The Australian People James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today. From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century, the island continent is home to people from all over the globe. Each new wave of settlers has had a profound impact on Australian society and culture. *The Australian People* documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people. It is one of the largest reference works of its kind, with approximately 250 expert contributors and almost one million words. Illustrated in colour and black and white, the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation.

Croatians in Australia Ilija Šutalo, 2004 Ilija Sutalo has given us a detailed and fascinating insight into Croatian settlers from the 1800s to the present, the likes of which has never before been attempted. Yet Croatians have been here for 150 years, and, by the 1930s, were well organised and conscious of their heritage. A people without whom Australia could not have developed and grown.

Sporting Nationalisms Mike Cronin, David Mayall, 2005-07-08 This volume examines the ways in which sport shapes the experiences of various immigrant and minority groups and, in particular, looks at the relationship between sport, ethnic identity and ethnic relations. The articles in this volume are concerned primarily with British, American and Australian sporting traditions and the themes covered include the consolidation of ethnic identity in host societies through participation in immigrant sports and exclusive sporting organizations, assimilation into host societies through participation in indigenous, national sports, and the construction by outsiders of separate ethnic identities according to sporting criteria.

Why Minorities Play or Don't Play Soccer Kausik Bandyopadhyay, 2013-09-13 Soccer, the most popular mass spectator sport in the world, has always remained a marker of identities of various sorts. Behind the façade of its obvious entertainment aspect, it has proved to be a perpetuating reflector of nationalism, ethnicity, community or communal identity, and cultural specificity. Naturally therefore, the game is a complex representative of minorities' status especially in countries where minorities play a crucial role in political, social, cultural or economic life. The question is also important since in many nations success in sports like soccer has been used as an instrument for assimilation or to promote an alternative brand of

nationalism. Thus, Jewish teams in pre-Second World War Europe were set up to promote the idea of a muscular Jewish identity. Similarly, in apartheid South Africa, soccer became the game of the black majority since it was excluded from the two principal games of the country - rugby and cricket. In India, on the other hand, the Muslim minorities under colonial rule appropriated soccer to assert their community-identity. The book examines why in certain countries, minorities chose to take up the sport while in others they backed away from participating in the game or, alternatively, set up their own leagues and practised self-exclusion. The book examines European countries like the Netherlands, England and France, the USA, Africa, Australia and the larger countries of Asia - particularly India. This book was previously published as a special issue of Soccer and Society.

West Australian Football Golden Era 1984-86 Kieran James, 2017-11-23 This book is the memoir of Kieran James, and details his experiences as co-founder of West Perth Football Club's unofficial cheer squad from 1984 to 1986. The book details traditional, hot support for West Perth Football Club among teenaged supporters from middle-class and working-class backgrounds. The book shows how, because of neo-liberal ideologies and the corporatization of football, the new national league (the expanded VFL / AFL) relegated the WAFL to a second-tier league in 1987. This move took place over the heads of ordinary football supporters and two WAFL club presidents. Moves to bring the game closer to the people in 1984, such as holding the best-and-fairest award count night at Perth Entertainment Centre, should be seen in this light. This book will allow supporters to relive great teams, great players, and great matches from a wonderful era in WA football 1984-86 before West Coast Eagles joined the expanded VFL.

Oromo In Exile Gow, Greg, 2013-05-09 The movement of thousands of refugees from the Horn of Africa to Australia has only recently begun to attract interest among the media and general public. Perhaps the least known among these refugees are the Oromo people who have fled continued persecution in Ethiopia. By the year 2002, more than fifteen hundred Oromo had found their way to Australia. In this totally original book, Greg Gow provides a privileged insight into the values and meanings of lives that could easily be seen as marginal. Packed with insight and imageful observation, *The Oromo in Exile* communicates some of the vibrancy and complexity among these people from the Horn of Africa who are now living in Australia. Arising out of a series of dramatic and sometimes startling encounters, the book addresses the question of identity and place by giving voice to the pain of exile-not only among the Oromo but displaced people more generally. As Gow narrates, although now 'free' in Australia, the Oromo experience anguish and divided loyalties as the dominant values of individualism, privacy and self-advancement in mainstream Australian society conflict with their longing for cohesion and community. Gow discovers that 'home' does not necessarily exist physically, but the overriding desire to construct 'home'

even away from 'home' is pervasive. The Oromo are a people committed to creatively performing 'home' while in exile-a process the book both reflects and contributes to.

Goodbye Leederville Oval: History of West Perth Cheer Squad 1984-86 Kieran James,2017-08-03 This book details the author's experiences as co-founder of West Perth Football Club's unofficial cheer squad from 1984 to 1986. The book describes traditional, hot support for West Perth Football Club among teenaged supporters from middle-class and working-class backgrounds. The author shows how, because of neo-liberal ideologies and the corporatization of football, the new national league (the expanded VFL / AFL) relegated the WAFL to a second-tier league in 1987. Death and Life of Australian Soccer Joe Gorman,2017-07-26 In The Death and Life of Australian Soccer, journalist and historian Joe Gorman explores the rise and fall of Australia's first national football competition and shows how soccer came to practice and embody multiculturalism long before it became government policy. Drawing on archival research and interviews with players, supporters and club officials, he tells the incredible and oft-unknown stories of Australian soccer. The Death and Life of Australian Soccer is a fascinating and timely account of the first Australian sport to truly galvanize every ethnic, regional, metropolitan, gender and political group across the country. It examines the myths and legends of Australian sport and offers new ways of understanding the great changes that shaped the nation. This is more than a book about soccer - it is the riveting story of Australia's national identity.

Fear and Loathing in World Football Gary Armstrong,Richard Giulianotti,2001-06 Football has played a key role in shaping and cementing senses of identity throughout the world. The nature of intra-nation hostility, which may be based in football or used as a theatre for antagonisms, is analysed in this work.

The Winter Game Rob Pascoe,1996 New edition of a guide to Australian football, first published in 1995. Presents a history of the game, discussing the Anzac heritage and football during the Depression as well as outlining rules, strategies and positions. Includes references, a bibliography and an index. The author is foundation dean of arts at VUT. He has written widely on local history, sport and popular culture.
