Enciclopedia de las Ciencias Morales y Políticas para el siglo XXI. Tomo I: Derecho y Sociedad. Sección Ciencias Políticas y Jurídicas Varios autores,2020-12-01 Esta Enciclopedia de las Ciencias Morales y Políticas para el siglo XXI es un proyecto colectivo puesto en marcha gracias a la participación de muchos académicos y colaboradores externos de alto nivel. No es ni pretende ser un «Diccionario» de carácter exhaustivo y puramente técnico, ya que su objetivo es muy diferente: se trata de hacer balance y plantear perspectivas de futuro. Vivimos en un tiempo de anarquía conceptual y realidades confusas, pero enviable - a pesar de todo - si lo comparamos con épocas recientes o pretéritas a efectos de dignidad humana, recursos económicos y estabilidad social y política. Sin embargo, los tiempos apuntan «a peor», y conviene acertar cuanto antes con el diagnóstico y ofrecer algunos remedios sensatos. Las más de trescientas voces de que consta este tomo están dedicadas a las Ciencias Políticas y Jurídicas, Sección Segunda de esta institución. La obra es el resultado de la participación de miembros de la Real Academia de Ciencias Morales y Políticas, de otras Reales Academias del Instituto de España, catedráticos y otros profesores de Universidad, altos funcionarios de los cuerpos más prestigiosos del Estado y profesionales reconocidos en su ámbito correspondiente. Los textos, lógicamente heterogéneos, suponen un esfuerzo notable por armonizar los elementos formales: extensión de las voces, referencias bibliográficas básicas y actualizadas que permiten al lector ampliar sus fuentes de información y un completo sistema de remisiones. A la vista de la pandemia, la Enciclopedia no puede ser ajena a los primeros indicios de un mundo nuevo. Se incluye, por ello, una sección específica sobre las «perspectivas» de la COVID-19 (económicas, éticas, internacionales, jurídicas, laborales, políticas, sociológicas), a cargo de

académicos de número de Ciencias Morales y Políticas.

Familia y discapacidad Blanca Aída Núñez,2007

¿Qué necesitan las familias de personas con discapacidad? Liliana Pantano,Blanca Núñez,Alicia Arenaza,2012

El niño con discapacidad, la familia y su docente Blanca Núñez,2010

Futuro, familia y discapacidad Blanca Aída Núñez,Stella Caniza de Páez,Beatriz Pérez,2017 El futuro genera incertidumbre, inquietud y angustia en las familias con un miembro con discapacidad desde el momento del diagnóstico; temor a perder fuerzas al acompañar el proceso vital y la temida desprotección de la persona con discapacidad. Aunque también el futuro remite a proyectos, sueños y esperanzas. Es un gran desafío que enfrentan las personas con discapacidad, sus familiares, profesionales, instituciones, Estado, sociedad, el que hoy toma una nueva dimensión ante el reconocimiento de los derechos y el aumento de la esperanza de vida para todos. Es necesario planificar, buscar recursos, implementar nuevos programas y servicios, aplicar innovadoras políticas sociales, educativas y sanitarias a fin de dar algunas respuestas a las circunstancias de vida de cada uno. Las personas discapacitadas y sus familiares son los que mejor conocen su realidad, quienes deben ser escuchados en sus inquietudes, temores, dudas y propuestas. Es por eso que tienen la palabra en gran parte de las páginas de este libro. Pero la voz de estos protagonistas no es suficiente si no se complementa con la de profesionales comprometidos con la problemática, quienes también expresan sus conocimientos en algunos capítulos y proponen los apoyos necesarios para propiciar la mejor calidad de vida de cada familia. *Familia y discapacidad ,*2013 La obra explora el impacto que genera en la familia un hijo con discapacidad. Habitualmente queda descompensada en su funcionamiento interno, así como en las relaciones con otras instituciones y con la sociedad en general. Las visiones fragmentarias de estos grupos familiares generan que no se brinde adecuada y suficiente atención a todos los miembros que los componen. Por ello, para abordar un trabajo colaborativo, se reconoce el valor del grupo familiar como espacio de desarrollo y apoyo mutuo, y a los profesionales/docentes como portadores y transmisores de conocimientos. Es necesario planificar, clarificar objetivos y recrear estrategias de intervención con responsabilidades compartidas, con el objetivo de generar espacios que mejoren la calidad de vida del grupo familiar. Se destaca particularmente la contribución de la abuelidad por su relación con los afectos, los orígenes y lo ancestral, entendiéndola

como una secuencia que hilvana la historia familiar.
