

# **Antecedentes Filosoficos De La Psicología**

**Catalina Harrsch Bolado**

*Historia de la psicología* Carlos Santamaría,2018-05-16 La Psicología ha pasado en pocos años de ser un pasatiempo interesante para algunos profesores del departamento de Filosofía, a convertirse en una profesión de gran demanda social y una ciencia bien establecida. Este libro es testigo de ese extraordinario proceso. El libro hace hincapié en el desarrollo de la psicología a partir de su consolidación como disciplina independiente. No obstante, se dedica un capítulo a los principales problemas filosóficos que dieron origen a la concepción actual de la psicología. Estos problemas, relacionados con la naturaleza y adquisición del conocimiento por parte de los seres humanos, y con la relación entre las funciones y estructuras corporales y las operaciones mentales guían en gran medida la exposición de todos los capítulos a lo largo del libro. Es por lo tanto este libro una historia de los problemas psicológicos que han preocupado al ser humano a lo largo del tiempo, y de las ideas surgidas en cada época como respuesta a dichos problemas. El tono didáctico de la exposición hace de este libro una adecuada introducción al estudio de la historia de la psicología y las ideas psicológicas para cualquier persona interesada en estos asuntos.

*Historia de la psicología* Milagros Sáiz Roca,Blanca Anguera Domenjó,Cristina Civera Molla,Gonzalo de la Casa Rivas,2011-07-30 La Psicología como disciplina científica ha recorrido ya un largo camino. El Manual presta atención en su narración a los contextos y circunstancias que envolvieron el surgimiento de esta disciplina en distintos países.

**Antecedentes Filosóficos de la Psicología** HUMA- FILO,Steven Hawthorne,2020-01-20 Este libro plantea el nacimiento de la Psicología desde una perspectiva histórica. Entender los conceptos propios de esta disciplina desde su origen, sin asumir un conocimiento previo. Es necesario para un psicólogo recordar los problemas que impulsaron el establecimiento del estudio de la psique, porque estos problemas tienden a reaparecer y repetirse. Índice: 1.Introducción. 2.¿Qué es la psicología? 3.Queridos griegos. a.Platón y las ideas innatas. b.De Anima. Aristóteles. c.La filosofía como terapia. 4.Edad Media, Renacimiento, Reforma. 5.La Edad Moderna. a.Racionalismo. Descartes. b.El empirismo británico. c.David Hume. d.Inmanuel Kant. e.John Stuart Mill.

**Historia y sistemas de la psicología** James F. Brennan,1999

**HISTORIA DE LA PSICOLOGÍA** LAFUENTE NIÑO Enrique ,LOREDO NARCIANDI José Carlos ,CASTRO TEJERINA Jorge ,PIZARROSO LÓPEZ Noemí ,2017-02-02 Este manual está ideado para servir de texto básico para la asignatura de

Historia de la Psicología, y proporciona claves para entender cómo esta disciplina se ha ido constituyendo en el tiempo hasta configurar el panorama contemporáneo. El relato toma la figura de Wilhelm Wundt y la creación del primer laboratorio de psicología experimental como eje organizador de los contenidos. A través de ellos se identifican algunos elementos decisivos del pensamiento filosófico y científico que precedieron a la sistematización wundtiana. El manual presenta también las principales perspectivas y escuelas surgidas inmediatamente después de la institucionalización de la Psicología, a finales del siglo XIX y principios del XX, entre las que se destacan las alternativas funcionalista, psicoanalítica y gestáltica. En continuidad con ellas, se realiza asimismo un recorrido por las orientaciones que terminarían dominando la escena contemporánea, que se han agrupado bajo las habituales etiquetas de Conductismo, Cognitivismo y Constructivismo. Profesores de Historia de la Psicología en la Facultad de Psicología de la UNED, los autores de este libro tienen además una larga trayectoria investigadora en la materia a sus espaldas. Cada uno de ellos ha procurado aportar sus particulares conocimientos a los capítulos que resultaban más cercanos a sus propios intereses de investigación. El resultado final es un trabajo de autoría colectiva, coordinado e integrado, que aspira a introducir fácilmente al alumno en el pasado de la Psicología sin renunciar por ello a dejar constancia de la complejidad y controversias que lo caracterizan.

Psicología Carole Wade,2003 Psicología

Historia, Filosofía y Epistemología de la Psicología ,1998

**Temas de filosofía de la psicología** Liza Skidelsky,Diego Lawler,Diana Pérez,2017-11-14 Los primeros tres artículos se ocupan de temas de la filosofía de la ciencia cognitiva. Estos trabajos muestran la diversidad de ámbitos en los que la reflexión filosófica no solo puede clarificar problemas sino aportar tesis sustantivas en relación tanto con cuestiones más generales como la arquitectura cognitiva, y la relación entre el nivel cognitivo y el neuronal, como con cuestiones más específicas como los enfoques acerca de determinadas capacidades cognitivas. En la literatura filosófica y psicológica de los últimos años, se ha desarrollado una variedad de propuestas teóricas de las que se ocupan estos trabajos. Entre ellas se encuentran los nuevos enfoques por la Psicología de Sentido Común, que en conjunto con nuestros conceptos psicológicos adquiere el nombre de "Psicología Folk", que debaten con las posiciones tradicionales; la teoría de la simulación, que se debate si es una explicación correcta o adecuada para las habilidades mentalistas, si resulta bastante sensato suponer que la imaginación juega un rol central en las emociones que experimentamos mientras contemplamos ficción; la noción de la autoridad de primera persona ha sido un asunto muy debatido en discusiones recientes sobre el autoconocimiento. Esta noción se refiere a la autoridad que las personas manifiestan cuando informan sobre sus estados mentales, como creencias, deseos, intenciones y ciertas sensaciones y, Davidson: monismo, experiencia y autoconocimiento

