Lentz,2001 This is a filmography of not only all of the English-language movies made during the 1960s that had a theatrical release but major foreign films exhibited in the United States as well. The films are listed alphabetically and the following information is provided for each: year of release, nation of origin if other than the United States, production/distribution company, black and white notation (if not in color), running time, genre, production credits, cast and characters, and a brief synopsis. This turbulent decade is unusually interesting in the history of cinema.
