The Scientism Delusion Gregory Lessing Garrett,2018-03-20 This enthralling page-turner breaks all the molds, and fearlessly exposes the deepest darkest intrigue in history...The Luciferian Agenda for a New World Order. In it, we learn of the Luciferian roots of Modern Science, as the reader is transported back in time to the insidious origins of modern-day Scientism, the current religion of most scientists today. Through an excursion into the roots of Scientism, Mr. Garrett deftly retraces the historical antecedents of Scientism, echoing back to The Secret Mystery Schools of Kabbalistic, Egyptian Hermeticism, onwards into the true nature of Freemason and Alchemical Occultist, Sir Isaac Newton, and then further into the nefarious Vatican Jesuit Priesthood, whose hidden hand can be linked to the creation of The Illuminati, as well as the current Luciferian New Age Religion. Finally, the serpentine path leads up into modern Freemasonic Luciferian, NASA, and then to The Jesuit Controlled Alien Deception about to take hold of the world. --Christian Chesterfield Ph.D.

*The Secret Scroll* Andrew Sinclair,2012-09-28 This is the story of a how a little known manuscript in a Masonic Lodge in Kirkwall has become one of the most important historical documents of the Middle Ages. It is also the story of the Templars, who were its guardians, and of what happened to them after the Crusades. Although references to this famous order of military knights rarely appears in standard histories of the time, a great deal of information about them can be gleaned from other, more esoteric sources, such as sculpture and architecture. Suppressed by Philip of France out of greed, the Templars were gradually driven underground in more and more European countries. Yet they continued to exist, still guarding the knowledge and relics that they had gathered for the defence of the Holy Land. It is this that connects all this to Henry St Clair, Earl of Orkney and Grand Master of the Knights Templar and discoverer of America. All of these threads come together in one extraordinary scroll still in Kirkwall which reveals in full the secrets of the Knights Templar.

**The Secret Code of the King James Bible** Abdullahi Mubarak,2012-12-07 This book, I believe, for the first time reveals knowledge that has been buried in the Bible under a secret code. There have been many attempts to uncover this code, and all previous attempts have contributed in a positive way to this writing. The book is my personal contribution to improvement of mankind through the acknowledgment of the truth and the defeat of falsehood. I am not, though, writing this with rose-colored glasses. There will always be those who hate the Truth for personal worldly gains, those who take comfort in falsehood, those who would follow blindly what their ancestors believed (true or false), those who worship at the altar of their base desires, and those who benefit from evil in the world. The ultimate victory of Truth over falsehood is with God Almighty, and I wish that the reader is guided to the Truth. This book is also a way to thank God Almighty for guiding me away from falsehood, and this book is for others like me.

Using historical anecdotes and incisive analysis, this timely and insightful portrait separates the myths surrounding Freemasonry from the facts, offering a unique insider's view into what American Freemasonry was, is, and will be tomorrow. H. Paul Jeffers has published more than 50 works of fiction and nonfiction, including *Freemasons: Inside the World's Oldest Secret Society*, biographies of presidents Theodore Roosevelt and Grover Cleveland, New York mayor Fiorello LaGuardia, Diamond Jim Brady, and others. He lives in Manhattan.

*From Blood to Compassion* Peter J. Sell, 2007 Have you ever wondered How the Knights Templar was created? Why they frightened the Church so much with their secrets? Or why they were destroyed and evolved into modern day Freemasonry? Well this is a very readable account of the complete history of the founding of the Knights Templar. Why they were formed. What the treasure was that they found and why it frightened the church so much. How they were destroyed and who destroyed them and how they formed into the present day Freemasons. Written by a Freemason who has tried to understand all the Masonic Orders and their ceremonies that he has joined. The hypothesis on the treasure is something that is not currently in the public domain and is entirely new.

The record under slavery is examined, as is the post-slavery period into the twentieth century. The experiences vary, arguably due to some extent to the Old World context. Muslim revolts in Brazil are also discussed, especially in 1835, by way of a nuanced analysis. The second part of the book looks at the emergence of Islam among the African-descended in the United States in the twentieth century, with successive chapters on Noble Drew Ali, Elijah Muhammad, and Malcolm X, with a view to explaining how orthodoxy arose from varied unorthodox roots.

Now comes the second edition, presenting a new set of revelations, rants, visions and nightmares that illuminate the paranoid and nightmarish post-9/11 world.

**The Secret Temple** Peter Levenda, 2020-08-15 This is a unique history of Masonry written from the perspective of an educated outsider. The author is sympathetic to Masonic goals, a historian of secret societies and political conspiracies, and an exhaustive researcher. He looks back to the earliest roots of the Craft, and then traces its influence into modern times. From the Bible's Temple of Solomon through the Knights Templars, to the Rosicrucians and Illuminati, we learn of Masonry's roots and early history. Enlightenment philosophy and the revolutionary currents of eighteenth-century Europe opened an opportunity for the American experiment. Sacred geometry and architecture combined to create Washington, DC, and the rest, as they say, is history. This second revised and enlarged edition includes a new chapter on Freemasonry in South America—from the revolution of Simón Bolívar to the capture and execution of Che Guevara.

Here Fritz Ridenour explains the basic tenets of Protestantism, Roman Catholicism, Eastern Orthodoxy, Judaism, Islam, Hinduism, Buddhism, Jehovah's Witnesses, Christian Science, New Age, Mormonism, and other religions and belief systems of the world. You will also learn why relative thinking--the idea that there is no objective, absolute truth--has become the predominant mindset in our culture, and how you can respond. This bestselling guide will help you recognize the real differences between the Christian faith and other viewpoints and make it easier for you to explain and share your faith with others.

**America's Two Foundations** Wayne S. Matulis, 2020-06-25 Words and ideas have consequences. Those who will change the meaning of words will change the rules and the laws to suit themselves so they can accomplish their personal agenda. Deadly ideas lay at the bottom of one of America's two foundations. Inscribed on the walls of some of the Capitol's buildings

and monuments are these immortal truths: —“Where law ends, tyranny begins.” —“To render every man his due.” —“Conservation means development as much as it does protection.” —“Eternal vigilance is the price of liberty.” —“What is past is prologue.” The following are quotes from the book America’s Two Foundations, A Solid Rock Or Sinking Sand? “A parasite is an organism that lives off the life force of another organism without contributing to the life force of the other. These people of other faiths and no faith are living off the spiritual capital of the Judeo-Christian civilization, and at the same time, they deny the God who revealed the divine principles upon which the ethics of the country grow.” Locked inside the Independence Hall, I found myself alone with the spirits of the Founders. “What can you say about a country that even protects the rights of those who are trying to destroy it?” Upon laying the chief cornerstone of the US capital on September 18, 1793, George Washington and others laid the first foundations to the new republic. And they assumed the mantles as “high priests” of this new temple in Washington, DC, thus establishing the New Order of the Ages. Who are these “high priests”? You must read America’s Two Foundations, A Solid Rock Or Sinking Sand? to find out.

**Interpreting Masonic Ritual** Oscar Patterson III,2016-11-28 Interpreting Masonic Ritual endeavors to addresses the depth of the ritualistic experience through a discussion of what ritual means to man as well as what man means to ritual. Ritual teaches us about reality but we will not come to a full understanding of it if we disparage what others do and view their actions from a position of pseudo-intellectual or cultural superiority. Ritual is the core of Freemasonry and is that thing which sets it apart from so many organizations. It is the key to the Freemason’s “secrets” and the manner through which they transmit our “beautiful system of morality.” It is something to be treasured, maintained, taught, elevated, evaluated, and, above, reinforced through proper performance, decorum, and setting.
