**RJ Alexander**

*A Search for God* Carmine G. Barba, 2004 Should the act of creation by God be taken, i.e., can it be considered, in a light other than that of religion? Indeed, is it even possible to view it in terms of facts and knowledge, rather than one of faith? Virtually all organized religions assume the existence of God as the creator of the universe and all things in it. This belief has always taken the form of faith (and reason), i.e., it is an act of faith and not necessarily one of knowledge, which is in effect an assumption of belief, rather than one based on scientific fact, and unless this belief is brought into the realm of science, we can never be certain, beyond any doubt that God does indeed exist. This author explains how scientific principles can enter into the explanation of God's existence and how the Act of Creation itself comes out of the hiddenness of God's root source of energy and into the open realm of 3-dimensionality.

**In Search of God in the Hebrew Bible** Tryggve N. D. Mettinger, 2005-06-01 Tryggve Mettinger's much-praised work analyzes the major names for God in the Old Testament to trace, through the many confrontations and challenges of individuals and groups that mark Israel's story, the historical development of Israel's conception of God.

The Search for the Christian Doctrine of God Richard Patrick Crosland Hanson, R. P. Hanson, 2005-01-01 First published in 1988, *The Search for the Christian Doctrine of God* is still considered by many scholars to be the finest work on the Arian Controversy. Examining scholarly works on the Controversy and many original texts, Professor Hanson, provides a clear understanding of how the traditional and historic doctrine of God as the Holy Trinity reached its most mature and enduring form. The author is not primarily concerned to defend the orthodox position itself, but rather to discover and examine the formation of that orthodoxy. The history of the events - the Councils, the interventions of the Emperor, the rivalries of sees, the behaviour of bishops, the varying fortunes of the different schools of thought and their leaders - is interwoven with the progression of thought and doctrine during the sixty years of the Controversy. Professor Hanson sees the problem of the reconciliation of two concepts which were both part of the very fabric of Christianity - monotheism and the worship of Jesus Christ as divine.

*Finding God* Laura Heikes, 2023-02-16 Is Walmart a good place to meet God? What about a dive bar? The town dump? Does meeting God happen only in separate, holy places? The book of Acts says there is no place on earth without a witness to God's love (Acts 14:16-17). God longs to meet us throughout our lives: at the bus stop, at a costume shop, even at a livestock

auction. It's time for expanded spirituality--one that is brave and fresh and all-encompassing. Pastor Laura has been helping people meet God in their communities for two decades. Come with her. Soon you will be talking about the strange and wonderful places you found yourself and the amazing, tender, and powerful ways you met God there. You will find that the search and discovery change you, and the way you approach faith, forever.

**More Quotes and Anecdotes , 1986**

*The Passages We Celebrate* Patricia Datchuck Sanchez, 1994 The commentaries are meant to be a help for those who minister to others when these moments are celebrated: those who prepare the families to celebrate, those who proclaim the Word, those who preach the Word, and those who break open the Word in song and celebration.

**Seeking Common Ground** Andrew Fiala, Peter Admirand, 2021-08-26 Seeking Common Ground is a dialogue between an atheist philosopher and a Catholic theologian. It is about religion and nonreligion, as well as about dialogue itself. The book provides a framework for dialogue grounded in seven key values: Harmony, Courage, Humility, Curiosity, Honesty, Compassion, and Honor. Unlike typical "debates" about religion and atheism, Fiala and Admirand show that atheists and theists can work together on projects of mutual understanding. They explore the terrain of religion and nonreligion, discussing a range of sources, topics, issues, and concerns, including: adventures in interfaith dialogue, challenging ethical issues, problems interpreting biblical texts, the growth of secularism, and the importance of ritual and community. The authors show that it is possible to disagree about religion while also seeking common ground. The book includes a foreword by Rabbi Jack Moline, president of the U.S. Interfaith Alliance.

*When God Is Silent* Kellie Lane, 2014-03-04 What do you do when you've prayed and prayed and there seems to be no answer? Kellie Lane knows what it is like to feel as though you are holding a ticket for a ride that's never going to arrive. Through personal experience and Bible study she has learned how to hold on to heaven's promises--for yourself or others--when it seems like all hell is breaking loose. You will discover why you may be waiting, where God is in this difficult season, and what you can do to cooperate with His plans and purposes for you. **SPIRITUAL WARFARE: A Struggle for Truth** Russell Sharrock, 2007-03-01 Much in the Church is being touted as biblical spiritual warfare, even to changing it from being spiritual to be geographical. This book critics spiritual warfare teaching, comparing it to the Bible and offers a biblically reasoned discussion on spiritual warfare.

*From Yahweh to Yahoo!* Doug Underwood, 2010-10-01 Presenting religion as journalism's silent partner, *From Yahweh to Yahoo!* provides a fresh and surprising view of the religious impulses at work in contemporary newsrooms. Focusing on how the history of religion in the United States entwines with the growth of the media, Doug Underwood argues that American journalists draw from the nation's moral and religious heritage and operate, in important ways, as personifications of the old religious virtues. Underwood traces religion's influence on mass communication from the biblical prophets to the Protestant Reformation, from the muckraker and Social Gospel campaigns of the late nineteenth and early twentieth centuries to the modern age of mass media. While forces have pushed journalists away from identifying themselves with religion, they still approach such secular topics as science, technology, and psychology in reverential ways. Underwood thoughtful analysis covers the press's formulaic coverage of spiritual experience, its failure to cover new and non-Christian religions in America, and the complicity of the mainstream media in launching the religious broadcasting movement.

**Finding God's Peace in Everyday Challenges** Heidi Bratton, 2015-09-01 For those who choose the way of Jesus Christ, peace is not only possible but to be expected. Peace, in fact, is a part of the package deal of the Catholic faith, because the Lord Jesus himself is our peace. In one hundred short meditations, author Heidi Bratton leads women to consider how they can live out the peace that Christ promises: in their homes, finances, jobs, parishes, and in their relationships with their spouses, families, and children. Her real-life examples show us that peace can be lived in difficult and challenging circumstances. Each meditation ends with a heartfelt prayer. Even when our faith is strong, we can struggle with staying peaceful. This book is a constant reminder that peace is a gift from God, something that we can ask for and receive every day of our lives.

*In Search of A Better World* Payam Akhavan, 2017-09-09 A work of memoir, history, and a call to action, the CBC Massey Lectures by internationally renowned UN prosecutor and scholar Payam Akhavan is a powerful and essential work on the major human rights struggles of our times. Renowned UN prosecutor and human rights scholar Payam Akhavan has encountered the grim realities of contemporary genocide throughout his life and career. He argues that deceptive utopias, political cynicism, and public apathy have given rise to major human rights abuses: from the religious persecution of Iranian Bahá'ís that shaped his personal life, to the horrors of ethnic cleansing in Yugoslavia, the genocide in Rwanda, and the rise of contemporary phenomena such as the Islamic State. But he also reflects on the inspiring resilience of the human spirit and the reality of our inextricable interdependence to liberate us, whether from hateful ideologies that deny the humanity of others or an empty consumerist culture that worships greed and self-indulgence. A timely, essential, and passionate work of memoir and history, *In Search of a Better World* is a tour de force by an internationally renowned human rights lawyer.
