Death Be Not Proud David Marno, 2016-12-21 The seventeenth-century French philosopher Nicolas Malebranche thought that philosophy could learn a valuable lesson from prayer, which teaches us how to attend, wait, and be open for what might happen next. Death Be Not Proud explores the precedents of Malebranche's advice by reading John Donne's poetic prayers in the context of what David Marno calls the "art of holy attention." If, in Malebranche's view, attention is a hidden bond between religion and philosophy, devotional poetry is the area where this bond becomes visible. Marno shows

that in works like “Death be not proud,” Donne’s most triumphant poem about the resurrection, the goal is to allow the poem’s speaker to experience a given doctrine as his own thought, as an idea occurring to him. But while the thought must feel like an unexpected event for the speaker, the poem itself is a careful preparation for it. And the key to this preparation is attention, the only state in which the speaker can perceive the doctrine as a cognitive gift. Along the way, Marno illuminates why attention is required in Christian devotion in the first place and uncovers a tradition of battling distraction that spans from ascetic thinkers and Church Fathers to Catholic spiritual exercises and Protestant prayer manuals.

John Donne Harold Bloom,2009 Presents a critical analysis of some of the works of John Donne with a short biography.

Death be Not Proud Mark Corner,2011 Might people one day live for ever? Would they want to? What sense can be made of ideas commonly referred to in terms of an 'afterlife'? What about notions of Heaven and Hell, of Purgatory and reincarnation? And in what sort of state are human beings expected to be during this 'afterlife' - immortal souls or resurrected bodies (and does either notion make sense)? What about the fact that any 'afterlife' concerns not just the fate of individuals but of society ('communion of saints') and even the physical universe itself? This book tries to survey some of the existing arguments about life 'after' death, with chapters on material from Christian tradition (particularly the New Testament and the Early Church) and from the philosophy of religion. It then attempts to reach its own conclusions, drawing on Kant and Barth in order to suggest that death is to be overcome rather than survived.

Death Be Not Proud David Marno, 2016-12-21 What might contemporary thinkers learn from prayer? The seventeenth-century French philosopher Nicolas Malebranche suggested a possibility: that prayer teaches us how to attend. This book explores the precedents of Malebranche's advice by reading John Donne's poetic prayers in the context of what David Marno calls the art of holy attention. This requires an understanding of attention's role in Christian devotion, which he provides by uncovering a tradition of holy attention that spans from ascetic thinkers and Church Fathers to Catholic spiritual exercises and Protestant prayer manuals. Donne's devotional poems occupy a unique position in this tradition. Marno identifies in them a devotional model of thinking whose aim is to experience an affect of attention. Marno's argument is framed by compelling close readings of Death, be not proud, Donne's most triumphant poem about the resurrection. Elsewhere, Marno takes up Claudius's prayer in Hamlet and Saint Augustine's account of attention in the Soliloquies and the Confessions. The book ends with a Coda on the aftermath of holy attention in the philosophies of Descartes and Malebranche.
