Martha Stewart: In Her Own Words Suzanne Sonnier, 2020-08-11 Get inside the head of one of the most influential women in the world, one who has penetrated almost every media space with her unique combination of savvy business sense, practical homemaking advice, and good humor. This collection of quotes has been gathered from Martha Stewart's numerous public statements—interviews, op-eds, television appearances, books, and more. It's a comprehensive picture of her business empire, her advice for life and the home, and her comeback after scandal and imprisonment. Martha Stewart has called herself a "late bloomer," but after she published her first book, *Entertaining*, at the age of 49, she rapidly built on that first success, launching magazines, television shows, retail lines, and more books to establish a media empire. Her name is synonymous with tasteful decor, delicious from-scratch foods, and the covetable estates she keeps in upstate New York, the Hamptons, and Maine. Even after the insider trading scandal that threatened to derail her career in 2004, Stewart was able to rebuild her image of classic domesticity matched by a tireless work ethic. New ventures like "Martha & Snoop's Potluck Dinner Party" have added a sense of playfulness to her personal brand and introduced her to new audiences. A winner of multiple Emmys and James Beard Awards, and the chairperson of her own media conglomerate, Stewart has proven she has staying power across generations. She's a true icon, not just for fans who learned how to cook and keep house from her books and television shows, but for audiences who associate her name with taste, simplicity, and style.

Martha Robert Slater, 2005-12-21 Martha Stewart is the most famous and wealthy woman on earth—a person whose name is a brand and whose influence touches virtually every home in North America. This is the Martha Stewart story you have never heard. It is the behind-the-scenes story of arrogance and miscalculation that led Martha to a trial that should never have happened...her life in a federal prison cell, told by those who were there...her personal transformation...and finally, her carefully plotted comeback...all the way to The Apprentice and beyond. This gripping narrative reads like a mystery novel and draws upon dozens of exclusive interviews including candid discussions with many principals associated with Martha's trial. In *Martha: On Trial, In Jail, and On a Comeback*, You'll go behind the scenes through every phase of Martha's fall and rise: the crime itself; the indictment and both sides' trial strategy; the damning testimony of star witness Douglas Faneuil and Martha's long-time friends; the tearful and shocking testimony of her decades' long personal testimony; the verdict and more. Robert Slater spoke to insiders at Alderson Federal Prison Camp to gain insight into Martha's prison life and behavior, including her relationship with inmates and prison authorities and how she began plotting her comeback even while still in prison. Last but not least, he reveals the PR campaign to resurrect Martha's reputation: one that is making her the first convicted business leader of her stature to come back stronger than ever before.

Invisible Eden Maria Flook,2004-06-01 A literary investigation by one of the most powerful American writers at work today [Annie Proulx] of a story that riveted the nation: how an accomplished, world-traveled fashion writer who had retreated to a simpler life as a single mother on Cape Cod became the victim of a brutal, still-unsolved murder. On the surface, Christa Worthington's life had the appearance of privilege and comfort. She was the granddaughter of prominent New Yorkers. Her sparkling journalism earned the fashion world's respect. But she had turned her back on a glamorous career and begun living in the remote Cape Cod town where she had summered as a child. When she was found murdered in Truro, Massachusetts, just after New Year's Day in 2002, her toddler daughter clinging to her side, her violent death brought to the surface the many unspoken mysteries of her life. *Invisible Eden* is the deeply felt story of a career woman's attempt to start over and reinvent her life away from the fashion circles of New York and Paris only to have an out-of-wedlock child with a local fisherman, forge a life as a single mother, and meet a violent end. Brilliantly portraying Christa's hunger for belonging and her struggle for survival as a first-time mother, Flook searingly evokes her search for a safe haven, her many tumultuous relationships, and the evidence linking family, strangers, lovers, suspects, and innocents to the tragedy that both shocked a seaside town on Cape Cod and horrified the nation. Flook intricately maps Christa's charged life before her death and follows the first year of the murder investigation with the help of the district attorney who is in an election battle even as he searches for the killer. At the same time, *Invisible Eden* captures the Cape's haunted landscape, class stratifications, and never-ending

battles between its wealthy summer residents and its hardscrabble working families who together form a backdrop for a powerful chronicle of love and murder. An edgy and compelling portrait of a woman's tragic journey, *Invisible Eden* is a mesmerizing true story.

The Age of Promiscuity Doru Pop, 2018-11-15 This book presents an original and engaging look at contemporary popular culture, opening with the provocative idea that this is a day and age of complete exhaustion of ideas, images, stories, and myths. Questioning the effects of content recycling in cinema and other media, the author further elaborates on the repurposing of cultural junk, the reassembling of narratives and myths. The thought-provoking hypothesis proposed in this research is that we have entered an age of cultural promiscuity. By analyzing the mutations of myth-making practices and connecting them with larger cultural manifestations, the author explains these transformations as integral to the development of a myth-illogical imagination. Cinematic and mythological representations in mainstream Hollywood films have reached a point of amalgamation with no return, which marks the beginning of a fourth age of representations, where signs and meanings are manifested in illogical permutations. This is more explicit in films that commingle aliens, cowboys, undead American presidents, and zombie nazis, joining together in the same narrative ghosts, werewolves, and vampires, aggregating disjointed storylines and historical fake facts, all coalesced in an orgy of empty burlesque and infantile masquerades. This interdisciplinary research combines cultural studies, film criticism, art and myth interpretations, bringing into the debate multiple concepts from related fields such as critical theory and media criticism. The book also opens up to innovative approaches from a wide array of academic disciplines, offering researchers, students and those fascinated by the transformations happening in contemporary cinema an interpretative tool based on a revised dialectic approach. The conclusion is that we are now victims of a zombie semiotics. Meaning-making in contemporary culture, politics, and aesthetics is dominated by a process of incessant desecration of significations, specific to the total mishmash of

representations analyzed here.

Come along with Evans as she looks for answers in the rich heritage of biblical heroines, models of grace, and all-around women of valor. What is biblical womanhood . . . really? Strong-willed and independent, Rachel Held Evans couldn't sew a button on a blouse before she embarked on a radical life experiment--a year of biblical womanhood. Intrigued by the traditionalist resurgence that led many of her friends to abandon their careers to assume traditional gender roles in the home, Evans decides to try it for herself, vowing to take all of the Bible's instructions for women as literally as possible for a year. Pursuing a different virtue each month, Evans learns the hard way that her quest for biblical womanhood requires more than a gentle and quiet spirit (1 Peter 3:4). It means growing out her hair, making her own clothes, covering her head, obeying her husband, rising before dawn, abstaining from gossip, remaining silent in church, and even camping out in the front yard during her period. See what happens when a thoroughly modern woman starts referring to her husband as master and praises him at the city gate with a homemade sign. Learn the insights she receives from an ongoing correspondence with an Orthodox Jewish woman, and find out what she discovers from her exchanges with a polygamist wife. Join her as she wrestles with difficult passages of scripture that portray misogyny and violence against women.
