across the threshold of ordinary life into a world of natural and spiritual luminosity. Tell me, what is it you plan to do with your one wild and precious life? —Mary Oliver, *The Summer Day* (one of the poems in this volume) Winner of a 1991 Christopher Award Winner of the 1991 Boston Globe Lawrence L. Winship Book Award This book was published with two different covers. Customers will be shipped the book with one of the available covers.

New and Selected Poems, Volume One Mary Oliver, 2005-11-15 When *New and Selected Poems, Volume One* was originally published in 1992, Mary Oliver was awarded the National Book Award. In the fourteen years since its initial appearance it has become one of the best-selling volumes of poetry in the country. This collection features thirty poems published only in this volume as well as selections from the poet's first eight books. Mary Oliver's perceptive, brilliantly crafted poems about the natural landscape and the fundamental questions of life and death have won high praise from critics and readers alike. In *The Summer Day*, she asks, Tell me, what is it you plan to do / with your one wild and precious life? Do you love this world? she interrupts a poem about peonies to ask the reader. Do you cherish your humble and silky life? She makes us see the extraordinary in our everyday lives, how something as common as light can be an invitation / to happiness, / and that happiness, / when it's done right, / is a kind of holiness, / palpable and redemptive. She illuminates how a near miss with an alligator can be the catalyst for seeing the world as if for the second time/the way it really is. Oliver's passionate demonstrations of delight are powerful reminders of the bond between every individual, all living things, and the natural world.

New and Selected Poems, Volume Two Mary Oliver, 2006-04-01 Mary Oliver has been writing poetry for nearly five decades, and in that time she has become America's foremost poetic voice on our experience of the physical world. This collection presents forty-two new poems—an entire volume in itself—along with works chosen by Oliver from six of the books she has published since *New and Selected Poems, Volume One*.

New and Selected Poems Mary Oliver, 1992 One of the astonishing aspects of [Oliver's] work is the consistency of tone over this long period. What changes is an increased focus on nature and an increased precision with language that has made her one of our very best poets. . . . These poems sustain us rather than divert us. Although few poets have fewer human beings in their poems than Mary Oliver, it is ironic that few poets also go so far to help us forward.

Upstream Mary Oliver, 2016-10-11 One of O, *The Oprah Magazine's Ten Best Books of the Year* *The New York Times* bestselling collection of essays from beloved poet, Mary Oliver. "There's hardly a page in my copy of *Upstream* that isn't folded down or underlined and scribbled on, so charged is Oliver's language . . ." —Maureen Corrigan, NPR's *Fresh Air* "Uniting essays from Oliver's previous books and elsewhere, this gem of a collection offers a compelling synthesis of the poet's thoughts on the natural, spiritual and artistic worlds . . ." —*The New York Times* "In the beginning I was so young and such a stranger to myself I hardly existed. I had to go out into the world and see it and hear it and react to it, before I knew

at all who I was, what I was, what I wanted to be.” So begins *Upstream*, a collection of essays in which revered poet Mary Oliver reflects on her willingness, as a young child and as an adult, to lose herself within the beauty and mysteries of both the natural world and the world of literature. Emphasizing the significance of her childhood “friend” Walt Whitman, through whose work she first understood that a poem is a temple, “a place to enter, and in which to feel,” and who encouraged her to vanish into the world of her writing, Oliver meditates on the forces that allowed her to create a life for herself out of work and love. As she writes, “I could not be a poet without the natural world. Someone else could. But not me. For me the door to the woods is the door to the temple.” *Upstream* follows Oliver as she contemplates the pleasure of artistic labor, her boundless curiosity for the flora and fauna that surround her, and the responsibility she has inherited from Shelley, Wordsworth, Emerson, Poe, and Frost, the great thinkers and writers of the past, to live thoughtfully, intelligently, and to observe with passion. Throughout this collection, Oliver positions not just herself upstream but us as well as she encourages us all to keep moving, to lose ourselves in the awe of the unknown, and to give power and time to the creative and whimsical urges that live within us.

