**Aaron X. Smith**

Blue Rage, Black Redemption Stanley Tookie Williams, 2007-11-13 A gripping tale of personal revolution by a man who went from Crips cofounder to Nobel Peace Prize nominee, author, and anti-gang activist. When his LA neighborhood was threatened by gangbangers, Stanley Tookie Williams and a friend formed the Crips, but what began as protection became worse than the original gangs. From deadly street fights with their rivals to drive-by shootings and stealing cars, the Crips' influence—and Tookie's reputation—began to spread across LA. Soon he was regularly under police surveillance, and, as a result, was arrested often, though always released because the charges did not stick. But in 1981, Tookie was convicted of murdering four people and was sent to death row at San Quentin in Marin County, California. Tookie maintained his innocence and began to work in earnest to prevent others from following his path. Whether he was creating nationwide peace protocols, discouraging adolescents from joining gangs, or writing books, Tookie worked tirelessly for the rest of his life to end gang violence. Even after his death, his legacy continues, supported by such individuals as Archbishop Desmond Tutu, Snoop Dogg, Jesse Jackson, and many more. This posthumous edition of *Blue Rage, Black Redemption* features a foreword by Tavis Smiley and an epilogue by Barbara Becnel, which details not only the influence of Tookie's activism but also her eyewitness account of his December 2005 execution, and the inquest that followed. By turns frightening and enlightening, *Blue Rage, Black Redemption* is a testament to the strength of the human spirit and an invaluable lesson in how rage can be turned into redemption.

*The Culture and Politics of Contemporary Street Gang Memoirs* Josephine Metcalf, 2012-07-02 The publication of Sanyika Shakur's *Monster: The Autobiography of an L.A. Gang Member* in 1993 generated a huge amount of excitement in literary circles—New York Times book critic Michiko Kakutani deemed it a “shocking and galvanic book”—and set off a new publishing trend of gang memoirs in the 1990s. The memoirs showcased tales of violent confrontation and territorial belonging but also offered many of the first journalistic and autobiographical accounts of the much-mythologized gang subculture. In *The Culture and Politics of Contemporary Street Gang Memoirs*, Josephine Metcalf focuses on three of these memoirs—Shakur's *Monster*; Luis J. Rodriguez's *Always Running: La Vida Loca: Gang Days in L.A.*; and Stanley “Tookie” Williams's *Blue Rage, Black Redemption*—as key representatives of the gang autobiography. Metcalf examines the conflict

among violence, thrilling sensationalism, and the authorial desire to instruct and warn competing within these works. The narrative arcs of the memoirs themselves rest on the process of conversion from brutal, young gang bangers to nonviolent, enlightened citizens. Metcalf analyzes the emergence, production, marketing, and reception of gang memoirs. Through interviews with Rodriguez, Shakur, and Barbara Cottman Becnel (Williams's editor), Metcalf reveals both the writing and publishing processes. This book analyzes key narrative conventions, specifically how diction, dialogue, and narrative arcs shape the works. The book also explores how these memoirs are consumed. This interdisciplinary study—fusing literary criticism, sociology, ethnography, reader-response study, and editorial theory—brings scholarly attention to a popular, much-discussed, but understudied modern expression.

**The Crisis** ,2006-01 The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

*Crips and Bloods* Herbert C. Covey,2015-06-23 This book provides a concise and engaging examination of the subculture of the Crips and Bloods—the notorious street gangs that started in Los Angeles, but have now spread throughout the United States. Despite the dangers and harsh realities intrinsic to street life and criminal activity, the no-holds-barred lifestyle of gangs continues to interest mainstream America. This provocative book provides an insider's look into the subculture of two of the most notorious street gangs—the Crips and the Bloods. *Crips and Bloods: A Guide to an American Subculture* traces the evolution of the two gangs, covering their origins in South Central Los Angeles to the organizations' current presence throughout the United States. The author analyzes the ways in which the gang subculture is created, promoted, and perpetuated; shows how the groups currently recruit their members; and explores the ways Crip and Blood culture has expanded beyond the gangs into the larger mainstream society.

