Brad Hokanson, Marisa Exter, Amy Grincewicz, Matthew Schmidt, Andrew A. Tawfik

Inclusive Young Adult Fiction Melanie Ramdarshan Bold, 2019-01-04 This book examines 'diversity', or the lack thereof, in young adult fiction (YA) publishing. It focuses on cultural hegemony in the United Kingdom and explores how literary culture aimed at young adults reproduces and perpetuates 'racial' and ethnic cultural hierarchies. Diversity is described by the We Need Diverse Books project as 'all diverse experiences, including (but not limited to) LGBTQIA, Native, people of color, gender diversity, people with disabilities, and ethnic, cultural, and religious minorities'. This study focuses on people of colour. While previous studies have looked at the representation of ethnic minorities in books for children and young adults, this book examines the experiences of 'own voice' cultural producers that create a counter-narrative. Specifically, this book will investigate the output and experiences of British young adult fiction authors of colour (BAME authors) published in the UK during the period 2006-2016, drawing upon semi-structured interviews with a sample of authors.

Beyond Bombshells Jeffrey A. Brown, 2015-09-09 *Beyond Bombshells* analyzes the cultural importance of strong women in a variety of current media forms. Action heroines are now more popular in movies, comic books, television, and literature than they have ever been. Their spectacular presence represents shifting ideas about female agency, power, and sexuality. *Beyond Bombshells* explores how action heroines reveal and reconfigure perceptions about how and why women are capable of physically dominating roles in modern fiction, indicating the various strategies used to contain and/or exploit female violence. Focusing on a range of successful and controversial recent heroines in the mass media, including Katniss Everdeen from *The Hunger Games* books and movies, Lisbeth Salander from *The Girl with the Dragon Tattoo* novels and films, and Hit-Girl from the *Kick-Ass* movies and comic books, Jeffrey A. Brown argues that the role of action heroine reveals evolving beliefs about femininity. While women in action roles are still heavily sexualized and objectified, they also challenge preconceived myths about normal or culturally appropriate gender behavior. The ascribed sexuality of modern heroines remains Brown's consistent theme, particularly how objectification intersects with issues of racial stereotyping, romantic fantasies, images of violent adolescent and preadolescent girls, and neoliberal feminist revolutionary parables. Individual chapters study the gendered dynamics of torture in action films, the role of women in partnerships with male colleagues, young women as well as revolutionary leaders in dystopic societies, adolescent sexuality and romance in action narratives, the historical import of nonwhite heroines, and how modern African American, Asian, and Latina heroines both challenge and

are restricted by longstanding racial stereotypes.

Elsewhere in America David Trend,2016-04-28 Americans think of their country as a welcoming place where everyone has equal opportunity. Yet historical baggage and anxious times can restrain these possibilities. Newcomers often find that civic belonging comes with strings attached--riddled with limitations or legally punitive rites of passage. For those already here, new challenges to civic belonging emerge on the basis of belief, behavior, or heritage. This book uses the term elsewhere in describing conditions that exile so many citizens to some other place through prejudice, competition, or discordant belief. Yet, in another way, elsewhere evokes an undefined not yet ripe with potential. In the face of America's daunting challenges, can elsewhere point to optimism, hope, and common purpose? Through 12 detailed chapters, the book applies critical theory in the humanities and social sciences to examine recurring crises of social inclusion in the U.S. After two centuries of incremental progress in securing human dignity, today the U.S. finds itself torn by new conflicts over reproductive rights, immigration, health care, religious extremism, sexual orientation, mental illness, and fear of terrorists. Is there a way of explaining this recurring tendency of Americans to turn against each other? Elsewhere in America engages these questions, charting the ever-changing faces of difference (manifest in contested landscapes of sex and race to such areas as disability and mental health), their spectral and intersectional character (recent discourses on performativity, normativity, and queer theory), and the grounds on which categories are manifest in ideation and movement politics (metapolitics, cosmopolitanism, dismodernism).

Girls on Fire Sarah Hentges,2018-04-18 Under the threat of climate change, corruption, inequality and injustice, Americans may feel they are living in a dystopian novel come to life. Like many American narratives, dystopian stories often focus on males as the agents of social change. With a focus on the intersections of race, gender, class, sexuality and power, the author analyzes the themes, issues and characters in young adult (YA) dystopian fiction featuring female protagonists--the Girls on Fire who inspire progressive transformation for the future.