Wild Belief Nick Ripatrazone, 2021-05-18 Midway upon the journey of our life / I found myself within a forest dark. Dante's *Inferno* begins with imagery of the wilderness marked by darkness, fear, and the unknown. In folktales, legends, and children's stories, the wilderness is a place of conflict and exile. Yet there is another spiritual tradition that embraces the complexities of the wilderness as a place of rejuvenation and wonder--a place where Thomas Merton said man purges himself of 'sediments of society' and becomes a new creature. A book for those of us who revel in the beauty and mystery of the natural world, *Wild Belief* brings together poets and prophets, saints and storytellers from across the ages who share a common search for the spirit. Their explorations of forests, wetlands, and deserts expose the wilderness as both a fearful and a sacred space--a tension that aptly captures the unknown and surprising elements of belief. As we join them on their search for the divine, our eyes open to the possibilities of transformation, to our most fundamental stories, and to a fertile spirituality we can only find in the wild.

These Silent Woods Kimi Cunningham Grant, 2021-11-16 A father and daughter living in the remote Appalachian mountains must reckon with the ghosts of their past in Kimi Cunningham Grant's *These Silent Woods*, a mesmerizing novel of suspense. No electricity, no family, no connection to the outside world. For eight years, Cooper and his young daughter, Finch, have lived in isolation in a remote cabin in the northern Appalachian woods. And that's exactly the way Cooper wants it, because he's got a lot to hide. Finch has been raised on the books filling the cabin's shelves and the beautiful but brutal code of life in the wilderness. But she's starting to push back against the sheltered life Cooper has created for her—and he's still haunted by the painful truth of what it took to get them there. The only people who know they exist are a mysterious local hermit named Scotland, and Cooper's old friend, Jake, who visits each winter to bring them food and supplies. But this

year, Jake doesn't show up, setting off an irreversible chain of events that reveals just how precarious their situation really is. Suddenly, the boundaries of their safe haven have blurred—and when a stranger wanders into their woods, Finch's growing obsession with her could put them all in danger. After a shocking disappearance threatens to upend the only life Finch has ever known, Cooper is forced to decide whether to keep hiding—or finally face the sins of his past. Vividly atmospheric and masterfully tense, *These Silent Woods* is a poignant story of survival, sacrifice, and how far a father will go when faced with losing it all.

Nourishing Narratives Jennifer L. Holberg, 2023-07-25 Humans make sense of the world through language and the words that compose our stories. Engaging with writers like Dante, Gerard Manley Hopkins, Flannery O'Connor, and Marilynne Robinson, this volume encourages us not only to understand how stories nourish our faith, but to discover how our stories are part of God's great story.

Many Miles Mary Oliver, 2010-04 Presents forty-one of the author's favorite poems, including a variety of short poems, poems about her bichon Percy, and such classics as *Doesn't Every Poet Write a Poem about Unrequited Love?* and *The Dipper*.

Hollow Owen Egerton, 2017-07-14 An NPR Best Book of the Year, *Hollow* is the story of a professor whose life is unended after an unspeakable tragedy. When Oliver Bonds, a revered religious studies professor at the University of Texas, loses his toddler son and undergoes intense legal scrutiny over his involvement, grief engulfs him completely. His life as he knows it is over; Oliver loses his wife, home, and faith. Three years after his son's death, Oliver lives in a shack without electricity and frequents the soup kitchen where he used to volunteer. It's only when befriended by Lyle, a con artist with a passion for theories of Hollow Earth, that Oliver begins to reengage with the world. Oliver too becomes convinced that the inside of the planet might contain a different realm. Desperate to find a place where he can escape his past, Oliver chases after the most unlikely of miracles. With unforgettable characters, wild imagery, and dark humor, *Hollow* explores the depths of doubt and hope, stretching past grief and into the space where we truly begin to heal. With the kind of grace not usually seen in accessible modern fiction, Egerton also invokes many other things with this central metaphor . . . Ollie's voice is one of the most believable I've encountered this year, sustained by honesty, realism, and compassion. In his exile, Ollie has taken stock. His reckoning with the past creates the story's exquisite tension and makes the final scene bloom with tenderness . . . The core of *Hollow* is anything but. --NPR

