As Above, So Below Rudy Rucker, 2025-03-14 Peter Bruegel's paintings---a peasant wedding in a barn, hunters in the snow, a rollicking street festival, and many others---have long defined our idea of everyday life in sixteenth century Europe. They are classic icons of a time and place in much the same way as Norman Rockwell's depictions of twentieth-century America. We know relatively little about Bruegel, but after years of research, novelist Rudy Rucker has built upon what is known and has created for us the life and world of a true master who never got old. In sixteen chapters, each headed by a reproduction of one of the famous works, Rucker brings Bruegel's painter's progress and his colorful world to vibrant life, doing for Bruegel what the best-selling *Girl with a Pearl Earring* did for Vermeer. We follow the artist from the winding streets of Antwerp and Brussels to the glowing skies and decaying monuments of Rome and back. He and his friends, the cartographer Ortelius and Williblad Cheroo, an American Indian, are as vivid on the page as the multifarious denizens of Bruegel's unforgettable canvases. Here is a world of conflict, change, and discovery, a world where Carnival battles Lent every day, preserved for us in paint by the engaging genius you will meet in the pages of *As Above, So Below*. As Above, So Below Gina Konstantopoulos, Shana Zaia, 2021-09-08 This volume addresses the nexus of religion and geography in the ancient Near East through case studies of various time periods and regions. Using Sumerian, Akkadian, and Aramaic text corpora, iconography, and archaeological evidence, the contributors illuminate the diverse phenomena that occur when religion is viewed through the lenses of space and place. Gina Konstantopoulos draws upon Sumerian literature to understand mythicized and semimythicized locations. Seth Richardson and Elizabeth Knott focus on the Old Babylonian period, with Richardson addressing the interplay between law, location, and the gods, while Knott turns from text to image, relocating the reader to Syria and realizing the potential of royal iconography when situated in the "right" space. Shana Zaia moves forward to the first millennium, following the capital of the Neo-Assyrian Empire as it shifted from city to city, with divine implications. Finally, Arnulf Hausleiter and Sebastiano Lora focus on northwest Arabia, unearthing a local pantheon and situating it among the various influences in the region from the second millennium onward. Covering a broad geographical and temporal scope while maintaining a cohesive focus on the theme, this book will appeal especially to Assyriologists, scholars of the ancient Near East, and specialists in historical geography.

As Above, So Below: A Hermann Horst Mystery Ingram Hargrave, 2023-10-05 Reader's Favorite 5-Star Review Seal Recipient "This book sucks you right into the pages and you become an invisible participant in the action." "A fantastic read! Ingram Hargrave has produced a masterful historical mystery with his debut novel." "I wouldn't hesitate to recommend it to fans of suspense and intrigue everywhere." "Fascinating characters. Wonderfully well written." Perfect for fans of Agatha Christie's classic murder mysteries, Vienna Blood by Frank Tallis, The Cloisters by Katy Hays, and followers of William Kent Krueger. At twenty-eight, Hermann Horst is the youngest professor of philosophy to grace the marble corridors and richly paneled lecture halls of Austria-Hungary's esteemed University of Vienna. The charismatic young professor's success has been driven in part by personal tragedy: the mysterious death of his only sister. Her fatal obsession with divination and the occult has placed Hermann on a course to scientifically and logically explain the psychology of the occult and those who believe in supernatural powers. The university affords Hermann the resources needed for his research, albeit under the guise of his sanctioned academic coursework. When a letter arrives from Senior Inspector Orczy Géza of the Budapest Gendarme asking for Hermann's help in a murder investigation, Hermann jumps at the opportunity to put his research into practice. The investigation centers on Schattenturm, Shadow Tower in German, an extravagant Neo-Gothic estate built atop the ruins of a medieval fortress. The body of the estate's gardener was found with an ancient war hammer lodged in the back of his skull, at the center of the swirling maze that surrounds the castle's mausoleum. Géza's investigation has been stalled by superstition surrounding the castle: a legend that ghosts and the devil are at work to drive out the family who recently acquired Schattenturm. A convenient story to assist a murderer perhaps, but one that has derailed Géza's efforts all the same. Géza is a no-nonsense veteran of conflicts in Bosnia, but he's at his limit with this investigation and he'll have to learn to trust and confide in Hermann's mentalist methods and knowledge of the occult if the investigation, and his career, are to

be saved. The current owners of Schattenturm, the Baum family, acquired the castle under unscrupulous circumstances after establishing a coal mine in the town nearby that exploits the locals and robs the countryside of its peace and beauty. The displaced aristocratic owners, the von Voitsbergs, are still very much a factor in the estate's realm. Hundreds of years of ownership and rule over the area are not easily forgotten, nor has the loss of their dark romantic home been amicably accepted. A handful of long-term servants know everyone's secrets and are willing to take them to the grave, though not necessarily to their own. What lies beneath the black stones of Schattenturm, from the catacombs of the von Voitsberg crypt to terrible acts kept secret for decades, has destroyed lives. The secrets uncovered and the nature of the victim will shake Hermann and the readers, forcing them to question the morality of murder itself and whether some crimes should ever be forgiven.

