

# Between Life And Death Dolores Cannon

Jess Redden

Between Death and Life Dolores Cannon, 1993 Dolores has accumulated information about the Death experience and what lies beyond through 16 years of hypnotic research and past-life therapy. While retrieving past-life experiences, hundreds of subjects reported the same memories when experiencing their death, the spirit realm, and their rebirth. This book also explores: \* Guides and guardian angels\* Ghosts and poltergeists\* Planning your present lifetime and karmic relationships before your birth\* The significance of bad lifetimes\* Perceptions of God and the Devil\* And much more

Summary of Dolores Cannon's Between Death and Life – Conversations with a Spirit Everest

Media, 2022-04-15T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 I am a regressionist, which is a popular term for a hypnotist who specializes in past life regressions and historical research. I have found that many people are afraid of the in-between life plane, which is called the dead state by regressionists. #2 I had to go back and remember my beliefs and thoughts as they were before the light entered. I wanted to write books about the people's versions of these historical periods, because each unknowingly corroborated the others' stories while in deep trance. #3 I have found that there is no reason to fear death. We subconsciously know what happens and what lies over there. We have all gone through it countless times before. So in my study of death, I have found the celebration of life. #4 When death occurs, there is a feeling of coldness and then suddenly the spirit is standing by the side of the bed or wherever it is, looking at their body. They usually can't understand why the other people in the room are so upset because they feel so wonderful.

**Discovering the Life Plan** Ann Merivale, 2012 This book shows how our lives have a Plan and how we can discover what we are here for. It should be of interest to spiritually-minded people of all ages, being based partly on my own experience of life (which includes bringing up a family of three and enjoying grandmotherhood), and partly on my years of working as a Deep Memory Process therapist.

**Memoirs of Awakening** Jerry L Staley III, 2024-09-03 Everything seen and unseen that exists in our universe consists of pure energy, light which resonates as vibratory frequency. We are light beings; our energy is something we put out into the world. When we notice and become one with this sacred interconnectedness of all things, we begin to take more responsibility for the energy we radiate. The sheer bliss of discovering your oneness with Source is inherent and magical, and the rise of kundalini which enables it is a most precious blessing. As you begin to remember who you are on a soul level,

there also exists a radical and sometimes debilitating process of letting go and embracing and embodying a profound paradigm shift. In this book, the author explores a series of events which introduced him to this unseen energetic world and led him down a path of no return, to the true nature of existence. Story by story, he begins to see himself not only as a being of light, one whose existence is full of supernatural splendor and miraculous healing ability, but as an example and a reminder of the joys and responsibilities that accompany spiritual awakening. This story leaves out none of the high highs and the low lows.

*Framework of Reality: Understanding Our Subtle Spiritual Nature* Douglas Kinney, 2014-06-06 Framework of Reality highlights unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe. Scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge about strange and unusual phenomena observed in quantum physics, cosmology, biology, psychology, disease and healing, death, and reincarnation investigations. It is a companion book to *Frontiers of Knowledge*, which is a large research book with all the details and all the references. Framework provides all the same information in a summary form. (It can be considered the Cliffs Notes for *Frontiers of Knowledge*.) Insights from quantum physics suggest that the basis of our physical universe is mental—conscious thought. Other discoveries are causing us to redefine our concepts of mind and this elusive thing we call consciousness. The verified near-death out-of-body experiences (OBEs) show that consciousness can exist in a nonphysical form—indicating that mind is not tied to the physical brain. New concepts of reality are also needed to explain the incredibly fine-tuned characteristics of our physical universe. The mysterious nature of dark energy and dark matter suggests that their source resides in subtle-energy dimensions. Strong hints of subtle dimensions are also provided in near-death OBEs, subtle-energy healings, and documented accounts of very unusual mind-body effects. Thousands of between-lives spiritual regression cases and the deeper near-death experiences provide us with fairly consistent descriptions of a nonphysical realm populated by souls living in a highly developed culture that is interacting with humans. This revolutionary information demands a revised and expanded view of reality—one in which spirituality is the underlying source of reality. Highlights on all of the above and more are presented in *Framework of Reality*, and they provide readers with the outline of this new revolution in knowledge.