**Fundamentos de psicología** José Luis Prieto Arroyo,José Luis Martorell Ypiens,2002-07-25 Este libro de iniciación a la psicología, proporciona una idea general de los distintos contenidos de la psicología: El conocimiento psicológico Teoría y

modelos psicológicos Procesos psicológicos y personalidad Psicología aplicada Está especialmente pensado para los alumnos del curso de acceso que quieran iniciarse en esta disciplina, pero también su lectura es muy clarificada para el profano en la materia.. interesado en la psicología.

**Filosofia. Vol. Ii: Antropologia, Psicologia Y Sociologia. Profesores de Enseñanza Secundaria. Temario Para la Preparacion de Oposiciones. Ebook ,2000-02-03**

Identidad del psicologo Catalina Harrsch Bolado,2005 El estudio de la psicología constituye una alternativa para quienes están profundamente entusiasmados y comprometidos con el crecimiento como ser humano, con la estructuración de la personalidad individual y social, así como con el proceso de ser la persona que se es. Esta obra es resultado de un esfuerzo sintetizador de aspectos clave para el conocimiento de la psicología y del ejercicio profesional del psicólogo. La autora ofrece un panorama informativo sobre el desarrollo de la ciencia; aporta elementos formativos para la toma de conciencia, la cual debe estar encaminada a lograr su identidad como profesional. También propone un modelo de desarrollo para el logro de la identidad profesional del psicólogo y de su rol como agente de cambio social.

**Trasfondo filosófico en la Psicoterapia Integradora Humanista** Ramón Rosal Cortés,2022-07-18 La mayoría de los psicólogos científicos y de los psicoterapeutas tienen como punto de partida convicciones filosóficas sin ser conscientes de ellas, ni de sus fundamentos. Durante veinticinco siglos, desde los tiempos de Platón y Aristóteles, fueron siempre filósofos los que investigaron las cuestiones y los problemas psicológicos. En 1879 Wilhelm Wundt y William James, tras años de dedicación a la Antropología y Psicología Filosófica, inauguraron la investigación científica en Psicología. Ambos integraban sus convicciones filosóficas y su quehacer de laboratorio. Pero posteriormente, la generalidad de los psicólogos que se dedicaron a la investigación científica obviaron plantearse la metateoría implicada en ella. El autor propone la conveniencia de que estos investigadores en Psicología sean conscientes de sus convicciones filosóficas inconscientes y que se pregunten por qué las consideran verdaderas. Como creador -junto con Ana Gimeno-Bayón- del modelo de la Psicoterapia Integradora Humanista, ofrece aquí una primera serie de presupuestos filosóficos implicados en dicho modelo. Sobre ellos ha podido identificar antecedentes en los filósofos ARISTÓTELES, DILTHEY, BERDIAEV, JASPERS, LANGER, CASSIRER, ZUBIRI, ORTEGA Y GASSET, CENCILLO, PÁNIKKAR, von BERTALANFFY, BUNGE, LAÍN ENTRALGO y TRESMONTANT. En otro volumen espera referirse a Bachelard, Bergson, Ferrater Mora, Husserl, W.James, Maréchal, Merleau-Ponty, Popper, Scheler, Solomon, Tomás de Aquino y Whitehead. Este libro espera aportar: a quienes practiquen el modelo, conciencia de la concepción del ser humano que implica; y a quienes son ajenos al mismo, preguntas sobre el trasfondo filosófico de su propio quehacer terapéutico.

**Principios de psicología** José Ingenieros,1916

La enseñanza de la psicología en programas de pregrado en Colombia Sonia Carrillo,Karen Ripoll,2024-03-01 El objetivo

principal de la exhaustiva investigación que recogen estas páginas es ofrecer una descripción comparativa de las características de la enseñanza de diversas asignaturas de Psicología en el país. En particular, se seleccionaron asignaturas en tres áreas de formación específicas que corresponden a las propuestas en el Modelo Bogotá para la formación de psicólogos a nivel de pregrado (formación básica, investigativa y profesional). Un equipo de psicólogos expertos en las respectivas áreas de enseñanza lideró los procesos de recolección y análisis de la información y son estos mismos expertos quienes escribieron los capítulos que componen el libro. Otro objetivo, no menos relevante, es que los hallazgos de la investigación motiven a los lectores a reflexionar sobre el quehacer docente en su especialidad y a plantearse preguntas de investigación sobre cómo mejorar la calidad de la formación en Psicología en Colombia y quizás también en la región latinoamericana. Hace un llamado a los directores de departamentos y decanos de facultades de Psicología a promover un diálogo en sus instituciones educativas sobre la importancia de una enseñanza de la Psicología que conduzca a establecer y consolidar una cultura que reconozca y estimule la importancia de la investigación sobre docencia en sus contextos educativos.