Poems Written in a Time of Plague Tim Vivian,2020-08-19 Plague is both metaphor and physical presence. The poems in this volume, written between January and June of 2020, address the plagues of COVID-19; racism, police brutality; and political indifference, ineptness, and malfeasance. The poems offer the hope that the first plague has taught us about the good fruits of compassion and community and that the continuing nonviolent protests in the United States over the second plague, racism, will help birth a resurrection in the hearts, minds, and souls of all Americans, a new Easter. The twentieth-century theologian Karl Barth astutely said, The pastor and his congregation should not imagine that they are a religious society that is fixated [only] on certain themes, but that they live in this world. We do indeed need, according to my old formulation, the Bible and the newspaper. With the poems in this volume, the author, newspaper in hand, reflects on events from January to early June 2020 and does so by integrating reflections on Scripture with current events.

We Are What We Read Vybarr Cregan-Reid,2024-07-11 Vybarr Cregan-Reid is an unlikely academic. Someone who knows what it's like to be written off, who left school with no qualifications, who desperately needed a second chance. He also understands better than anyone the power of literature to change a life. From a turbulent start, through a disastrous education, truancy and petty crime, to a distinguished career as an English professor, We Are What We Read weaves Vybarr's own unexpected life in books with a spirited history of the war on the humanities, uncovering the profound impact that books have in shaping our reality at a time when their value is under attack from governments around the world. Part memoir, part manifesto, part history, We Are What We Read is not just about how education can place you back on the right side of the tracks. It is also a rallying cry for the importance of literature in a world where the arts are being squeezed out at every level and where book bans in schools and libraries have surged to record highs. It's about the joys and the transformational power of reading and how our brains are rewired by books, exploring how literature offers a vital means of connection in a fractured world. Reading is not merely an escape – it's an essential part of who we are.

Radical Regeneration Andrew Harvey, Carolyn Baker, 2022-11-29 An inspiring manual for navigating humanity's collective dark night and enacting personal and planetary transformation • Explores how Sacred Activism--specifically, creative, wise, sacredly inspired action--offers an antidote to the crises facing our world • Reveals how to uncover and sustain joy and how to use it as fuel for continuing Sacred Activism in dangerous times • Includes practical maps of the dark night process and of the four-part path to transfiguration drawn from the secret depths of the mystical traditions Presenting a manual for navigating humanity's collective dark night, Andrew Harvey and Carolyn Baker explore potential antidotes, drawn from mystical traditions and Sacred Activism, to help us find inspiration and take action in the face of the daunting challenges to our world. Offering a deep discussion of our global dark night in terms of the Kali Yuga, the authors examine the dangers of a growing constellation of intractable crises--authoritarianism both in America and abroad, climate change, economic inequality, social upheaval, and spiritual malaise. They then explore the antidotes to these crises: Sacred Activism--specifically, creative, wise, sacredly inspired action--and a profound understanding of our evolutionary ordeal and its potentialities. Examining the power of joy to help enact personal and planetary transformation, they explain how joy, or ananda, is a force all mystical traditions recognize as the essence of the Divine. They reveal how to uncover and sustain joy in ourselves and how to use joy as fuel for continuing Sacred Activism in dangerous times. Drawing on the visionary teachings of mystics such as Pierre Teilhard de Chardin and Sri Aurobindo, the authors show how the global dark night is part of an evolutionary mutation process and how its very intensity makes it the potential seedbed of a new embodied, divine humanity. They offer practical maps of the crises, of the shadows that this global dark night is casting, and of the four-part path to transfiguration drawn from mystical traditions. Sharing a vision of a new and focused global moment of love in action, the authors reveal that apocalypse is not inevitable--if enough people awaken to the extraordinary possibilities of Sacred Activism.