**Dolores Cannon's Teachings** K.A Wilson, 2025-02-03 *Dolores Cannon's Teachings: A Journey Beyond the Veil* is a transformative exploration of the ground breaking work of Dolores Cannon, a renowned hypnotherapist and author who delved deep into the mysteries of the subconscious mind and the afterlife. In this insightful guide, K.A. Wilson brings to life Cannon's teachings, offering readers a profound journey into past lives, reincarnation, soul development, and the spiritual realms beyond. Through practical wisdom and thought-provoking insights, this book provides a roadmap for expanding your consciousness, understanding the afterlife, and connecting with your higher self. *Dolores Cannon's Teachings* guides readers

on how to access their own spiritual potential, tap into universal knowledge, and experience personal growth through the power of past life regression and deep hypnosis. Whether you're exploring spiritual awakening, seeking a deeper understanding of life's purpose, or curious about the mysteries of the universe, this book offers an accessible and enlightening approach to uncovering the truth that lies beyond the veil.

**What We Know Now!** Jenny Kelly, Mairead Ronan, 2024-10-24 Across twenty years of friendship, Jenny Kelly and Mairead Ronan have experienced single life, marriages, divorce, motherhood, career dilemmas, grief, diets, dodgy hairstyles, stress, ageing, bad times and good times too. Here, along with their well-earned wisdom about the serious (and sometimes funny) business of life, they share their thoughts on how to navigate grown-up friendships, what it means to be in a relationship, and how to stop worrying about having it all and start figuring out what it is you actually want! You'll also discover essential truths, like why you will never have Pocahontas hair (and why that's okay), why there's no greater joy than a deep clean with your favourite spray mop (just Jenny?), and how staring at trees can make you happier than owning a Mulberry handbag. What We Know Now doesn't claim to solve all your problems, but it will provide good company, give you a laugh, and help you feel less alone through the unavoidable ups and downs of life. 'Down-to-earth, practical advice with a great sense of humour.' Miriam O'Callaghan 'A book about real life – the lovely parts and the messy parts. Reading it is like having a cup of tea with a good friend.' Derval O'Rourke

**From Darkness to Light** Despo Pishiri, 2021-08-16 During a client hypnosis session, author Despo Pishiri unintentionally managed to communicate with her Higher Self. The client was in a deep state of hypnosis, and Despo's Higher Self used this opportunity to talk to her through her client. The Higher Self provided valuable information about Despo's past lives which triggered her curiosity to understand the mechanisms involved in the process of spiritual development. This initial channeling encouraged her to find her true self, and it became the catalyst for writing this, her first book, *From Darkness to Light*. With a blend of personal and professional testimony, she reinforces the message of love, compassion, and tolerance inherent in the three religions of Hinduism, Buddhism, and Christianity against the backdrop of knowing who you are. She stresses the similarities between the three religions and reinforces the ideas of their teachings.

Useful and enlightening, *From Darkness to Light* shares Despo's personal discoveries as well as offers principles about self and healing your body, mind and spirit.

Awakening of a Warrior Michael Jaco,2023-10-01 Numerous great thinkers have believed in the transmigration of the soul. General Patton, Gandhi, Henry Ford, the Dalai Lama, all discussed memories of, or beliefs in, having past lives. The great philosophers Pythagoras, Socrates, Plato, Aristotle, and even Saint Augustine believed in the rebirth of the soul. *Awakening of a Warrior* is the result of Jaco's investigation—his treasure hunt—into the lifetimes he experienced before the present. Included are his lives as King Abimelech of Gerar, who allied with Abraham in the creation of a new religion called Judaism; Cyrus the Great, who unified all of Persia and implemented Zoroastrianism as the state religion; and Marcus Furius Camillus, who came to be considered the second founder of Rome.

