[Theology in Avatar: The Last Airbender](#) Anthony G. Cirilla, Michael Riggins, 2025-08-21 The beloved Uncle Iroh once told Prince Zuko, It's time to start asking the big questions. This statement is as true for us as viewers of Avatar: The Last Airbender as it is for the banished prince. This collection invites fans of one of the most popular animated shows in America to contemplate how the Avatar Universe prompts big questions about meaning. Avatar: The Last Airbender and its sequel series, The Legend of Korra, combine philosophical thoughts from both Eastern and Western perspectives, and this collection of twelve essays helps readers to recognize and consider those influences more deeply, from ideas as grand as the soul's relationship to the universe to the role tea can have in making a Zen master. Contributors consider the show from perspectives such as Buddhism, Taoism, the Hero's Journey, the theory of the elements, and many more.

[Avatar, the Last Airbender](#) Gene Luen Yang, Gurihiru, Michael Heisler, 2012 Picking up exactly where Avatar: The Last Airbender left off, The Promise takes Aang to a Fire Nation colony in the heart of the Earth Nation, where tensions between neighbors threaten to shatter the world's newfound peace-putting the Avatar on a collision course with one of his closest friends, FireLord Zuko.

[Drawing New Color Lines](#) Monica Chiu, 2014-11-01 The global circulation of comics, manga, and other such visual mediums between North America and Asia produces transnational meanings no longer rooted in a separation between Asian and American. Drawing New Color Lines explores the culture, production, and history of contemporary graphic narratives that depict Asian Americans and Asians. It examines how Japanese manga and Asian popular culture have influenced Asian American comics; how these comics and Asian American graphic narratives depict the look of race; and how these various representations are interpreted in nations not of their production. By focusing on what graphic narratives mean for audiences in North America and those in Asia, the collection discusses how Western theories about the ways in which

graphic narratives might successfully overturn derogatory caricatures are themselves based on contested assumptions; and illustrates that the so-called odorless images featured in Japanese manga might nevertheless elicit interpretations about race in transnational contexts. With contributions from experts based in North America and Asia, Drawing New Color Lines will be of interest to scholars in a variety of disciplines, including Asian American studies, cultural and literary studies, comics and visual studies. Drawing New Color Lines makes an exciting contribution to the rapidly expanding inquiry at the crossroads of Asian American literary studies, graphic narrative studies, and transnational studies. Foregrounding the shifting meanings of race within, across, and between various national contexts, the fifteen essays in Chiu's collection explore the visual dimensions of Asian American transnational literary culture with originality and offer particular insight into the complexities of production, interpretation, and reception for graphic narrative. — Pamela Thoma, author of *Asian American Women's Popular Literature: Feminizing Genres and Neoliberal Belonging* An informative, smart, and necessary collection. Drawing New Color Lines investigates a growing and important field—transnational Asian American comics—with sophistication and breadth. — Hillary Chute, author of *Graphic Women: Life Narrative and Contemporary Comics and Outside the Box: Interviews with Contemporary Cartoonists*
