*Cursed Objects* Jason Christie,2019-04-10 Now that we've sold ourselves to ourselves, shuffling letters and sounds around to hide the pain, how do we represent the uncanny valley in which we've set up shop? In *Cursed Objects*, Jason Christie recoils in horror at the thoroughness of his self, then begins to write toward a new understanding brokered between all the things that define him and who he thinks he should be and interrogates how we reduce people to words, especially online, turning them into objects.

**Black Rhythms of Peru** Heidi Feldman,2023-02-28 Winner of the IASPM's Woody Guthrie Award (2007) In the late 1950s to 1970s, an Afro-Peruvian revival brought the forgotten music and dances of Peru's African musical heritage to Lima's theatrical stages. The revival conjured newly imagined links to the past in order to celebrate—and to some extent recreate—Black culture in Peru. In this groundbreaking study of the Afro-Peruvian revival and its aftermath, Heidi Carolyn Feldman reveals how Afro-Peruvian artists remapped blackness from the perspective of the Black Pacific, a marginalized group of African diasporic communities along Latin America's Pacific coast. Feldman's ethnography of remembering traces the memory projects of charismatic Afro-Peruvian revival artists and companies, including José Durand, Nicomedes and Victoria Santa Cruz, and Perú Negro, culminating with Susana Baca's entry onto the global world music stage in the 1990s. Readers will learn how Afro-Peruvian music and dance genres, although recreated in the revival to symbolize the ancient and forgotten past, express competing modern beliefs regarding what constitutes Black Rhythms of Peru.

**Discover UK Shoegaze and Dream Pop** Vernon Joynson,2023-10-20 Discover UK Shoegaze and Dream Pop is an excellent comprehensive guide to the development of both genres in the UK. It includes detailed discographies, personnel details, biographies, analysis of their music and, where applicable, rarity ratings for all the 80s and 90s acts featured. You'll recognise some names but several less well known acts are included too. There's also a detailed postscript section on the re-emergence of Shoegaze and Dream Pop in the UK in the 21st century and the bands involved in it. This book is the latest in a quartet of books Vernon has written about UK music commencing with the Two Volume Tapestry of Delights (2014), A Sharp Shock To The System (2019) and The Britpop Bible (2022). These three previous titles appeared in print but in view of the

cost of living crisis Discover UK Shoegaze and Dream Pop has been published digitally to reduce the retail price and make it affordable for more of you. You will discover a lot about UK Shoegaze and Dream Pop from this book, which is profusely illustrated throughout. There is nothing similar out there!

Black-Native Autobiographical Acts Sarita Cannon,2021-06-10 In 2012, an exhibition at the National Museum of the American Indian entitled “IndiVisible: African-Native American Lives in the Americas” illuminated the experiences and history of a frequently overlooked multiracial group. This book redresses that erasure and contributes to the growing body of scholarship about people of mixed African and Indigenous ancestry in the United States. Yoking considerations of authenticity in Life Writing with questions of authenticity in relationship to mixed-race subjectivity, Cannon analyzes how Black Native Americans navigate narratives of racial and ethnic authenticity through a variety of autobiographical forms. Through close readings of scrapbooks by Sylvester Long Lance, oral histories from Black Americans formerly enslaved by American Indians, the music of Jimi Hendrix, photographs of contemporary Black Indians, and the performances of former Miss Navajo Radmilla Cody, Cannon argues that people who straddle Black and Indigenous identities in the United States unsettle biological, political, and cultural metrics of racial authenticity. The creative ways that Afro-Native American people have negotiated questions of belonging, authenticity, and representation in the past 120 years testify to the empowering possibilities of expanding definitions of autobiography.

Black Yellow Dogs Ben Kinchlow,2008-04-01 Black Yellow Dogs was written specifically to address the failure of the African American community to vote according to principle. Their leadership tends to commit them to the Democratic Party. They vote without regard to Candidates or issues. This book is designed to encourage them to vote principle not party. The book is also written to help bridge the gap between conservatives and Blacks, who are natural allies, and to dispel some of the myths that each group holds about the other.

*RED, BROWN, YELLOW, BLACK, WHITE -- WHO'S MORE PRECIOUS IN GOD'S SIGHT?* Leroy Barber, 2014-09-09

Drawing upon two decades of mission experience, Leroy Barber exposes the racial divisions within Christian ministries and offers practical and comprehensive solutions for promoting diversity. *Red, Brown, Yellow, Black and White* highlights the historic patterns that have created racial discrepancies within missions. It joins the essential canon created by touchstone books like *Divided by Faith* by Michael Emerson and Christian Smith and the ever-popular *Race Matters* by Cornel West. With a no-blame attitude, powerful personal narratives from a dozen other black, Hispanic, Asian, Native American and white Christians, interactive histories of missions, and the writings of MLK and Howard Thurman (the entire Letter From Birmingham Jail and Howard Thurman's motivational speech *Sound of the Genuine*), Barber addresses this tough issue in a way that will inspire and motivate readers of all races toward change.

**A Century of Musicals in Black and White** Bernard L. Peterson Jr.,1993-10-25 This comprehensive reference book provides succinct information on almost thirteen hundred musical stage works written and produced from the 1870s to the 1990s involving contributions by black librettists, lyricists, composers, musicians, producers, or performers or containing thematic materials relevant to the black experience. Organized alphabetically, they include tent and outdoor shows, vaudeville, operas and operettas, comedies, farces, spectacles, revues, cabaret and nightclub shows, children's musicals, skits, one-act musicals, one-person shows, and even a musical without songs. In addition to the hundreds of shows independently created, produced, and performed by black writers and theatrical artists, it presents hundreds more representing a collaboration of black and white talents. An appendix organizes the shows chronologically and highlights those that were most significant in the history of the black American musical stage. An extensive bibliography and indexes of names, songs, and subjects complete the work.

**Emily D. West and the "Yellow Rose of Texas" Myth** Phillip Thomas Tucker,2014-02-07 For the first time, the true story of The Yellow Rose of Texas is told in full, revealing a host of new insights and perspectives on one of America's most popular stories. For generations, the Yellow Rose of Texas has been one of America's most popular western myths, growing larger over time and little resembling the truth of what happened on April 21, 1836, at the battle of San Jacinto, where a new Texas Republic won its independence. The woman who has been popularly connected to the story was an ordinary but also quite remarkable free black woman from the North, Emily D. West. This work reconstructs her experience, places it in full context and explores the evolution of a most fanciful myth.

**Indigeneity in African Religions** Afe Adogame,2021-11-18 Based on religious ethnography, in-depth interviews and archival data, Indigeneity in African Religions explores the historical origins, worldviews, cosmologies, ritual symbolism and praxis of the indigenous Oza people in South West Nigeria. The author's locationality and positionality plugs the book within decolonizing knowledges and indigeneity discourses, thus unpacking the complexity of "indigeneity" and contributing to its conceptual understanding within socioreligious change in contemporary Africa. The future of Oza indigeneity in the face of modernity is illuminated against the backlash of encounters, contestations with multiple hegemonies, transmissions of Christianity and Islam and indigenous (re)appropriations. Thus, any theorizations of such encounters must be cognizant of instantiations of indigeneity politics and identity, culture, tradition and power dynamics. Through decolonizing burdens of

history, memory and method, Afe Adogame demonstrates a framework of understanding Oza indigenous religious,sociocultural and political imaginaries.
