The Blood and the Shroud Ian Wilson, 1999-04 A compelling examination of one of history's greatest and most controversial mysteries revealing that the recent scientific findings confirms the authenticity of the shroud. 48 pp, photo insert.

The Turin Shroud Ian Wilson, 2000

Resurrection of the Shroud Mark Antonacci, 2001-08-30 This book scientifically challenges earlier radiocarbon testing and presents new evidence in determining the Shroud of Turin's true age.

The Turin Shroud is Genuine Rodney Hoare, 1994 For years, scientists and religious believers have been debating the authenticity of the Shroud of Turin. Rodney Hoare spent more than 20 years researching the facts surrounding the shroud and came to the conclusion that it is indeed the cloth that once contained the body of Jesus Christ. This thorough work addresses all of the issues in question including why the carbon-dating evidence of 1988 should not be accepted, how the shroud's Middle Eastern origin can be proven, how the famed image on the shroud was created, and how the shroud traveled from Palestine to Italy. This historical detective story, in paperback for the first time, includes an update by Clare Stevens on the most recent research and findings.

The Shroud of Christ Michael Kowalski, 2023-06-30 The Shroud of Turin has been the focus of extensive study by historians and researchers since the beginning of the twentieth century. It is possibly the world's most studied historical artifact, generating a regular flow of new research publications. There is, however, one scientific test that overshadows all other research: the 1988 radiocarbon dating. This test dated the cloth to the period 1260-1390AD and was given such extensive publicity that most people today no longer accept the Shroud to be a true relic. Sadly, very few people are aware that this test has been widely criticized for falling short of acceptable scientific standards. Similarly, most people remain unaware of the wealth of compelling evidence that contradicts the conclusions of that test and supports claims of the Shroud's authenticity. This book reveals extracts from secret discussions on dating evidence from the Shroud Science Group, a private, international forum of Shroud researchers and provides a detailed account of the dating evidence revealed by over

a hundred years of research. It outlines reasons why the 1988 radiocarbon dating test continues to attract criticism from respected scientists and also describes a series of innovative flax dating techniques which have recently been used measure the age of Shroud material, producing results that contradict the radiocarbon date.

Sacred Blood, Sacred Image Janice Bennett, 2005-06-01 This is the story of the Sudarium of Oviedo, an ancient bloodstained cloth, believed to have covered the head of Jesus of Nazareth after his crucifixion. The author traces the known history of the linen and presents the up-to-date conclusions of EDICES. The investigative team that has been studying the cloth since 1989, discusses the cultural significance of the crucifixion and blood in the context of first-century Jerusalem. They demonstrate the significance of the famous passage of John 20:5-7, as analyzed by some of the most important Biblical scholars of the world. The book contains twenty pages of color photographs, many of which are from EDICES. These photographs explain visually the bloodstains and wrinkles found on the cloth, how the cloth was used, its comparison with the Shroud of Turin and the historical odyssey from Jerusalem to Spain.

The Shroud of Turin Ian Wilson, 1978 Presents evidence for the authenticity of the Shroud of Turin, believed by many to be the linen cloth in which Christ was wrapped and laid in the tomb, bearing a photographic imprint of Christ's face and body, including the wounds of his Passion.

The Turin Shroud Mark Niyr, 2020-11-02 The Turin Shroud is an intriguing scientific journey exploring one of the greatest mysteries of the world. It has captivated the curiosity of international scientists, as well as religious and non-religious inquirers. Hopefully, this book will elucidate insights which a casual observer may not think to consider, thereby enabling nonscientists to grasp the significance of findings that so astounds the scientific community. The Jewish perspective is also unique and intriguing. It elicits important insights: placing events and transporting readers into its historical context with surprising results. All facts have been meticulously documented with hundreds of notes and references. Foreword by Mark Antonacci, who is one of the world's leading authorities on the Shroud.

Evidences for God and His Creations: Nature, the Flood, and the Bible Dr. T. J. Tofflemire, 2011-07-21 This book provides summary apologetics from about 200 references. It is unique in that many authors with differing viewpoints are put together in brief key point summaries. Some of the books covered are 1100 pages long. The original authors' views are briefly integrated and compared. The different views of creation are also discussed and compared and given an open minded weighing. Are you concerned about the fact that 70% of our youth no longer attend church and do not have a biblical world view? The naturalistic or humanistic world view they adopt from schooling favors the following: 1. Man evolved from

primates and is a biological machine with no purpose. 2. There is no source of true morals and thus morals are relative and determined by whatever a given group decides or whatever is most popular. 3. Since man is only an animal, there is no basis for individual human rights, only rights for the masses. There are some good arguments provided in the book to counter all of this and provide a biblical world view. These arguments are brief and easy to share in witnessing situations.

