Back When We Were Grownups Anne Tyler, 2015-05-05 Once upon a time, there was a woman who discovered that she had turned into the wrong person. So Anne Tyler opens this irresistible new novel. The woman is Rebecca Davitch, a fifty-three-year-old grandmother. Is she an impostor in her own life? she asks herself. Is it indeed her own life? Or is it someone else's? On the surface, Beck, as she is known to the Davitch clan, is outgoing, joyous, a natural celebrator. Giving parties is, after all, her vocation—something she slipped into even before finishing college, when Joe Davitch spotted her at an engagement party in his family's crumbling nineteenth-century Baltimore row house, where giving parties was the family business. What caught his fancy was that she seemed to be having such a wonderful time. Soon this large-spirited older man, a divorcee with three little girls, swept her into his orbit, and before she knew it she was embracing his extended family plus a child of their own, and hosting endless parties in the ornate, high-ceilinged rooms of The Open Arms. Now, some thirty years later, after presiding over a disastrous family picnic, Rebecca is caught unawares by the question of who she really is. How she answers it—how she tries to recover her girlhood self, that dignified grownup she had once been—is the story told in this beguiling, funny, and deeply moving novel. As always with Anne Tyler's novels, once we enter her world it is hard to leave. But in *Back When We Were Grownups* she so sharpens our perceptions and awakens so many untapped feelings that we come away not only refreshed and delighted, but also infinitely wiser.

The New Encyclopedia of Southern Culture M. Thomas Inge,Charles Reagan Wilson,2014-02-01 Offering a comprehensive view of the South's literary landscape, past and present, this volume of The New Encyclopedia of Southern Culture celebrates the region's ever-flourishing literary culture and recognizes the ongoing evolution of the southern literary canon. As new writers draw upon and reshape previous traditions, southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures — a development thoughtfully explored in the essays here. Greatly expanding the content of the literature section in the original Encyclopedia, this volume includes 31 thematic essays addressing major genres of literature; theoretical categories, such as regionalism, the southern gothic, and agrarianism; and themes in southern writing, such as food, religion, and sexuality. Most striking is the fivefold increase in the number of biographical entries, which introduce southern novelists, playwrights, poets, and critics. Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship.

Encyclopedia of Television Film Directors Jerry Roberts,2009-06-05 From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

Escape to Another Reality Jack Groverland,2022-10-24 "I once believed like you, that I was an objective observer of the

world around me. Then at age 22, I was arrested and bound for prison. Suddenly, I had a mental shift which felt like an invasion of my mind by an unknown entity and it had me running for my life under a hail of bullets. In the terrifying process I did not just escape the police, the city and state I was arrested in, but I escaped reality as I knew it, running past buildings that were sky high, and flat without definition—people were taller, cars longer and the street I was running on narrowed all the way to the horizon like a surreal painting. In this psychedelic state, everything appeared to move slower, allowing me to dodge gunfire and miraculously escape the police. When the hallucination ended I was in a different City. Without money, personal I.D. or a place to sleep, I was forced to live in a different reality, one which included an unseen power that meddled in my life.” WARNING: Jack’s memoirs include miracles ,mayhem, love and murder.

The Zippered Heart Marilyn Meberg,2002-01-05 Why did I say that? Why did I do that? Where on earth did those mean thoughts and motivations come from? I'm so glad no one can read my mind. We all get whiplashed and sometimes broadsided by the dark side of our nature, which produces thoughts and behaviors that cause us to feel ashamed. many of us deny that part of ourselves, and kick it off somewhere in the shadowy recesses of the heart, where we hope it will stay put, not cause us any more trouble, and hopefully not be noticed. In The Zippered Heart, Marilyn does a gentle exploration of those secrets and issues which, if denied, can rob us of the abundant life we are promised in Christ. God means for us to be whole. This

book is an encouragement in that process. This book will change lives, because it requires that we look precisely at both the dark and the light sides of ourselves. Then it brings an overflowing grace and forgiveness. As a psychologist with thirty-five years of clinical experience, I can say that this is one of the best books I have read. ?Neil Clark Warren, author of Finding the Love of Your Life Step into liberty through the rascalion brilliance of Marilyn Meberg. ?Patsy Clairmont, author of Mending Your Heart in a Broken World For thirty years Marilyn's compassionate exploration of the human heart has amazed me. Now, with skill and tenderness she opens that heart for all of us to see how fearfully and wonderfully we are made. ?Luci Swindoll, author, speaker, Women of Faith The Zippered Heart is a perceptive and sensitive examination of the 'war within' between our two natures. ?Archibald D. Hart, Ph.D., Professor of Psychology, Graduate School of Psychology, Fuller Theological Seminary

The Silent Echo Helen Paloge,2007-01-01 The Silent Echo examines the contemporary female midlife novel and its failure to acknowledge and engage the aging female body. Examining novels by authors such as Margaret Atwood, Fay Weldon, Joan Barfoot, and Joyce Carol Oates, The Silent Echo integrates various social, psychological, and philosophical theories with those of cultural studies to analyze how and why the aging female body has become the silent echo at the core of women's fiction.

As If We Were Grownups Jeff Golden,2004 What if our political leaders started talking to us as if we were grownups? That depends on who you ask. America's top political consultants tell their candidates that honest, realistic talk -- talk that sidesteps the good old smiley-faced clichés, that reflects some of the complexities of today's issues, that holds voters accountable for their own actions and decisions instead of automatically praising them -- will buy them nothing but heartburn on the campaign trail and a one-way ticket back to private life. In this collection of provocative speeches that high-priced consultants would call politically suicidal, Jeff Golden challenges that realistic cynicism head on. We are more than ready for leadership that treats us like responsible adults, he says. We are hindering for it.
