

City Of Stars La La Land Lyrics

Dennis Bingham

La La Land Hannah Lewis,2024 This book offers a new look at the development, style, and reception of the 2016 film musical La La Land. Drawing on extensive personal interviews with the film's creators, it explores La La Land's aesthetic approach to the film musical genre, its simultaneous engagement with and subversion of the classic Hollywood musical's stylistic and narrative expectations, the film's depiction of jazz, and the reception of the film.

It's Only Words Bob Burrows A.I.B.,2025-01-03 Most of us can hum, whistle, or tap out a favourite tune but not too many of us can recall the lyrics, the words. Yet it is the skill of the wordsmith, the lyricist who at the stroke of a pen can transport us, if only for a moment, into our own world recalling cathartic events, romantic moments and nostalgic longings for times gone by. In just a few short strokes of his pen the skilled lyricist can move us to tears or anger or is able to stimulate pride or joy. Popular music is at an all-time high and I would defy anyone reading this book not to be able to find a song that they could not identify with or indeed have been emotionally associated with at some point in their formative years or indeed in their twilight years! During the writing of this book, I admit to many moments, good and bad, when the words of skilled lyricists left their songs stimulating incidents and memories long since relegated to the back of my mind!

American Cinema of the 2010s Dennis Bingham, 2021-12-10 The 2010s might be remembered as a time of increased polarization in American life. The decade contained both the Obama era and the Trump era, and as the nation's political fissures widened, so did the gap between the haves and have-nots. Hollywood reflected these divisions, choosing to concentrate on big franchise blockbusters at the expense of mid-budget films, while new players like Netflix and Amazon offered fresh opportunities for low-budget and independent filmmakers. As the movie business changed, films ranging from American Sniper to Get Out found ways to speak to the concerns of a divided nation. The newest installment in the Screen Decades series, American Cinema in the 2010s takes a close look at the memorable movies, visionary filmmakers, and behind-the-scenes drama that made this decade such an exciting time to be a moviegoer. Each chapter offers an in-depth examination of a specific year, covering a wide variety of films, from blockbuster superhero movies like Black Panther and animated films like Frozen to smaller-budget biopics like I, Tonya and horror films like Hereditary. This volume introduces readers to a decade in which established auteurs like Quentin Tarantino were joined by an exceptionally diverse set of new talents, taking American cinema in new directions.
