Adivinanzas dominicanas ,2006

La mitad de la verdad (Un caso del fiscal Szacki 2) Zygmunt Miloszewski,2016-03-10 El nuevo caso del fiscal Szacki, «un personaje excepcional» (Babelia), por «el último de los grandes representantes de lujo de la novela negra» (ABC Cultural), ganador del Premio Nagroda Wielkiego Kalibru de novela negra. Pronto dará comienzo la primavera en Sandomierz, la pequeña y pintoresca ciudad de provincias donde el fiscal Teodor Szacki ha decidido trasladarse para dar un vuelco a su fulgurante carrera en Varsovia, después de poner punto final a su matrimonio. Sus días de aparente placidez se verán interrumpidos por un nuevo caso de asesinato: el cuerpo de una mujer desangrada de acuerdo con los ritos de sacrificio judíos ha sido hallado delante de la sinagoga. Cuando el marido de la víctima corre la misma suerte, los vecinos reviven temores de hace décadas. Frente a un aumento sin precedentes de antisemitismo, Szacki tendrá que ahondar en un pasado con ecos dolorosos para encontrar la verdad de una historia que despierta demasiadas pasiones. La crítica ha dicho... «La intriga se resuelve con brillantez. Hay momentos emocionantes y de gran tensión narrativa y una galería de personajes que atrapan al lector de la forma más delicada: entre la emotividad y una paciente construcción literaria digna de un gran escritor. Añádase un sentido del humor cáustico, un tono narrativo arisco y antipático, paralelo al humor negro del fiscal Szacki, y una exuberante prosa que envuelve al lector con firmeza y podrá decirse que el libro es uno de los más relevantes títulos de esta temporada.» Lluís Fernández, La Razón «Su pluma es ágil, llena de vida, cruel a veces, siempre divertida. Destaca su uso del humor negro y juega maravillosamente con los códigos y recursos de las novelas policiacas.» Michel Abescat, Télerama «Como su maestro Larsson, apoya su ficción en un personaje excepcional.» Manuel Rodríguez Rivero, El País « La mitad de la verdad es una excelente novela policiaca, con un protagonista muy logrado y un estilo ágil que no duda en recurrir al humor negro en algunos momentos.» Luis Martínez González, árealibros «Una novela negra apasionante, inteligente, fantásticamente construida, una de las mejores que he leído este año. Espero con ansia la tercera entrega de Miloszewski.» Jacques Teissier, Médiapart «Recomiendo a Miloszewski con una trilogía de gran éxito en su país de origen; tiene ecos de Agatha Christie, Henning Mankell y Stieg Larsson.» Luís Matías López, Público «Un thriller formidable y un inteligente análisis de la sociedad polaca y sus valores.» Crime Chronicles «Miloszewski ofrece novelas negras impecablemente resueltas que contienen evocaciones históricas, magmas macabros y también cierta poética.» Libération

«Nuestro polaco favorito firma otra gran novela.» Julie Malaure, Le Point «Un suspense perfecto... ¡Irresistible!» Avantatges «Una novela indispensable de un autor que está entre los grandes.» Bob Polar Express «¡Qué placer reencontrarse con el fiscal Szacki!» Polars

Mareco,2017-03-01 Todas las investigaciones, incluidas las más recientes, coinciden en señalar que, cuanto antes se empiece a aprender en la infancia, mejores son las expectativas de calidad de vida, tanto a nivel personal como social. Como consecuencia, quienes adquirimos el compromiso de contribuir a la educación en la etapa más importante del desarrollo vital tenemos muy presente la necesidad de aprovechar al máximo las oportunidades de aprendizaje que la naturaleza ofrece para el desarrollo humano en los primeros años. Estimamos, igualmente, que los procesos de aprendizaje son compatibles con el gozo y el placer que siempre deberían acompañarlos, lo que nos ha impulsado a querer conjugar, como primer objetivo, el verbo disfrutar. Para lograr determinadas finalidades, resulta ineludible la planificación y organización de las actividades, así como la preparación de los materiales correspondientes. En dicha fase, esta obra puede representar una gran ayuda, porque brinda una posible programación de aula para un curso académico con un estilo que concede gran protagonismo al alumnado, lo que le aporta matices característicos de los proyectos de trabajo. Las temáticas contemplan el conocimiento propio -el cuerpo-, el entorno en el que nos desenvolvemos y los diferentes lenguajes -musical, plástico, verbal, corporal, audiovisual- que utilizamos para comunicarnos con los demás. Las propuestas de actividades son numerosas, con la pretensión de dar ideas y aportar múltiples opciones entre las que cada profesional pueda elegir las más convenientes para ser adaptadas a su alumnado (simplificándolas, ampliándolas o completándolas). Incluyen cuentos por su gran riqueza

educativa y poesías de creación propia para ilustrar con musicalidad y rimas los diferentes contenidos. Las autoras somos maestras con amplia experiencia en la enseñanza con las primeras edades y la investigación para mejorar la práctica docente.