**Rapper, Writer, Pop-Cultural Player** Josephine Metcalf,Will Turner,2016-04-08 This collection of essays critically engages with factors relating to black urban life and cultural representation in the post-civil rights era, using Ice-T and his myriad roles as musician, actor, writer, celebrity, and industrialist as a vehicle through which to interpret and understand the African American experience. Over the past three decades, African Americans have faced a number of new challenges brought about by changes in the political, economic and social structure of America. Furthermore, this vastly changed social landscape has produced a number of resonant pop-cultural trends that have proved to be both innovative and admired on the one hand, and contentious and divisive on the other. Ice-T's iconic and multifarious career maps these shifts. This is the first book that, taken as a whole, looks at a black cultural icon's manipulation of (or manipulation by?) so many different forms

simultaneously. The result is a fascinating series of tensions arising from Ice-T's ability to inhabit conflicting pop-cultural roles including: 'hardcore' gangsta rapper and dedicated philanthropist; author of controversial song Cop Killer and network television cop; self-proclaimed 'pimp' and reality television house husband. As the essays in this collection detail, Ice-T's chameleonic public image consistently tests the accepted parameters of black cultural production, and in doing so illuminates the contradictions of a society erroneously dubbed 'post-racial'.

**Silencing Citizens** Andrew Cesare Miller, 2024-05-31 This book explains how criminal groups constrain cooperation with police, and what can be done about it.

**Letters to an Incarcerated Brother** Hill Harper, 2014-04 Originally published in hardcover in 2013.

**City of Segregation** Andrea Gibbons, 2018-09-18 A majestic one-hundred-year study of segregation in Los Angeles City of Segregation documents one hundred years of struggle against the enforced separation of racial groups through property markets, constructions of community, and the growth of neoliberalism. This movement history covers the decades of work to end legal support for segregation in 1948; the 1960s Civil Rights movement and CORE's efforts to integrate LA's white suburbs; and the 2006 victory preserving 10,000 downtown residential hotel units from gentrification enfolded within ongoing resistance to the criminalization and displacement of the homeless. Andrea Gibbons reveals the shape and nature of the racist ideology that must be fought, in Los Angeles and across the United States, if we hope to found just cities.

The Oxford Handbook of the Literature of the U.S. South Fred Hobson, Barbara Ladd, 2016-01-04 The Oxford Handbook of the Literature of the U.S. South brings together contemporary views of the literature of the region in a series of chapters employing critical tools not traditionally used in approaching Southern literature. It assumes ideas of the South--global, multicultural, plural: more Souths than South--that would not have been embraced two or three decades ago, and it similarly expands the idea of literature itself. Representative of the current range of activity in the field of Southern literary studies, it challenges earlier views of antebellum Southern literature, as well as, in its discussions of twentieth-century writing, questions the assumption that the Southern Renaissance of the 1920s, 1930s, and 1940s was the supreme epoch of Southern expression, that writing to which all that had come before had led and by which all that came afterward was judged. As well as canonical Southern writers, it examines Native American literature, Latina/o literature, Asian American as well as African American literatures, Caribbean studies, sexuality studies, the relationship of literature to film, and a number of other topics which are relatively new to the field.

Street-Gang and Tribal-Warrior Autobiographies H. David Brumble, 2018-04-10 Street-Gang and Tribal-Warrior Autobiographies is a study of the autobiographies of tribal-warrior cultures in North America, the Amazon, the Orinoco Basin, the highlands of Luzon, the island of Alor — of headhunters, women, Apaches, New Guinea big men and a Yanomami captive. The book also discusses tribal-warrior autobiographies closer to home: Colton Simpson's Inside the Crips, Mona Ruiz's Two

Badges, Nathan McCall's *Makes Me Wanna Holler* and Sanyika Shakur's *Monster*, autobiographies that remember gangbanging at a time when there were close to 500 gang-related homicides a year in Los Angeles—a time when gangbangers were so alienated from the larger society that they reinvented something very similar to the tribal-warrior cultures right in the asphalt heart of American cities. Grisly, probing and resonant with the voices of generations of fighters, *Street-Gang and Tribal-Warrior Autobiographies* is an unsettling work of cross-disciplinary scholarship.

