*La Vaca* Dr. Camilo Cruz,2018-03-09 ¿Qué nos impide triunfar, lograr nuestras metas y ser felices? El verdadero enemigo del éxito y la felicidad no es el fracaso, como muchos piensan, sino el conformismo y las excusas que limitan nuestro éxito. En esta extraordinaria metáfora, la vaca representa toda excusa, pretexto o justificación que nos mantiene atados a una vida conformista que nos impide utilizar nuestro potencial al máximo. Todos queremos hacer realidad nuestros sueños, tener mejores relaciones, alcanzar la libertad financiera e influir positivamente en la vida de nuestros hijos o familiares cercanos. Sin embargo, nos llenamos de excusas, buscamos culpables por nuestros fracasos y terminamos por creer que el éxito es imposible. Este libro te mostrará lo que puedes lograr cuando finalmente te liberas de estas ataduras y comienzas a utilizar tu verdadero potencial. Acepta el reto de vivir una vida libre de vacas, una vida donde todo sueño es posible y los únicos límites son aquellos que tú mismo te impongas. Esta edición incluye seis capítulos nuevos en los que encontrarás las excusas y justificaciones más comunes para no triunfar en algunas de las áreas más importantes de la vida: la familia, la salud, las finanzas, el trabajo, los hijos y los negocios.

Corporate Risks and Leadership Eduardo E. Mariscotti,2025-04-24 The context of business has been changing for companies in recent years, and following numerous corporate and accounting scandals, many countries have increased the number of national and international regulations designed to ensure transparency and compliance with the law. Because of the existence of these new regulations, the level of control, the severity of sanctions by governments, and the amount of fines for noncompliance have increased dramatically. In parallel, with the technological revolution in communications, business management has become more transparent, and any negative event is uploaded to social networks and shared with an indeterminate number of people. This change in the regulatory, sanctioning, and technological context has forced large

companies to rethink risks, investments, and budgets to deal with this more complex environment. To transition to this change, some companies have included ethics and compliance programs in their corporate agenda, along with marketing and sales plans, strategies, growth targets, investment plans, and/or talent acquisition. While each industry has its particular risks, in this book, the author describes the essential elements that any effective ethics and compliance program should contain. This book is a source of information that connects yesterday with today. The author shares observations and lessons of the past to suggest corporate leaders implement effective ethics and compliance programs to protect their organizations and themselves. This book covers theories of ethics but with an eye focused on practical application. Risks, ethics, and compliance are analyzed with an overall vision, connected to the reality of business life, without getting bogged down in abstract thinking or technical and regulatory details. Ethics and compliance are disciplines that have increasingly achieved greater recognition in organizations. Thus, due to the importance of risk management in the business world and the necessary involvement of the CEO and the board of directors, it seems appropriate that executives get access to this book about risks, ethics, compliance, and human resources directed not only to compliance experts but also to any organizational leader. This second edition offers various examples to cultivate ethical thinking and behavior, identify common risks, and comprehend their adverse effects on organizations.

**Juego limpio y formación en valores** Gabriel Silgado Bernal, 2021-10-30 Juego limpio y formación de valores recoge las estrategias pedagógicas desarrolladas por el autor en su asignatura sobre fútbol y valores, durante dieciocho años. El juego limpio en el fútbol, en el desarrollo mismo de la competencia, y no solo en los saludos o actos protocolarios, hace parte fundamental de sus estrategias, pues representa una propuesta de rivalidad con posibilidades de practicar este deporte de forma competitiva y humana. Así, por medio de dilemas, en este libro se analizan, de manera respetuosa y pedagógica, las actuaciones cotidianas de los futbolistas frente a los valores, al igual que las propuestas de otros autores relacionadas con el fútbol. Y con el propósito de generar bases en los lectores que les permitan tomar decisiones en el fútbol y también en la vida personal y profesional, incluye una propuesta innovadora de reglamentación, en la que están aunados tanto la excelencia futbolística como el comportamiento basado en valores, y una mirada distinta para el aprendizaje y aplicación de las Reglas de Juego FIFA, para el desarrollo de técnicas de entrenamiento que eviten cometer faltas como un propósito derivado del

respeto.