Recreatable Kevin Scott, 2014-02-01 ReCreatable begins with the story of a glass baking dish, the delectable aroma of tantalizing brownies, and an unseen defect that turns the promise of something delicious into a minor disaster, leaving glass fragments and brownies irretrievably intermingled. Both the dish and brownies are irrevocably lost. The implications for us are inescapable: created by God to reflect his glory and for his pleasure, we have been broken by sin to the point that we are completely useless to accomplish the purpose for which we were made. But, unlike the shattered brownie dish that gets discarded as worthless, God takes the shards of our lives and does the miraculous. He does not simply fit us back together. He takes those splinters of our destruction and uses them to re-create us: complete, restored, redeemed, and fitted to do and be all that he ever intended for us. ReCreatable leads us progressively through the impact of the creative genius of God in our lives. It points us to the reality of restored relationships, the resurrection of our role as true reflectors of God's glory, and the revolutionary life that can be ours when we learn to be true disciples—re-created to live well for God.

Letters from "Apartheid Street" Michael T. McRay, 2013-04-16 In 1984, Ron Sider challenged that until Christians are ready to risk everything in pursuit of peace, we dare never whisper another word about pacifism . . . Unless we are ready to die developing new nonviolent attempts to reduce conflict, we should confess that we never really meant that the cross was an alternative to the sword. From this challenge, Christian Peacemaker Teams was born. Nearly thirty years later, Michael McRay too explored Sider's challenge, interning with CPT in the West Bank city of Hebron. Alongside local and international peacemakers, McRay learned how to resist the violence of occupation, sharing in the stories of a suffering people as he struggled to embody the peaceable spirit of the rabbi from Nazareth. This book tells those stories. Drawing on his personal experience with the land and its history, McRay's raw letters home tackle critical issues relevant to peacemakers everywhere: What is really happening in Palestine that mainstream media fails to report? How are Palestinians' lives being affected? How can one be peaceable amidst such violence and oppression? How should Christian discipleship influence one's pursuits of peacemaking and reconciliation? McRay's letters illustrate both the challenge and promise of the cross in today's world.

The Passive Programming Playbook Paula Willey, Andria L. Amaral, 2021-05-11 This book offers 101 passive programming ideas that are extendable, adaptable, customizable, and above all, stealable-so your passive programming never runs dry. Passive programming is a cheap, quick, fun way to make all library customers feel like part of the community. It can support reading initiatives, foster family engagement, encourage visit frequency, and coax interaction out of library lurkers-while barely making a dent in your programming budget. Passive programming can be targeted at children, teens, adults, or seniors; used to augment existing programs; and executed in places where staff-led programming can't reach. It can be light-footed, spontaneous, and easily deployed to reflect and respond to current news, media, library events, and even the weather. But even passive programming pros run out of ideas sometimes, and when that happens, they want a fresh, funny source of inspiration.

Pure Julianna Baggott, 2012-02-08 Julianna Baggott presents her beautifully written, riveting, breakout novel, PURE, the first volume in her new post-apocalypse thriller trilogy. We know you are here, our brothers and sisters . . . Pressia barely remembers the Detonations or much about life during the Before. In her sleeping cabinet behind the rubble of an old barbershop where she lives with her grandfather, she thinks about what is lost-how the world went from amusement parks,

movie theaters, birthday parties, fathers and mothers . . . to ash and dust, scars, permanent burns, and fused, damaged bodies. And now, at an age when everyone is required to turn themselves over to the militia to either be trained as a soldier or, if they are too damaged and weak, to be used as live targets, Pressia can no longer pretend to be small. Pressia is on the run. Burn a Pure and Breathe the Ash . . . There are those who escaped the apocalypse unmarked. Pures. They are tucked safely inside the Dome that protects their healthy, superior bodies. Yet Partridge, whose father is one of the most influential men in the Dome, feels isolated and lonely. Different. He thinks about loss-maybe just because his family is broken; his father is emotionally distant; his brother killed himself; and his mother never made it inside their shelter. Or maybe it's his claustrophobia: his feeling that this Dome has become a swaddling of intensely rigid order. So when a slipped phrase suggests his mother might still be alive, Partridge risks his life to leave the Dome to find her. When Pressia meets Partridge, their worlds shatter all over again.

Why Reading Books Still Matters Martha C. Pennington, Robert P. Waxler, 2017-08-29 Bringing together strands of public discourse about valuing personal achievement at the expense of social values and the impacts of global capitalism, mass media, and digital culture on the lives of children, this book challenges the potential of science and business to solve the world’s problems without a complementary emphasis on social values. The selection of literary works discussed illustrates the power of literature and human arts to instill such values and foster change. The book offers a valuable foundation for the field of literacy education by providing knowledge about the importance of language and literature that educators can use in their own teaching and advocacy work.

