About the Novel: The City of Ember tells the tale of a society living underground for hundreds of years and the two kids who must bring them into the light. Hundreds of years earlier, a group of people descended underground in hopes to save the human race from extinction. They had enough supplies and power to last them for over 200 years, at which point, instructions on how to return to the surface would be revealed. The only problem is, no one knows these instructions exist, and when they are revealed, they are destroyed. It's up to Lina and Doon to decipher the few clues they have, locate the way out, and get this news back to their people. But it's not that easy. In their attempts to find the way out, Lina and Doon stumble on a conspiracy that involves the Mayor and city guards. As such, they are now being hunted as fugitives. Their nearly impossible task just got harder. Now they must race against the clock to escape from Ember with no knowledge of where they are going, and how they can get back to save everyone else.