**Afrocentricity in AfroFuturism** Aaron X. Smith, 2023-10-30 Contributions by Taharka Adé, Molefi Kete Asante, Alonge O. Clarkson, John P. Craig, Ifetayo M. Flannery, Kofi Kubatanna, Lehasa Moloi, M. Ndiika Mutere, and Aaron X. Smith In the twenty-first century, AfroFuturism—a historical and philosophical concept of the future imagined through a Black cultural lens—has been interpreted through a myriad of writers, artists, scientists, and other visionary creatives. In *Afrocentricity in AfroFuturism: Toward Afrocentric Futurism*, editor Aaron X. Smith curates a collection of interdisciplinary essays that critiques existing scholarship on Black futurity. In contrast to much previous work, these essays ground their explorations in African agency, centering the African within historical and cultural reality. Situating Afrocentricity as the field's foundational root and springboard for an expansive future, contributors detail potential new modes of existence and expression for African people throughout the diaspora. Divided into two parts—Representations and Transformations—this book examines the tensions created by historical and cultural dislocation of African peoples and consciousness. Contributors cover varied topics such as the intersections of culture and design; techno culture; neuroscience; and the multiplicity of African cultural influences in aesthetics, oratory, visual art, hip hop, and more. Essays range from theoretical analyses to close readings of history and popular culture, from the Haitian Revolution to Sun Ra, Janelle Monáe's *Dirty Computer*, and Black Panther. *Afrocentricity in AfroFuturism* offers an expansive vision of AfroFuturism and its ranging significance to contemporary culture and discourse.

**From Uncle Tom's Cabin to The Help** C. Garcia, V. Young, C. Pimentel, 2014-08-13 This book surveys the cultural, literary, and cinematic impact of white-authored films and imaginative literature on American society from Harriet Beecher Stowe's *Uncle Tom's Cabin* to Kathryn Stockett's *The Help*.

*African Americans and Criminal Justice* Delores D. Jones-Brown, Beverly D. Frazier, Marvie Brooks, 2014-07-15 Does justice exist for Blacks in America? This comprehensive compilation of essays documents the historical and contemporary impact of the law and criminal justice system on people of African ancestry in the United States. *African Americans and Criminal Justice: An Encyclopedia* comprises descriptive essays documenting the ways in which people of African descent have been victimized by oppressive laws enacted by local, state, and federal authorities in the United States. The entries also describe how Blacks became disproportionately represented in national crime statistics, largely through their efforts to resist legalized oppression in early American history, and present biographies of famous and infamous Black criminal suspects and

victims throughout early American history and in contemporary times. Providing coverage of law and criminal justice practices from the precolonial period, including the introduction of African slaves, up to practices in modern-day America, this encyclopedia presents a frank and comprehensive view of how Americans of African descent have come to be viewed as synonymous with criminality. This book represents an essential learning resource for all American citizens, regardless of race or age.

Prison Life Writing Simon Rolston, 2021-06-30 *Prison Life Writing* is the first full-length study of one of the most controversial genres in American literature. By exploring the complicated relationship between life writing and institutional power, this book reveals the overlooked aesthetic innovations of incarcerated people and the surprising literary roots of the U.S. prison system. Simon Rolston observes that the autobiographical work of incarcerated people is based on a conversion narrative, a story arc that underpins the concept of prison rehabilitation and that sometimes serves the interests of the prison system, rather than those on the inside. Yet many imprisoned people rework the conversion narrative the way they repurpose other objects in prison. Like a radio motor retooled into a tattoo gun, the conversion narrative has been redefined by some authors for subversive purposes, including questioning the ostensible emancipatory role of prison writing, critiquing white supremacy, and broadly reimagining autobiographical discourse. An interdisciplinary work that brings life writing scholarship into conversation with prison studies and law and literature studies, *Prison Life Writing* theorizes how life writing works in prison, explains literature's complicated entanglements with institutional power, and demonstrates the political and aesthetic innovations of one of America's most fascinating literary genres.