The Book of Isaias Daniel Connolly, 2016-10-04 ****FIRST PLACE** for the Best Political/Current Affairs Book, International Latino Book Awards 2017 ****One of Southern Living's Best Books of 2016**** ****OFFICIAL SELECTION:** 2017 Social Justice Book List published by The National Network of State Teachers of the Year (NNSTOY) • Boston Public Library Latino Life Booklist • Chicago Public Library Hispanic Heritage Month Booklist • Books for Welcoming Week by King County Library System (Washington State) ****** A fast-paced nonfiction narrative that will help you understand today's immigration battles 18-year-old high school senior Isaias Ramos plays in a punk rock group called Los Psychosis and likes to sing along to songs by Björk and her old band, the Sugarcubes. He’s so bright that when his school’s quiz bowl goes on local TV, he acts as captain. The counselors at school want him to apply to Harvard. But Isaias isn’t so sure. He’s thinking about going to work painting houses with his parents, who crossed the Arizona desert illegally from Mexico. Despite the obstacles and his own doubts, Isaias sets out on the journey to become the first in his family to go to college. He faces make-or-break standardized testing, immigration bureaucracy and absurdly high college costs. And most importantly, the siren song of doubt. This simple story reflects broader truths. Mexican immigration has brought the proportion of Hispanics in the nation’s youth population to roughly one in four. Every day, children of immigrants make decisions about their lives that will shape our society and economy for generations. In the tradition of *Friday Night Lights* and *A Hope in the Unseen*, this deeply human narrative offers a powerful antidote to the heated political rhetoric about immigrants and their children.

Recharge Your Library Programs with Pop Culture and Technology: Linda D. Behen, 2013-06-17 Learn how to integrate pop culture and technology into school library programs and classrooms, and make today's digital content, mobile devices, and students' changing interests work to the educator's advantage. Today's school libraries need to evolve and meet the needs of 21st-century students—the instruction, programming, and library services must be relevant to today's learners. Additionally, the interactions between educators and the students are what make the critical difference in the students' learning, and turn the library and classroom into places where they will find, assimilate, experience, and understand information. This book provides practical strategies for using pop culture and technology trends to connect with easily distracted middle and high school students and hold their attention. Author Linda D. Behen addresses why school libraries are in transition and why there is a need for dramatic change. She discusses the evolution of all libraries in response to digital content; ubiquitous mobile devices such as smart phones, iPads, and other tablet computers; patrons' changing interests; and the ways in which schools and school libraries have found to effectively adapt to technology changes and student needs. This book is essential for middle and high school librarians and educators, library school students and instructors, and young adult public librarians.

Creating Identity in the Victorian Fictional Autobiography Heidi L. Pennington, 2018-04-30 This is the first book-length study of the fictional autobiography, a subgenre that is at once widely recognizable and rarely examined as a literary form with its own history and dynamics of interpretation. Heidi L. Pennington shows that the narrative form and genre expectations associated with the fictional autobiography in the Victorian period engages readers in a sustained meditation on the fictional processes that construct selfhood both in and beyond the text. Through close readings of *Jane Eyre*, *David Copperfield*, and other well-known examples of the subgenre, Pennington shows how the Victorian fictional autobiography subtly but persistently illustrates that all identities are fictions. Despite the subgenre's radical implications regarding the nature of personal identity, fictional autobiographies were popular in their own time and continue to inspire devotion in readers. This study sheds new light on what makes this subgenre so compelling, up to and including in the present historical

moment of precipitous social and technological change. As we continue to grapple with the existential question of what determines “who we really are,” this book explores the risks and rewards of embracing conscious acts of fictional self-production in an unstable world.

Alexandra Gastone has a simple plan: graduate high school, get into Princeton, work for the CIA, and serve her great nation. She was told the plan back when her name was Milena Rokva, back before the real Alexandra and her family were killed in a car crash. Milena was trained to be a sleeper agent by Perun, a clandestine organization from her true homeland of Olissa. There, Milena learned everything she needed to infiltrate the life of CIA analyst Albert Gastone, Alexandra’s grandfather, and the ranks of America’s top intelligence agency. For seven years, “Alexandra” has been on standby and life’s been good. Grandpa Albert loves her, and her strategically chosen boyfriend, Grant, is amazing. But things are about to change. Perun no longer needs her at the CIA in five years’ time. They need her active now. Between her cover as a high school girl—juggling a homecoming dance, history reports, and an increasingly suspicious boyfriend—and her mission in this high-stakes spy game, the boundaries of her two lives are beginning to blur. Will she stay true to the country she barely remembers, or has her loyalty shattered along with her identity?
