simplicity, its vastness and its apparent similarity of symptoms in different drugs throw a tremendous challenge to the People. The author says that there is no royal road to a perfect understanding of Homeopathic treatment. One can realize its vast extent of diseases and guiding symptoms. In its present compact form it contains the maximum number of reliable Homeopathic facts in the minimum space. This book provides insight into the principles in homoeopathic practice supported by clinical references all throughout. An account of remarkable relief's from ill health and miraculous cures affected further justifies its superiority over other fields of medicine and the need for propagation of the nature's way of healing. In this scientific era of health consciousness, the time has come that for the treatment of any disease, which does not respond to any particular line of treatment, one must take a homeopathic opinion immediately. Often patients lose their early time going to one specialist to another helplessly, without permanent relief, and approach homeopathy only when other medicines fail.

Psionic Medicine J H Reyner, 2011-12-31 Psionic Medicine heralds the dawn of a new era in medical practice, with health-maintaining and curative potentials that are a significant addition to the repertory of treatment developed in biochemical medicine. In Psionic Medicine the critical factor is not chemistry and surgical intervention - though such methods remain indicated in some cases - but subtle 'informational' inputs that affect the patient's biofield. The book in the hands of the reader provides a remarkably clear and concise overview of what psionic medicine is, how it works, and why it deserves the kind of attention that presently only molecular and genetics-based breakthroughs are accorded. It merits serious and urgent attention by the general lay public and the medical professionals alike.