As Above, So Below timothy squires,

The Promise of God as Above in Heavens so Below on Earth Joseph Sener, 2020-01-05 We are earthen vessels for the Creator God. His light shines on us with the seven candlesticks of the menorah from above with star lights keeping the cross of Christ in our hearts so that what is as above is also with us below. God wants us to live life in peace and to depart in fullest capacity, rejecting evil. He may appear slow in anger, but He is rich in blessings and forgiveness. We exist in creation with our souls and spirits wearing organic and inorganic matter. We are most virtuous and worthy. We live in matter but apart from matter with a yearning to know the Creator who does not dwell in matter. With our devoted practices in religions, we try to come close to adorn Him, and with our rigor in science, we try to discover Him. His presence cannot be found upon by us from the lower three dimensions where we live on earth. Our searching methodologies and equations have no meaning unless they express the thoughts of Almighty God who dwells in the higher, nonmaterial, seven dimensions above, residing below on earth. A designed, predetermined time on earth is approaching steadily. We will be transformed, and we shall proclaim, As below on earth so above in the heavens, and as above in the heavens so below on earth. All are one, unified together, integrated under the divine will of God as ONE. His mysterious, three-dimensional universe is beyond extraordinary. It is full of natural lights coming from His stars, the seven bright stars of His constellations. The supernatural lights of the higher seven dimensions are behind them to maintain their existence. Together they make the tree of divine

dimensions. They all will manifest in the Millennium Age to deliver the new heavens with the new earth to initiate the New World for humanity. The heavens and earth will be one under the Creator of all, God in His holy triduum.

An Illustrated Guide to The Lost Symbol John Weber, 2009-12-08 Rich in world history and political power, veiled in secrecy, and rife with rituals and arcane symbols -- from art and architecture to the images that adorn our currency -- the Freemasons arose from ambiguous origins centuries ago to play a major role in drafting the initial documents of the United States, and even in constructing the intricate landscape of Washington, D.C., itself a virtual mystery by design. These puzzles lay the foundation for Dan Brown's serpentine thriller, *The Lost Symbol*, and also raise provocative questions. Why do some Masonic symbols remain obscured, while others are hidden in plain sight? Which presidents were the embodiments of Masonic ideals? What is the significance of the construction of the Library of Congress, Washington National Cathedral, the Washington Monument, the Capitol, and the physical layout of Washington, D.C.'s roadways and cul-de-sacs? And to what secretive end do they all lead? Now millions of curious fans can follow Robert Langdon step-by-step, and discover for themselves the answers to the absorbing conundrums posed by *The Lost Symbol* in this comprehensive, fully illustrated, and intricately detailed tour of the arcana of Washington, D.C. It takes readers through the enigmatic codes, captivating trivia, unfathomable riddles, intriguing records, historic maps, ciphers, and conspiracies of the phenomenal bestseller. What's more, it reveals the fascinating details of a world of unknown locales, mysticism, intrigue, and secret societies -- all of which lie in the shadow of *The Lost Symbol*.

Tree of Souls Howard Schwartz, 2004-11-01 The first anthology of Jewish mythology in English, *Tree of Souls* reveals a mythical tradition as rich and as fascinating as any in the world. Drawing from the Bible, the Pseudepigrapha, the Talmud and Midrash, the kabbalistic literature, medieval folklore, Hasidic texts, and oral lore collected in the modern era, Schwartz has gathered together nearly 700 of the key Jewish myths. The myths themselves are marvelous. We read of Adam's diamond and the Land of Eretz (where it is always dark), the fall of Lucifer and the quarrel of the sun and the moon, the Treasury of

Souls and the Divine Chariot. We discover new tales about the great figures of the Hebrew Bible, from Adam to Moses; stories about God's Bride, the Shekhinah, and the evil temptress, Lilith; plus many tales about angels and demons, spirits and vampires, giant beasts and the Golem. Equally important, Schwartz provides a wealth of additional information. For each myth, he includes extensive commentary, revealing the source of the myth and explaining how it relates to other Jewish myths as well as to world literature (for instance, comparing Eves release of evil into the world with Pandoras). For ease of use, Schwartz divides the volume into ten books, Myths of God, Myths of Creation, Myths of Heaven, Myths of Hell, Myths of the Holy Word, Myths of the Holy Time, Myths of the Holy People, Myths of the Holy Land, Myths of Exile, and Myths of the Messiah.

In addition, it introduces the Inner Guidance Number, a powerful tool for accessing our inner knowing. Snake Oil Larry Moskau, 2024-02-07 This work is fiction based on a blend of the factual history of mythology mixed with what is not written but known physical evidence. Much of the material is from what we call the cradle of civilization, Mesopotamia, Egypt, Greece, and Rome. There is obvious evidence of an advanced civilization with the carvings and the sculptures in stone, as well as the mythology in the stars, which are still in the sky today. Either the stars in the heavens arranged to match the stories on earth or the stories on earth were inspired by the stars in the heavens.
