**Philip Furia, Laurie Patterson**

**As Time Goes by** Norbert Hornstein, 1993 How do humans acquire, at a very early age and from fragmentary and haphazard data, the complex patterns of their native language? This is the logical problem of language acquisition, and it is the question that directs the search for an innate universal grammar. *As Time Goes By* extends the search by proposing a theory of natural-language tense that will be responsive to the problem of language acquisition. The clearly written discussion proceeds step-by-step from simple observations and principles to far-reaching conclusions involving complex data carefully selected and persuasively presented. Throughout, Hornstein focuses on the logical problem of language acquisition, highlighting the importance of explanatory adequacy and the role of syntactic representations in determining intricate properties of semantic interpretation.

*As Time Goes By* Derek Taylor, 2018-04-03 'The sharpest memoir written by one of the Beatles' inner circle.' Observer Derek Taylor's iconic memoir is a rare opportunity to be immersed in one of the most whirlwind music sensations in history: Beatlemania. *As Time Goes By* tells the remarkable story of Taylor's trajectory from humble provincial journalist to loved confidant right at the centre of the Beatles' magic circle. In charming, conversational prose, Taylor shares anecdotes and reminiscences so vivid and immediate that you find yourself plunged into the beating heart of 1960s counterculture. Whether watching the debut performance of 'Hey Jude' in a country pub or hearing first-hand gossip about a star-studded cast of characters, Taylor's unique narrative voice forges an autobiography like no other. Reissued here in a brand new edition with a foreword by celebrated writer Jon Savage, this long-admired memoir is a cult classic of the genre awaiting a new readership.

**As Time Goes By** Michael Walsh, 2008-10-23 A daring journey of adventure, courage & romance, traversing the world from Casablanca to Lisbon to New York to London to Prague & then Paris, expanding & intensifying the classic movie Casablanca.

**As Time Goes By** Hank Davis, 2015-01-16 'Love's not time's fool,' Shakespeare wrote, though he might have added that men and women can be both love and time's fools. For time and love are universally experienced, yet mysterious and only dimly understood. Here's a collection of stories with both transcendental mysteries in high gear, as lovers, happy and otherwise, are caught in bizarre twists of time. On hand to twist time into pretzel shapes, if not into Möbius strips, are best-

selling and award-winning authors such as Poul Anderson, John Wyndham, Christopher Priest, Richard McKenna, Michael Swanwick, Charlie Jane Anders, Tony Daniel, Sarah A. Hoyt, and more, as cupid hops aboard a time machine and the course of true love not only may not run smooth, but may run backwards and even sideways. Includes stories by Richard McKenna (Nebula Award winning story), author of the award-winning novel *The Sand Pebbles*; John Wyndham, author of the mega-bestseller *The Day of the Triffids*; multiple-award winning author Poul Anderson, multiple award-winner Christopher Priest, author of *The Prestige* (BSFA Award winning novel); Charlie Jane Anders (Hugo Award winning story which is currently being developed for TV); Hugo, Nebula and World Fantasy Award winning author Michael Swanwick; Hugo Award finalist and Asimov's Reader's Choice Award winner Tony Daniel; Prometheus Award winner Sarah A. Hoyt; and more.

As Time Goes By Benedict Baglio, 2012-07-27 *As Time Goes By* is a work of fiction with an historical base. Did you ever wonder what it would be like to go back in time to visit a hero, someone who encapsulated the values of a time you see as romantic, critical, or dangerous, but may still represent a solution to a personal or professional dilemma because their actions were timeless? This novel relates one man's adventure in time.

**The Songs of Hollywood** Philip Furia, Laurie Patterson, 2010-04-07 From *Over the Rainbow* to *Moon River* and from Al Jolson to Barbra Streisand, *The Songs of Hollywood* traces the fascinating history of song in film, both in musicals and in dramatic movies such as *High Noon*. Extremely well-illustrated with 200 film stills, this delightful book sheds much light on some of Hollywood's best known and loved repertoire, explaining how the film industry made certain songs memorable, and highlighting important moments of film history along the way. The book focuses on how the songs were presented in the movies, from early talkies where actors portrayed singers performing the songs, to the Golden Age in which characters burst into expressive, integral song--not as a performance but as a spontaneous outpouring of feeling. The book looks at song presentation in 1930s classics with Fred Astaire and Ginger Rogers and in 1940s gems with Judy Garland and Gene Kelly. The authors also look at the decline of the genre since 1960, when most original musicals were replaced by film versions of Broadway hits such as *My Fair Lady*.

As Time Goes By Mary Higgins Clark, 2017-04-18 Includes an excerpt of *The Sleeping Beauty Killer*.

**As Time Goes By** Abigail Trafford, 2010-05-21 In this inspiring book, best-selling author Abigail Trafford describes how people over fifty are rewriting the script of love and in the process redefining the institution of marriage for future generations. Drawing on interviews with hundreds of men and women, married and single, gay and straight, Trafford explores what it means to love and be loved in the decades after midlife - and offers solutions to the most common problems that define this period, such as "retired spouse syndrome" and divorce. Wise and compassionate, *As Time Goes By* is an essential guide to the pursuit of love and happiness in this dynamic stage of life.