**Serve** Anne Marie Allen,2025-06-12 Anne Marie Allen was fifteen when she was accepted onto a cookery school course that promised real qualifications and a future in the career of her dreams. Seeking a better life, she moved to the calm and peaceful countryside of the west of Ireland. However, her happiness was short-lived as it became clear she had been tricked instead into a life of domestic servitude to the members of the Opus Dei cult. She was then whisked away to Rome where she signed her life away with vows to serve. What followed were years of misery in slavery, forced celibacy and traumatic physical suffering under an ambitious and tyrannical institution that demanded perfection, humiliation and pain. Eventually her family managed to coerce a visit home where they refused to let her return to the Order, and where they began the long process of deprogramming Anne Marie - a task that has been a life-long struggle. *Serve* is a truly remarkable story of strength and resilience in the face of religious zealotry.

*Relax. . . You're Not Going to Die Part 2* Darryl Philip,2024-03-19 Twenty years ago, we just didn't have the enormous weight of evidence from our contemporary messengers of God, our near-death experiencers, the gifted psychic mediums, our ancient spiritual teachers, and last but not least the brilliant and courageous scientists and medical doctors. Now, through part 1 and part 2 of *Relax...You're Not Going to Die*, we're finally able to address and answer some of the most perplexing questions about God and life and why our lives are the way they are. We know now that God is not working in mysterious ways but has a definitive plan in place for each and every one of us. This is a time of our spiritual awakening. Your life is more perfect than you know. We are all magnificent, divine, immortal spiritual beings that choose this earthly life for the spiritual growth it offers. You are invited to examine and explore the overwhelming evidence.

Frontiers of Knowledge: Scientific and Spiritual Sources for a New Era Douglas Kinney,2014-06-06 *Frontiers of Knowledge* is the story of unfolding developments that are revolutionizing our understanding of ourselves and our place in the universe. We are birthing a new era in which our ideas about the nature and source of reality are swiftly changing. Insights from quantum physics suggest that the basis of our physical world is actually mental—conscious thoughts. Other

discoveries are causing us to redefine our concepts of mind and the elusive thing we call consciousness. All strongly hint that spirituality is the underlying source of everything. Frontier scientists and scientifically trained researchers are providing us with a rich and expanding base of knowledge through systematic investigations of startling phenomena that have been observed in quantum physics, cosmology, biology, psychology, disease and healing, death, near-death experiences, reincarnation experiences, and those occurring in spiritual hypnosis on the nature of the spiritual realm. New concepts of reality are especially needed to explain the incredibly finetuned characteristics and the mysterious nature of our physical universe. Ninety-five percent of the universe's energy and mass are a mystery to scientists, and for the moment, we resort to naming them dark matter and dark energy. The last time a comparable knowledge revolution occurred was in the late sixteenth century when astronomers determined that the planets revolved around the sun, not the earth. Historians call it the Copernican Revolution because it led to modern Western science. From one perspective, the new era predicted in this book—a revolution in its own right—can be considered the completion of the quantum revolution by defining and explaining the role of consciousness in our universe. An underlying aspect of this new revolution is the sense that humanity is moving into a new era of rapidly expanding knowledge of the human spirit (our soul aspect) and non-physical realities. Until now, this emerging knowledge has not been organized into a coherent and comprehensive structure. *Frontiers of Knowledge* provides the first outline of this new structure of reality.

**Angels Watching Over Me** Jacky Newcomb, 2007-10-01 The souls of our loved ones take a keen interest in our lives here on earth. *Angels Watching Over Me* offers a glimpse into the magical stories of communication between our world and the next. These messages will bring comfort and healing to anyone who has lost someone close to them, whether recently or long ago. In this book, Jacky Newcomb illustrates the power of real-life spontaneous afterlife experiences and how they show that life goes on after we leave the physical realm. These stories have much in common with the classic angel experience and show that the souls of your loved ones watch over you as you live your life.

*Sleep Hacks* Keith Barry, 2024-09-19 Harness the power of your mind for better sleep. Renowned brain hacker Keith Barry has spent his career mastering the science of hypnosis and sleep, aiding countless individuals in overcoming damaging sleep patterns while establishing new, beneficial habits.