*The Story of Swahili* John M. Mugane, 2015-07-15 Swahili was once an obscure dialect of an East African Bantu language. Today more than one hundred million people use it: Swahili is to eastern and central Africa what English is to the world. From its embrace in the 1960s by the black freedom movement in the United States to its adoption in 2004 as the African Union's official language, Swahili has become a truly international language. How this came about and why, of all African languages, it happened only to Swahili is the story that John M. Mugane sets out to explore. The remarkable adaptability of Swahili has allowed Africans and others to tailor the language to their needs, extending its influence far beyond its place of origin. Its symbolic as well as its practical power has evolved from its status as a language of contact among diverse cultures, even as it embodies the history of communities in eastern and central Africa and throughout the Indian Ocean world. *The Story of Swahili* calls for a reevaluation of the widespread assumption that cultural superiority, military conquest, and economic dominance determine a language's prosperity. This sweeping history gives a vibrant, living language its due, highlighting its nimbleness from its beginnings to its place today in the fast-changing world of global communication.

**Hidden in the Shadow of Truth** Reginald E. Hicks, 2010-05 *Hidden in the Shadow of Truth* was written by Reginald E. Hicks neither to absolve nor to indict black males for their current social condition. It was written rather to provide a

comprehensive and accurate explanation as to why so many black males seem to be led by the nose toward the prison doors. Why is it that black juveniles consistently outpace their white, Hispanic, and Asian counterparts by a margin of more than 2 to 1 in the commission of murders, aggravated assaults, weapons law violations, forcible rapes, robberies, and motor vehicle thefts? Why is it that blacks account for only 13 percent of the total U.S. population but a full 41 percent of the incarcerated? Hicks explains that the mentality of many black youth is a product of a very unique socialization process wherein the family, the school system, the peer group, and the mass media have collectively failed in their responsibilities, making black boys more prone to choosing the path of incarceration or enslavement through criminality. In this exceptional work, Reginald E. Hicks presents the truth, the whole truth, and nothing but the truth, letting the chips fall where they may.

**Street Teaching in the Tenderloin** Don Stannard-Friel, 2016-11-04 This book is an ethnographic account of San Francisco's most inner city neighborhood, the Tenderloin. Using its streets as campus and its people as teachers, Stannard-Friel uses storytelling as a way of explaining why inner city social problems, such as homelessness, drugs, prostitution, untreated mental illness, and death of young people by murders and suicides, exist and persist there. The work delves into who lives in the Tenderloin and why, the role of dedicated service providers in meeting people's needs and encouraging social change, and what lessons university students, many coming from their own challenging backgrounds, learn through community engagement and service learning that encourage understanding, compassion, and meaningful contributions to society. The work also explores how life in the area is changing, and why so many youth report that they "love living in the Tenderloin."

**Break Every Yoke** Joshua Dubler, Vincent Lloyd, 2019-11-13 Changes in the American religious landscape enabled the rise of mass incarceration. Religious ideas and practices also offer a key for ending mass incarceration. These are the bold claims advanced by Break Every Yoke, the joint work of two activist-scholars of American religion. Once, in an era not too long past, Americans, both incarcerated and free, spoke a language of social liberation animated by religion. In the era of mass incarceration, we have largely forgotten how to dream-and organize-this way. To end mass incarceration we must reclaim this lost tradition. Properly conceived, the movement we need must demand not prison reform but prison abolition. Break Every Yoke weaves religion into the stories about race, politics, and economics that conventionally account for America's grotesque prison expansion of the last half century, and in so doing it sheds new light on one of our era's biggest human catastrophes. By foregrounding the role of religion in the way political elites, religious institutions, and incarcerated activists talk about incarceration, Break Every Yoke is an effort to stretch the American moral imagination and contribute resources toward envisioning alternative ways of doing justice. By looking back to nineteenth century abolitionism, and by turning to today's grassroots activists, it argues for reclaiming the abolition spirit.
