Opportunity Knocking Lori Ann LaRocco, 2014-03-11 Known as the producer with the trillion-dollar Rolodex, Lori Ann LaRocco knows how to get business leaders and entrepreneurs to talk. Many of the world's most well-known executives are so trusting of LaRocco, senior talent producer at CNBC, that she consistently gets scoops on billion-dollar deals before anyone else. In her newest book, *Opportunity Knocking*, LaRocco uses her close relationships with these organizational leaders to tell their stories—many of which have never been previously revealed, but offer brilliant insights into their minds. In *Opportunity Knocking*, readers will learn the full stories and secrets of success from some of the world's smartest, most innovative leaders, such as Ford CEO Alan Mulally's strategy for creating a culture of promise that revitalized the American auto industry. This book provides real-world examples from leaders like Mulally and turns them into actionable, proven strategies for identifying and acting on opportunities. What makes *Opportunity Knocking* stand apart is the diversity of individuals who offer real-world strategies and advice instead of just one person's opinion or vision. From the assembly line to the C-suite, *Opportunity Knocking* will provide both inspiration and a blueprint for achieving success by recognizing the right opportunity—and seizing it.

At the Top of the Ladder is a collection of leadership quotes that have guided Jerry Dollar as he scaled the corporate ladder. A former CEO twice, COO twice, and VP five times; Dr. Dollar has modeled his career path as a long journey in leadership, using the words of others as a guiding force. Unlocking the Growth Michael Harvey MBA,Rebecca Paveley,2012-04-23 This book teaches the power of invitation. It may sound simple, but we are so caught up in our busy church lives that we have missed it. In 2004 Michael Harvey gave up a high-flying job in the City of London to teach church leaders to see new possibilities, using an approach that has quickly become established as Back to Church Sunday. Michael likes to challenge churches of all sizes to double their congregation in a day. In 2009 at least 80,000 new people came to church in Britain through this approach, with around 10,000 becoming new believers. The basics are simple: Invite your friends, and become an inviting church. Develop a mind-set open to what God might do; work on creating a welcoming environment; learn from mistakes; help people to know God. -It takes a very brave person to walk into a church on their own nowadays,- says Michael, -but God is still speaking to them and all they need is a gentle invitation.-

Be Visionary Marty Strong,2022-12-09 *Be Visionary: Strategic Leadership in the Age of Optimization* is a self-help, business leadership book that demonstrates to existing and aspiring leaders the positive impact of applying flexibility, creativity and decisiveness to achieve results - even in uncertain times. More importantly, this book helps leaders to understand that while business operations optimization may have value in certain circumstances, it can also adversely affect a leader's management style, his or her message and replace strategic thought with short-term focus and gratification. For example, even the most efficient wagon-wheel manufacturer in the early 1900s was put out of business by the invention of the automobile - think and lead strategically!

Political Government Robert Klassen,2002-11 Social philosopher Spencer Heath maintained that we can't recognize atrocity for what it is until we can entertain an alternative. The example he gave was chattel slavery in the ancient world; few questioned it and fewer still raised their voice against it. Having already outlined the natural alternative to political (i.e. tax-based) government in his companion book, *Economic Government*, Klassen now articulates with rare clarity why political government is atrocity. He calls this book “the end of my foray into criticism of political government.” I welcome this implied emphasis on the health of society rather than its pathology. But if articulation of the pathology is called for, Klassen has done it with skill and clarity, dispassionately, and with forbearance. Connoisseurs of political behavior will deepen their understanding and strengthen their analytical skill when they recognize that the subject of their study is social pathology and they themselves are pathologists; for a pathologist can only understand his subject matter in the light of social health. That is the contribution of this book and its companion book, *Economic Government*. —Spencer H. MacCallum, social anthropologist and author of *The Art of Community*.
