Shakespeare Survey: Volume 56, Shakespeare and Comedy Peter Holland,2003-10-16 Published with academic researchers and graduate students in mind, this volume of the 'Shakespeare Survey' presents a number of contributions on the theme of Shakespeare's comedies, as well as the comedy in Shakespeare's other works.

A Preface to Shakespeare's Comedies Michael Mangan,2014-06-06 This is an informative and interesting guide to the comedies of love - The Two Gentlemen of Verona, The Taming of the Shrew, Love's Labour's Lost, A Midsummer Nights Dream, Much Ado About Nothing, As You Like it and Twelfth Night - which were written in the early part of Shakespeare's career. As well as supplying dramatic and critical analysis, this study sets the plays within their wider social and artistic context. Michael Mangan begins by considering the social function of laughter, the use of humour in drama for handling

social tensions in Elizabethan and Jacobean society and the resulting expectations the audience would have had about comedy in the theatre. In the second section he discusses the individual plays in the light of recent critical and theoretical research. The useful reference section at the end gives the reader a short bibliographic guide to key historical figures relevant to a study of Shakespeare's comedies and a detailed critical bibliography.

Writing Elena L. Grigorenko,Elisa Mambrino,David D. Preiss,2012-05-04 This book captures the diversity and richness of writing as it relates to different forms of abilities, skills, competencies, and expertise. Psychologists, educators, researchers, and practitioners in neighboring areas are interested in exploring how writing develops and in what manner this development can be fostered, but they lack a handy, unified, and comprehensive source of information to satisfy their interest. The goal of this book is to fill this void by reflecting on the phenomenon of writing from a developmental perspective. It contains an integrated set of chapters devoted to issues of writing: how writing develops, how it is and should be taught and how writing paths of development differ across writing genres. Specifically, the book addresses typologies of writing; pathways of the development of writing skills; stages of the development of writing; individual differences in the acquisition of writing skills; writing ability and disability; teaching writing; and the development and demonstration of expertise in writing.
