Keeper of the Lost Cities: The Graphic Novel Volume 1 Shannon Messenger,2024-02-29 The first book in the internationally bestselling Keepers of the Lost Cities series reimaged in stunning graphic novel format! Perfect for readers aged 9+ and fans of Harry Potter, Rick Riordan and Amari and the Night Brothers. Twelve-year-old Sophie Foster has a secret. She's a Telepath with the power to hear the thoughts of everyone around her - something that she's never spoken about, even to her own family. But everything changes when she meets Fitz, a mysterious boy with the same ability. She discovers there's somewhere she does belong, and staying where she is will put her in grave danger. In the blink of an eye, Sophie is forced to leave behind everything and start a new life in a magical world. But what if life in the beautiful Lost Cities isn't as idyllic as it seems? And what if there's a reason she was hidden away? This volume contains the first half of the epic novel adapted to a new format with beautiful artwork.

Unraveled Book 9.5 Shannon Messenger,2024-12-03 The past and present unravel into staggering truths in this can't-miss installment of the New York Times and USA TODAY bestselling Keeper of the Lost Cities series told entirely from Keefe's point of view. Please be careful. Please be happy. And PLEASE forget all about me. It'll be better for everyone that way. Those were the last words Keefe Sencen wrote to Sophie Foster before he ran away to the Forbidden Cities. He didn't want to leave, but it was the only way to keep his friends safe while he figured out how to control his scary new powers and searched for answers about his past. What he found was so much more than adventures in Humanland. Where did he go? What did he do? And who did he meet while the rest of his friends worked to solve the mystery of Stellarlune? The answers go far beyond anything anyone could have ever imagined and give Keefe the power to change his destiny.

Socialist Cities Richard William Judd,1989-01-01 Socialist Cities is a comparative treatment of grass-roots Socialist successes. It marks the first comprehensive look at the urban working-class base of the American Socialist movement in the early part of the century, and reveals the importance of municipal politics as an organizing strategy. The author assesses the reactions of both workers and non-workers to the party, and provides a fresh perspective on the perennial question of why socialism 'failed' in America. He demonstrates that the subtle and ongoing dialogue between the party's own internal theoretical and tactical weaknesses and the broader class and structural obstacles against which it struggled, contributed to

its failure.