The Truth About the Shroud of Turin Robert Wilcox, 2010-03-09 Relying on new scientific research, the author presents a detailed argument that the Shroud of Turin belonged to Jesus.

Assessing the New Testament Evidence for the Historicity of the Resurrection of Jesus William L. Craig, 2024-02-22 This volume is the sequel to its companion volume *The Historical Argument for the Resurrection of Jesus during the Deist Controversy*. It comprises a thorough examination of the New Testament materials undergirding the historicity of Jesus' resurrection, focusing on Jesus' empty tomb, his post-mortem appearances, and the origin of his disciples' belief in Jesus' resurrection. This revised edition includes Appendices in response to the competing views of J. Robinson, J. D. Crossan, G. Lüdemann, and D. Allison.

The Turin Shroud Lynn Picknett, Clive Prince, 2007-03-26 In this fully revised and updated edition, the bestselling authors of *The Templar Revelation* present new and compelling evidence linking Leonardo da Vinci with the forgery of Christianity's most famous relic. For centuries the Turin Shroud was believed to be Christ's authentic burial cloth, miraculously imprinted with his image -- but in 1988 carbon dating revealed it is a medieval- or Renaissance-era forgery. However, authors Lynn Picknett and Clive Prince realized that the 1988 discovery prompted even more questions: The image seems to be a photograph -- so could the Turin Shroud actually be the world's first photograph? If the face of the man on the Shroud is not Jesus', whose is it? Who had the sheer audacity to create what would become an infamous relic of Christianity, faking even Christ's holy, redemptive blood? Whoever did this was not only a genius but also a heretic.... After more than a decade of research, Picknett and Prince have accumulated evidence that shows not only was the forger of the Turin Shroud none other than Leonardo da Vinci but also that he used his own face for that of Christ. The Turin Shroud is, among other things, a five-hundred-year-old photograph of Leonardo da Vinci. Could Christianity's greatest relic in fact be an attempt to undermine the religion itself?

New Evidence for Two Human Origins Gary T. Mayer, 2007-01-29 The subject of human origins is a topic that not only feeds our curiosity; it also offers to be a topic that can bring us greater meaning to our lives. It has been assumed by many scientists and biblical scholars that the human race emerged from a single nucleus. Could this have been a wrong assumption? New evidence has come to light indicating that Adam and Eve's descendants married into an existing race. Where did this existing race come from? When and where did these two races merge? This book provides a thesis which answers all these questions and, in so doing, harmonizes the teaching of the Bible and the true teachings of science.

The World's Most Mysterious Objects Patricia Fanthorpe,2002-10-01 Objects can carry romantic myths, embody dangerous curses, or provide links to our past. Some mysterious items, like the Hope Diamond, can still be found today, while others, like the Philosophers' Stone, have vanished into the mists of time. Gifted and sensitive psychometrists can apparently pick up an object and learn many things about its past and its previous owners. *The World's Most Mysterious Objects* provides a glimpse into these enigmas, exploring everything from psychic weapons and spiritual icons to alchemical experiments and strange devices. With this intriguing book, find out what secrets the world could be hiding.

The Proof of God Douglas Summers,2024-11-14 What has happened to Christianity in America? With the freedom of religion at our disposal, Americans have crafted a multitude of interpretations and practices based on the Holy Bible, leading to a remarkable diversification of Christianity across the nation. In *The Proof of God*, Douglas Summers explores some of humanity's most pressing questions about the intersection of faith and science. Through thoughtful analysis and engaging discussions, he invites readers to reconsider their beliefs and the nature of God in a contemporary context. This book serves as a guide for anyone seeking to understand the evolving landscape of spirituality in America.

The Awakening of Global Consciousness Jawara D. King, D.D.,2010-07-26 One of the world's leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises, offering effective steps to change the world and integrate all levels of our Being. Religion is psychological entrapment promoting the controlled behavior of the herd civilization. Institutionalized organized religion is the cause of enslavement, violence, prejudice, hatred, classism, and war. False religious institutions created god in their own personal image and after the likeness of their own mind for control and money. Every religious holy book has been altered, dissected, rewritten, and censored to appear as the word of God, and all the gods of religious holy books are controlled by fundamentalists. Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious-slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear; to control others and solicit money. *The Awakening of Global Consciousness* is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions.
