The Life as We Knew It 4-Book Collection Susan Beth Pfeffer, 2015-10-13 These books transcend their premises with terrifyingly well-imagined futures and superb characterization. Riveting. —John Green, author of *The Fault in Our Stars* When a meteor hits the moon, teenage Miranda and her friends and family struggle to survive the unimaginable. Four gripping books that follow their ordeal are collected in this boxed set. Includes: *LIFE AS WE KNEW IT* *THE DEAD AND THE GONE* *THIS WORLD WE LIVE IN* *THE SHADE OF THE MOON*

Life as We Knew it Susan Beth Pfeffer, 2008 I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like one marble hits another. The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintry in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all—hope—in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to *Life As We Knew It*, including *The Dead and the Gone*, *This World We Live In*, and *The Shade of the Moon*.

The Earth Simulation: Life As We Knew It Toni T Malle ,2025-07-19 About the Book What if Earth is a simulation, and humanity's history is a carefully crafted illusion? In this boundary-pushing sci-fi odyssey, Toni, the author, weaves a tapestry of lucid dreams, premonitions, and cosmic folklore to explore life's deepest mysteries. Through the eyes of Sierra, a freedom fighter navigating the apocalyptic ruins of a dystopian Earth, she unravels a story of creation, evolution, and rebellion. From ancient aliens and angels shaping humanity's origins to civilizations on distant planets, Sierra's vivid memories of past lives collide with her present—living in a wrecked NYC subway car alongside Astarbot, a humanoid robot. Together, they question the nature of existence, the soul's proximity to God, and the cataclysmic end of life as we know it. Blending dystopian landscapes, spiritual revelations, and interstellar intrigue, this genre-defying tale challenges you to ponder: Is the universe a simulation, and are we its pawns or its rebels? Dive into a mind-bending journey where reality unravels, and every dream holds a clue to the truth.

Novelists on the Novel Miriam Allott, 2023-03-08 First published in 1959, *Novelists on the Novel* makes an attempt to set out fully what novelists both major and minor have to say about the practice of their art. It draws on the experience of English, French and Russian novelists so that the general reader and the more serious literature student can find out what they have to say about the novel as a literary form. The included passages come from novels themselves, from diaries, letters, notebooks, etc., and together constitute something like an aesthetic of the novel. Using these sources, the book tries to answer the following questions: What is a novel? what are the problems which face the novelist when he sits down to write a work of fiction? How is he to tell his story? What exactly is meant by the 'point of view'? How should he manipulate time? How is he, in one of the possible senses of the word, to make his characters seem 'real'? What are the functions of dialogue and how should it be dovetailed into narrative?

The Bad Side of Books D.H. Lawrence, 2019-11-12 You could describe D.H. Lawrence as the great multi-instrumentalist among the great writers of the twentieth century. He was a brilliant, endlessly controversial novelist who transformed, for better and for worse, the way we write about sex and emotions; he was a wonderful poet; he was an essayist of burning curiosity, expansive lyricism, odd humor, and radical intelligence, equaled, perhaps, only by Virginia Woolf. Here Geoff Dyer,

one of the finest essayists of our day, draws on the whole range of Lawrence's published essays to reintroduce him to a new generation of readers for whom the essay has become an important genre. We get Lawrence the book reviewer, writing about *Death in Venice* and welcoming Ernest Hemingway; Lawrence the travel writer, in Mexico and New Mexico and Italy; Lawrence the memoirist, depicting his strange sometime-friend Maurice Magnus; Lawrence the restless inquirer into the possibilities of the novel, writing about the novel and morality and addressing the question of why the novel matters; and, finally, the Lawrence who meditates on birdsong or the death of a porcupine in the Rocky Mountains. Dyer's selection of Lawrence's essays is a wonderful introduction to a fundamental, dazzling writer.

The Social Life of Achievement Nicholas J. Long,Henrietta L. Moore,2013-11-01 What happens when people "achieve"? Why do reactions to "achievement" vary so profoundly? And how might an anthropological study of achievement and its consequences allow us to develop a more nuanced model of the motivated agency that operates in the social world? These questions lie at the heart of this volume. Drawing on research from Southeast Asia, Europe, the United States, and Latin America, this collection develops an innovative framework for explaining achievement's multiple effects—one which brings together cutting-edge theoretical insights into politics, psychology, ethics, materiality, aurality, embodiment, affect and narrative. In doing so, the volume advances a new agenda for the study of achievement within anthropology, emphasizing the significance of achievement as a moment of cultural invention, and the complexity of "the achiever" as a subject position.
