**Brock Swanson**

*An Outcast in Another World* Kamikaze Potato, 2021-09-12 Rob was an ordinary college sophomore when a pitch-back portal opened up on campus and tried to kidnap his best friend. An act of heroism resulted in him being taken instead, and he was rewarded for his efforts by being transported to another world with nothing but a sword and the clothes on his back. On the first day, he almost died. On the second day, he almost died. On the third, he began to notice a worrying trend. And almost died Whether he encounters wolves, cliffs, dungeons, monsters, or diseases, every day is a struggle to survive. The one advantage he has is his newfound ability to gain Levels and Stats, making himself stronger in order to survive the hostile lands that he was unceremoniously dumped into. He'll have to gain knowledge of the innerworkings of the world and its magic - progressing both his strength and his knowledge - in order to stay alive long enough to get revenge on whoever kidnapped him away from everything he knew and loved. Overcoming the wilds is just the first step in his journey; the locals aren't fond of humans, and discovering the dark past behind this new world's history of war and strife changes everything. As far as isekai adventures go, Rob drew the short straw in many ways, but it'll take more than danger at every corner to keep him down. He'll carve out a place in this world with his bare hands if necessary. He'll survive, and then he'll thrive. Whether anyone wants him to or not. -- *An Outcast On Another World* puts a great focus on story and characterization, making it perfect for fans of traditional fantasy stories, while still including plenty of skills, stats, classes, and progression for LitRPG-lovers to enjoy. The LitRPG elements are incorporated into the main story to construct a cohesive world that's easy to immerse yourself in. Rob's progression is weak to strong, and victories aren't handed to him on a silver platter. No matter how powerful he gets, mid-combat ingenuity is essential to achieving victory. *An Outcast In Another World* has dark elements to its narrative, but I've included appropriate humor as a balance, and many readers have told me that some parts made them burst out laughing while other parts tugged at their heartstrings. I truly believe that I've constructed a memorable fantasy RPG story that all types can love, and that you'll enjoy reading it as much as I enjoyed writing it.

*An Outcast in Another World 5* Kamikazepotato, 2023-08-10 The shadow of war looms over Elatra. Rob and Riardin's Rangers have returned triumphant after assisting Dwarven territory and Merfolk territory. They endured Blights, betrayals, and bombs, barely managing to prevail over the many trials that assailed them. An alliance has been brokered between nations, and for the first time, the Blight seems like it's on the ropes. Unfortunately, there's never rest for the weary. It isn't

long before they hear news of a brewing war between the Harpies and Dragonkin. Confused and concerned, the newly-formed allied coalition heads down to find out what's going on - only to become embroiled in a dark conspiracy that threatens to shake Elatra to its core. As Corruption rises in Harpy territory, Rob finds himself surrounded by enemies on all sides. With two Leaders, the Blight, and the gods all setting their sights on him, the stakes have never been higher. He has no choice but to fight onwards, motivating himself with the knowledge that peace lies at the end of this long, bloody road. If he can hold onto his sanity, that is. About the series: An Outcast in Another World is a LitRPG adventure series with elements of fantasy, portal fantasy, isekai, progression, and weak-to-strong character development. Victories are difficult but earned. Rob gains strength at a rate that continuously increases his importance in the world, but without making his allies irrelevant. The plot has consistent forward momentum, and the story's cast of characters is fully fleshed-out, each with their own struggles. Fight scenes are high-octane brawls that involve creative applications of Rob's abilities. Book 5 also comes with a bonus side story included at the end.

