Farhad Daftary

The Four Imams and Their Schools Shaykh Gibril Fouad Haddad, 2024-04-30 THE GREAT EDIFICE of Islamic Law is held up by four towering figures of the early middle ages: Abu Hanifa, Malik, al-Shafi'i, and Ibn Hanbal. Because of their immense dedication and intellectual acuity, these men enjoy recognition to this day as Islam's most influential scholars. By assessing and ranking hadith, by cultivating a deep knowledge of the Arabic language, and by virtue of their great native intelligence, they are credited with having shaped the development of the fundamental systems of Muslim jurisprudence, avoiding the twin pitfalls of subjective rationalism and blind literalism. By doing so they not only protected their religion from chaos and disorder, but showed the Muslims, both ordinary and expert, the safest and most reliable ways of avoiding error in the understanding and practice of the divine law. This detailed study offers biographies of these four men and their leading pupils. It surveys the distinctive features of their jurisprudence, and assesses their achievement. An especially helpful feature is a long and detailed glossary of Islamic technical terms. Meticulously rooted in the core texts of Islamic scholarship, this book will be an important resource for Shari'a students everywhere. ABOUT THE AUTHOR Shaykh Gibril Fouad Haddad is the author of the first complete translation of Imam Baydawi's commentary of the Quran in any language. Among his works recently published by ISCA are *The Rightly-Guided Caliphs: Abū Bakr, 'Umar, 'Uthmān, 'Alī*; *The Muhammadan Light in the Qur'an, Sunna, and Companion-Reports*; *The Prophet Muhammad's Knowledge of the Unseen*; and the forty-hadith-through-forty-Sharifs bilingual Hadith compendium *The Musnad of Ahl al-Bayt*. He is currently working on the first English translation of Mawlana Shaykh Nazim al-Haqqani's early Lebanon Sufi associations (1978-1981). He lives with his family in Brunei Darussalam.

The Lives of the Four Imams IDP Research Division, 2018-04-26 In today's times there seems to be a lot of confusion when it comes to the subject of following a madhab and Fiqhi Rulings. This seems to be one of the major reasons behind the differences and disagreements in the Muslim Ummah, especially today. However, it is of great importance to know about the lives of four Jurists of Islam whose works have survived until this day. Their juristic pronouncements have held sway over the entire Muslim world throughout history. This concise treatise will help us get to understand some of their methodologies when it came to extracting rulings from the two main sources of Islam, the Qur'an and Hadeeth. Although this treatise does not prove to remove all of the confusions and doubts among the Muslims, it definitely serves as a beginning point in order to

get to know who these great Jurists of Islam were. I believe that for a simple layman, this book will prove extremely beneficial as a starting point before moving on to reading more advanced literature on this subject. Routledge Handbook of International Relations in the Middle East Shahram Akbarzadeh,2019-03-26 This handbook examines the regional and international dynamics of the Middle East. It challenges the state society dichotomy to make sense of decision-making and behavior by ruling regimes. The 33 chapter authors include the world's leading scholars of the Middle East and International Relations (IR) in order to make sense of the region. This synthesis of area studies expertise and IR theory provides a unique and rigorous account of the region's current dynamics, which have reached a crisis point since the beginning of the Arab Spring. The Middle East has been characterized by volatility for more than a century. Although the region attracts significant scholarly interest, IR theory has rarely been used as a tool to understand events. The constructivist approach in IR highlights the significance of state identity, shaped by history and culture, in making sense of international relations. The authors of this volume consider how IR theory can elucidate the patterns and principles that shape the region, in order to provide a rigorous account of the contemporary challenges of the Middle East. The Routledge Handbook of International Relations in the Middle East provides comprehensive coverage of International Relations issues in the region.

Thus, it offers key resources for researchers and students interested in International Relations and the Middle East.

THE BIOGRAPHIES OF THE ELITE LIVES OF THE SCHOLARS, IMAMS & HADITH MASTERS, 2015-05-02 **THE BIOGRAPHIES OF THE ELITE LIVES OF THE SCHOLARS, IMAMS & HADITH MASTERS**

Imam Malik Dr. Tareq Al Suwaidan, 2006-01-01 "We will talk about a great Imam. We will talk about one of the Imams of decency and knowledge. He was Imam Malik Ibn-Anas, Imam of the abode of emigration (Darul-Hijrah). This Imam received great respect throughout history, which immortalized him and his doctrine. It became the base of jurisprudence in many Muslim countries during his time and in the present. Some countries are still using it, like many of the Arabian Gulf countries. Some countries did lose their Islamic character, but when they were Muslims, they adopted the Maliki School, like Andalusia and Sicily. They were among the Muslim countries that adopted this great doctrine. The Muslim era ended but it will return, if Allah wills. History immortalized Imam Malik, not only as one of the great Imams, but as one of the four Imams followed by this nation. A large number, actually millions, followed these four schools because of their unique effort and great service to the religion of Allah, particularly in Sharia (Islamic law) and jurisprudence. Therefore, scholars and the public followed these four schools."

The Book of Guidance Into the Lives of the Twelve Imams Muḥammad ibn Muḥammad Mufid, 1981

The Biography of Imam An-Nawawi IDP Research Division, 2018-04-26 It is important for Muslims to take the time to learn about the lives of the pious predecessors. The great scholars and pious individuals of the past can be great examples for the living. Their behavior and actions can have a great effect upon the hearts. Their examples demonstrate that in every age, there were pious Muslims who followed the way of the Prophet (peace be upon him) and his noble Companions, without compromise and without giving into the desires of this world. They demonstrate to the Muslims of today that the guidance of the Qur'an and Hadith was sufficient for them to lead their lives in manners pleasing to Allah, although they did not sit with and learn directly from the Prophet (peace be upon him) or even his close Companions. Today, Muslims face many of the same problems, temptations and difficulties that these pious predecessors faced. The pious predecessors read and intensely studied the Qur'an and Hadith to attain guidance for their lives. They applied the Qur'an and Sunnah in their lives under various circumstances. What they derived from the Divine Guidance should be considered a light for all of those who come after them who face circumstances similar to theirs.