*História Da Psicologia Moderna* C. James Goodwin, 2005

**Principios de psicología biológica** José Ingenieros, 1918

Psicología crítica David Pavón-Cuéllar, 2019-09-01 En el presente libro se efectúa una veloz exploración de la psicología crítica. David Pavón-Cuéllar ofrece un texto que sirve simultáneamente como estudio introductorio, esbozo analítico, recorrido histórico, visión panorámica y mapa orientador para los interesados en el tema. Después de reflexionar acerca de lo que es la psicología crítica, se reconstruyen sus antecedentes en la especulación filosófica y en la discusión política. En seguida se presentan algunos aportes de Lev Vygotsky y Georges Politzer, el freudomarxismo, la Escuela de Fráncfort y la corriente psicológica radical. A continuación, tras examinar la huella del althusserianismo en críticos de la psicología como Michel Pêcheux, Didier Deleule, Carlos Sastre y Néstor Braunstein, el autor aborda tres paradigmas de la psicología crítica en el último cuarto del siglo XX: el foucaultiano, el de la escuela de Holzkamp y el posmoderno social-crítico socioconstrucciónista, relativista y discursivo o colectivo de Rom Harré, Kenneth Gergen, Jonathan Potter y otros. El recorrido histórico termina con una valoración de la crisis del posmodernismo, patente desde finales del siglo XX, y con una consideración de las dos alternativas realistas críticas que el autor juzga más importantes para el siglo XXI: por un lado, en Latinoamérica, la psicología de la liberación y la social comunitaria; por otro lado, en el ámbito británico, la opción de Ian Parker. En un balance de la actualidad, se consideran las grandes orientaciones teóricas actuales en las que desembocan las tradiciones revisadas. Por último, para mostrar la vigencia de la politización de la psicología crítica, se comentan sus posiciones anticapitalistas, antirracistas, anticoloniales, antipatriarcales y antinormativas.

**Psicología del Desarrollo Humano, aproximación a su dinámica en el contexto de las primeras relaciones**

**interpersonales** Martín Carranza,2009 Trabajo Universitario del año 2009 en el tema Psicología - Psicología social, Nota: Licenciatura, Pontificia Università Gregoriana (Istituto di psicologia), Materia: Psicología del desarrollo humano, Idioma: Español, Resumen: [...] Sirva lo dicho como marco general de este esbozo, cuyo objetivo es más humilde. Sin perder de vista el horizonte del hombre como misterio intentaré solamente hacer algunas consideraciones sobre su desarrollo psicológico (capítulo 1) prestando luego particular atención a las afirmaciones de diversos autores sobre las fuerzas que lo motivan (capítulo 2) y deteniéndome finalmente en las diversas teorías de las relaciones objetuales (capítulo 3) y, de modo particular, en la descripción de las etapas del desarrollo postuladas por Otto Kernberg en el contexto de esta teoría (capítulo 4). Más que un trabajo profundo de análisis, el presente pretende ofrecer una cierta síntesis, capaz de ordenar algunas ideas sobre el tema del desarrollo. Soy consciente de que lo que se dirá puede provocar más preguntas y pistas para una profundización que la sensación de estar ante un tema donde todo es 'claro y distinto'. Comencemos entonces nuestro camino tratando de no ser merecedores del enigmático reproche de Heráclito: los hombres no han llegado al conocimiento de este logos que ha existido desde siempre... pues viendo todas las cosas a la existencia según este logos, los hombres parecen gentes inexpertas, cuando ensayan palabras y actos... distinguiendo cada cosa según su naturaleza y expresando cómo es.

Psicología de la Emoción Enrique García Fernández-Abascal, Beatriz García Rodríguez, María Pilar Jiménez Sánchez, María Dolores Martín Díaz, Francisco Javier Domínguez Sánchez, 2010-01-07 Libro de texto adaptado al nuevo grado en psicología.

### Antecedentes Filosoficos De La Psicologia Introduction

In today's digital age, the availability of Antecedentes Filosoficos De La Psicologia books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our

own homes or on the go. This article will explore the advantages of Antecedentes Filosoficos De La Psicologia books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Antecedentes Filosoficos De La Psicologia books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Antecedentes Filosoficos De La Psicologia versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Antecedentes Filosoficos De La Psicologia books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Antecedentes Filosoficos De La Psicologia books

and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Antecedentes Filosoficos De La Psicologia books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Antecedentes Filosoficos De La Psicologia books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips.

With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Antecedentes Filosoficos De La Psicologia books and manuals for download and embark on your journey of knowledge?

### **FAQs About Antecedentes Filosoficos De La Psicologia Books**

1. Where can I buy Antecedentes Filosoficos De La Psicologia books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