**An Outcast in Another World 4** Kamikazepotato,2023-01-18 Quiet days are to be treasured - but sooner or later, they always end. After curing the Corruption plague in Fiend territory, Rob, Riardin's Rangers, and the Deserters have settled into their new home. It's given them the stability they've been striving for ever since being forced to flee The Village so many months ago. Unfortunately, their well-earned rest is cut short when a Dwarven messenger arrives, begging for assistance. The Blight has returned. And without Rob's help, Dwarven territory will fall. Naturally, things aren't that straightforward. As the mission evolves into something even beyond killing an eldritch abomination, Rob's strength and willpower will be tested. Whether it's mingling with world leaders, contemplating the Dragon Queen's fraying sanity, or discovering shocking secrets about the system itself, there's never a dull moment for Riardin's Rangers. Maybe one day they'll get the lasting peace they so desperately desire. But for now, there are enemies that need killing. **Another World is Possible** Dwight N. Hopkins,Marjorie Lewis,2014-12-18 'Another World is Possible' examines the many peoples who have mobilized religion and spirituality to forge identity. Some claim direct links to indigenous spiritual practices; others have appropriated externally introduced religions, modifying these with indigenous perspectives and practices. The voices of Black people from around the world are presented in essays ranging from the Indian subcontinent, Japan and Australia to Africa, the UK and the USA. From creation narratives to trickster heroes, from the role of spirituality

in HIV positive South Africa to its place in mental health and among the poor, spirituality is shown to be essential to the survival of individuals and communities.

Alien Outcast's Exiled Bride Miranda Martin, 2020-10-02 Pern I've killed a queen. She was a vicious Draconian queen bent on death and destruction but she was my queen none the less. And I gunned her down in cold blood. No male has ever killed a queen and lived to tell the tale before, but Queen Cassandra granted me a pardon. She took me into her favor for siding with her when the war was all but lost. I try to act normal but nightmares plague my sleep. The other warriors look at me as broken. When war called me to action again, I answered for I have nothing else to lose. When I'm forced to cover a human queen it does strange things to my mind and body. She is incredible and I begin to covet things I know the other warriors will never permit me to have. Jade Being exiled from the bio-domes on Earth is a death sentence. I roam in a group of five looking for water and scavenging food where we can find it. When we're turned away from the last human city and are

on the verge of death we stumble upon a Draconian emergency station. When I ask for sanctuary they assign a stunning male to protect me. *Another World'S Kronicles Nomadic Warriors* D. R. Simpson, 2018-01-19 From beyond the unknowns of the Mighty Brim Mountains of the west they came hordes of nomadic giants called Troguares led by a merciless warlord, Obizar, their king. With the use of dark sorcery and having an insatiable appetite to conquer an entire world, he and his armies slowly swept across the land for nearly thousand years, bringing kingdom after kingdom of men to their knees, leaving death and destruction in their wake. While both enslaving and supplementing them as food, he held all mankind with an iron grip. While the names of both giants and men faded through time, there was one constant that remained the name of Obizar, known to all as the immortal giant, leaving all to ponder his secret until the day came when Champions shall once again rise to challenge the very fabric of Obizar's rule in a life-and-death struggle to restore mankind once again to its place on top of this vast, distant world known as Tyrus.

*The Shadow Elf* Terry Spear, Persephonice is given the mission of distracting the shadow elves who are bound to learn what is blocking their water source before they discover a space ship is sitting in the middle of their river. That's how all the trouble begins. Persephonice is an overseer--an observer and recorder of information about inhabitants of civilized worlds. Only she's lost her lifemate and cannot be an overseer without one. She's given a second chance if she can prove she's worthy if she can survive an inhospitable planet inhabited by elves and other mythical creatures she's only read about, very little of which is known of them except that they constantly battle amongst themselves and are not civilized enough to safely observe. The shadow elf, Dracolin, a warrior given the task of learning what is blocking their water source, doesn't expect to find the most unusual creature he's ever encountered--a red-haired, green-eyed land-bound mermaid. That's only the beginning. She understands and can speak his language, falls off cliffs without injuring herself, and swims like a mermaid--without the fishtail. Everyone is intrigued with her--except some fear her uniqueness and want to destroy her. That is the

problem with observing uncivilized worlds.
