**Heartlight** K. Michael Curcuro, 2017-01-27 Foreword Heartlight This book will change your relationship with reality. K. Michael Curcuro bestows enlightenment in a book. What you hold in your hands doesn't just have words about light. It conveys light. This book is a touchstone. Get into it. Let it wash over you. Read aloud the exquisite passages, and relish the sparkling energy that enfolds you. This is a new literary genre: stream-of-light-consciousness writing. When I began reading Heartlight, my recovering English teacher started sputtering, Oh dear, that's what he's using as a verb? Then the beauty and flow of the book moved me into a different way of being with it. Michael really does see the world as he's written it here. He embodies radiant light. And this book imparts transformation just as Michael does energetically speaking because Michael is that light. He has discovered a way of gifting an enlightened level of being to you by experiencing his book. Heartlight is an energetic field. Like a magnetic field realigns poles of iron filings, you will find yourself feeling lighter, expanded, and more open-hearted and self-loving when you spend time in this book. You will absorb this book at a subatomic level. Avoid seeking the sentence structure Newtonian method. Let your right brain fall in love with this book. Use the creative, fluid, random part of you that senses wholeness rather than constructs it. As you drop into this book, you may find yourself swept away, poised on the crest of a word wave. Awash in alluring alliteration, you ask, From whence did I come? You can find your way home, Dorothy, by remembering. Heartlight is about how to be the light in the Illusion; it is how to find the light, trust the light, and be cradled by the light. As Michael would say, In-Joy! **Stella Adler on Ibsen, Strindberg, and Chekhov** Stella Adler, 2011-04-13 In her long-awaited book, the legendary

acting teacher Stella Adler gives us her extraordinary insights into the work of Henrik Ibsen (The creation of the modern theater took a genius like Ibsen. . . Miller and Odets, Inge and O'Neill, Williams and Shaw, swallowed the whole of him), August Strindberg (He understood and predicted the forces that would break in our lives), and Anton Chekhov (Chekhov doesn't want a play, he wants what happens in life. In life, people don't usually kill each other. They talk). Through the plays of these masters, Adler discusses the arts of playwriting and script interpretation (There are two aspects of the theater. One belongs to the author and the other to the actor. The actor thinks it all belongs to the author. . . The curtain goes up and all he knows are the lines. . . It is not enough. . . Script interpretation is your profession). She looks into aspects of society and class, and into our cultural past, as well as the evolution of the modern spirit (The actor learns from Ibsen what is modern in the modern theater. There are no villains, no heroes. Ibsen understands, more than anything, there is more than one truth). Stella Adler--daughter of Jacob Adler, who was universally acknowledged to be the greatest actor of the Yiddish theater, and herself a disciple of Stanislavsky--examines the role of the actor and brings to life the plays from which all modern theater derives: Ibsen's Hedda Gabler, The Master Builder, An Enemy of the People, and A Doll's House; Strindberg's Miss Julie and The Father; Chekhov's The Seagull, Uncle Vanya, The Cherry Orchard, and Three Sisters (Masha is the sister who is the mystery. You cannot reach her. You cannot reach the artist. There is no logical way. Keep her in a special pocket of feelings that are complex and different). Adler discusses the ideas behind these plays and explores the world of the playwrights and the history--both familial and cultural--that informed their work. She illumines not only the dramatic essence of each play but its subtext as well, continually asking questions that deepen one's understanding of the work and of the human spirit. Adler's book, brilliantly edited by Barry Paris, puts her famous lectures into print for the first time.

**Old Films, Young Eyes** Simone O. Elias, 2024-11-08 Why would a modern teenager find classic films enthralling? This book presents an eye-opening tour of how old movies foreshadowed, influenced--and continue to shape--popular culture in many surprising ways. From foreseeing today's image-dominated social media landscape to ushering rock music into the mainstream, and sparking elements of the #MeToo movement, classic movies remain relevant and inspiring. Despite

prevailing attitudes that old films are outdated, many dramatically broke boundaries around racism and antisemitism. They predicted current trends in divorce and sexual relations. They helped shape current icons like Taylor Swift and Lady Gaga, as well as foreshadowing more sobering events such as the Covid-19 pandemic. A Gen Z-age cultural critic, author Simone O. Elias presents an insider's perspective on the socio-cultural impact of classic Hollywood films on a modern generation.
