**Sharon Tate and the Manson Murders** Greg King,2016-10-25 The first comprehensive biography of Sharon Tate: Hollywood star, wife of Roman Polanski, victim of Charles Manson, and symbol of the death of the 1960s. It began as a home invasion by the Manson family in the early hours of August 9, 1969. It ended in a killing spree that left seven people dead: actress Sharon Tate, writer Voyteck Frykowski, coffee heiress Abigail Folger, hair stylist Jay Sebring, student Steven Parent, and supermarket owner Leno LaBianca and his wife, Rosemary. The shock waves of these crimes still reverberate today. They have also, over time, eclipsed the life of their most famous victim—a Dallas, Texas, beauty queen with Hollywood aspirations. After more than a dozen small film and television roles, Tate gained international fame with the screen adaptation of Jacqueline Susann's *Valley of the Dolls*, but *The Fearless Vampire Killers* marked a personal turning point, as she would marry its star and director, Roman Polanski. Tate now had a new dream: to raise a family—and she was only weeks away from giving birth the night Charles Manson's followers murdered her. Drawn from a wealth of rare material including detective reports, parole transcripts, Manson's correspondence, and revealing new interviews with Tate's friends and costars as well as surviving relatives of the murder victims, *Sharon Tate and the Manson Murders* gives readers a vital new perspective on one of the most notorious massacres of the twentieth century. The dark legacy of the cult phenomenon is still being explored in novels (Emma Cline's *The Girls*) and TV shows (NBC's *Aquarius*). In addition to providing the first full-fledged biography of Sharon Tate, author Greg King finally gives a voice to the families of the slain, notably Tate's mother, Doris. Her advocacy for victims' rights was recognized during President George H. W. Bush's 1992 A Thousand Points of Light ceremony. This is the true story of a star who is being rediscovered by a new generation of fans, a woman who achieved in death the fame she yearned for in life.

*Helter Skelter: The True Story of the Manson Murders* Vincent Bugliosi,Curt Gentry,2001-12-04 The true story of the Manson murders.

Swinging Single Hilary Radner,Moya Luckett,1999 Critics and defenders alike connect today's widespread anxieties about sexuality and culture to the political activism of the 1960s and the counterculture's preoccupation with the individual pursuit of pleasure. In contrast, the essays in *Swindling Single* attribute the new sexual mores of that era not to its political upheavals but to a confluence of social, cultural, and economic factors that encouraged personal gratification and altered

traditionally defined gender roles. Contributors analyze a broad range of topics: the commercialization of avant-garde and exploitation films; new visions of female sexuality in *That Girl* and *The Avengers*; the social context of such cultural icons as Hugh Hefner and Charles Manson; the intersection of race and sexuality in Eldridge Cleaver's *Soul on Ice*; and depictions of sexual pleasure in pornography and scientific films.

*False Prophets* Richard Bonney, 2008 After 9/11, the US response to Al-Qaeda - the Global War on Terror - was heavily influenced by the 'clash of civilizations' theory. This book identifies the twenty-first century proponents of the thesis, such as Bernard Lewis and Daniel Pipes, their links to the Bush government and their roles in exploiting hostility between the West and Islam.

**Holy Terror** Eric S. Christianson, Christopher Partridge, 2016-04-08 The authors of religious scriptures had little difficulty enhancing sacred narratives with the rhetoric of violence. The phenomenon continues in the habitual linkage of violence and religion in contemporary film, music and literature. 'Holy Terror' brings together scholars of religious studies, biblical studies, film studies and sociology to examine the social function of violence in popular discourse. The book questions how violent rhetoric shapes belief and values, how audience empathy with violent protagonists can be understood, and the significance of the association of violence with particular religious groups and ideas. A range of phenomena are analysed, including terrorism in Scripture, apocalyptic texts in film and violence in sport.

**Apartment Stories** Sharon Marcus, 2023-11-15 In urban studies, the nineteenth century is the age of great cities. In feminist studies, it is the era of the separate domestic sphere. But what of the city's homes? In the course of answering this question, *Apartment Stories* provides a singular and radically new framework for understanding the urban and the domestic. Turning to an element of the cityscape that is thoroughly familiar yet frequently overlooked, Sharon Marcus argues that the apartment house embodied the intersections of city and home, public and private, and masculine and feminine spheres. Moving deftly from novels to architectural treatises, legal debates, and popular urban observation, Marcus compares the representation of the apartment house in Paris and London. Along the way, she excavates the urban ghost tales that encoded Londoners' ambivalence about city dwellings; contends that Haussmannization enclosed Paris in a new regime of privacy; and locates a female counterpart to the flâneur and the omniscient realist narrator—the portière who supervised the apartment building. In urban studies, the nineteenth century is the age of great cities. In feminist studies, it is the era of the separate domestic sphere. But what of the city's homes? In the course of answering this question, *Apartment Stories* provides a singular

Corporate Life in the Digital Music Industry Toby Bennett,2024-08-22 Drawing on a deep and long-term first-hand engagement with major labels in the early years of the 21st century, this book sheds new light 'behind the scenes', at a time of drastic and far-reaching transformation. Refreshingly, it centres not on artists and the most powerful decision-makers but on everyday experiences of work and back-office corporate employees. Doing so reveals the internal activities and conflicts that, while hidden from public view, enable processes of change: from paperwork, data systems, managerial pressures and redundancies to graduate training schemes, departmental politics and shared playlists, providing a new route into understanding the broader cultures and infrastructures of the global recording industry. This oft-forgotten office work tells a different story of contemporary digital music , one more sensitive to the complex intersections that texture the conduct of work and organizational life.

**Play Among Books** Miro Roman,Alice\_ch3n81,2021-12-06 How does coding change the way we think about architecture? This question opens up an important research perspective. In this book, Miro Roman and his AI Alice\_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information. They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an “infinite flow” of real books. Focusing on the intersection of information technology and architectural formulation, the authors create an evolving intellectual reflection on digital architecture and computer science.

Sabra & Shatila, Inquiry Into a Massacre Amnon Kapeliouk,1984 The evidence presented here by Amnon Kapeliouk, the testimony given at the Kahan Commission, and the independent news reports about the massacres raise serious questions regarding the legal culpability of the principal Israel and Lebanese actors in the slaughter in Sabra and Shatilla camps. These questions of criminal, as opposed to political culpability, remain to be dealt with. The Palestinian people are the most aggrieved party, but have no ability to initiate criminal prosecution proceedings. They have no state which can become a party to the several Conventions relating to crimes against humanity. - Foreword.