**As Time Goes by** Howard Koch, 1979

*Max Steiner* Peter Wegele, 2014-04-24 Max Steiner is one of the greatest—not to mention most prolific—composers of the Golden Age of Hollywood. The winner of three Academy Awards, Steiner's credits include *King Kong*, *The Informer*, *Gone with the Wind*, *Now, Voyager*, *Since You Went Away*, *Johnny Belinda*, and *The Caine Mutiny*. Though known for timeless melodies that symbolize the glamor of Hollywood's Golden Age, Steiner has also been hailed as a film scoring pioneer. In *Max Steiner: Composing, Casablanca, and the Golden Age of Film Music*, Peter Wegele unveils the man behind dozens of memorable scores, offering a portrait of the composer from a personal and professional point of view. Beginning with background on the history and techniques of film music, Wegele then examines Steiner's musical innovations, some of which are still used today. This is followed by a thorough analysis of one of Steiner's legendary scores—the music to *Casablanca*. More than eighty transcribed musical examples demonstrate how efficient, musically clever, and tremendously skilled the composer was when he wrote this score. Drawing on quotes, notes from production files, and excerpts from the original script for *Casablanca*, Wegele provides insight not only into the production history of the film, but also into the workings of Hollywood during the Golden Age. Including an appendix that compares Steiner with four other composers of his age—Erich Wolfgang Korngold, Alfred Newman, Franz Waxman, and Hugo Friedhofer—and a complete filmography of Steiner's work, this book is an invaluable examination of the composer's life and career. Film music composers, music scholars and students, directors, and anyone interested in film and music history will enjoy this detailed portrait of a musical genius.

*Let the Light In* Jane McDonald, 2024-09-26 The instant Sunday Times bestseller 'Life is what you make it, nothing is for free Stand up and be counted, and be who you want to be' 'Let The Light In' Jane McDonald Jane was planning a golden retirement with her beloved partner Ed, when a shocking cancer diagnosis changed everything. Ed was terminally ill. Jane nursed him at home until the end, on her own, with the UK in lockdown. At first she was overwhelmed, but slowly gathered strength from caring for her loved one, and now sees that it was a privilege to be there for him. 'Let The Light In', a song Jane wrote over twenty years ago during another dark time, points the way to finding a new kind of joy out of sorrow. It's a philosophy Jane has always lived by and, in this deeply personal book exploring the same themes, she reveals the lessons she's learned that have helped her grow, adapt and rise up through adversity. She looks back with candour and honesty on her experiences of heartbreak and loss, failure and burn-out. Cherishing the ring of support around her, taking the odd duvet day and keeping a sense of humour throughout, she grew stronger through each challenge, building resilience, trusting her gut, going for her goals. Read on and let Jane McDonald's fabulous light into your own life.

**Psychocinematics** Arthur P. Shimamura, 2013-04-11 How do movies engage us so thoroughly, capturing our sensations, thoughts, and emotions? This edited volume introduces psychocinematics, which brings together film theorists, philosophers, psychologists, and neuroscientists to consider the viability of a scientific approach to our movie experience.

**Look, a Negro!** Robert Gooding-Williams, 2013-11-26 In *Look, a Negro!*, political theorist Robert Gooding-Williams

imaginatively and impressively unpacks fundamental questions around race and racism. Inspired by Frantz Fanon's famous description of the profound effect of being singled out by a white child with the words Look, a Negro!, his book is an insightful, rich and unusually wide-ranging work of social criticism. These essays engage themes that have dominated debates on race and racial identity in recent years: the workings of racial ideology (including the interplay of gender and sexuality in the articulation of racial ideology), the viability of social constructionist theories of race, the significance of Afrocentrism and multiculturalism for democracy, the place of black identity in the imagination and articulation of America's inheritance of philosophy, and the conceptualization of African-American politics in post-segregation America. Look, a Negro! will be of interest to philosophers, political theorists, critical race theorists, students of cultural studies and film, and readers concerned with the continuing importance of race-consciousness to democratic culture in the United States.

**The Architects Guide to Writing** Bill Schmalz, The Images Publishing Group, 2014 There are a lot of good books available to help people write better. They include dictionaries, usage guides, and various types of writers' manuals - and professional writers ought to have many of those books on their bookshelves. But most architects and other design and construction professionals are not professional writers. Instead, they are people who spend a large part of their professional lives writing. That's a big difference, and that's where this book will help. The Architect's Guide to Writing has been written not by an English major, but by Bill Schmalz, an architect who knows the kinds of documents his fellow professionals routinely have to write, and understands the kinds of technical mistakes they often make in their writing. This book is designed to meet the specific needs of design and construction professionals. It's not going to waste their time with the things that most educated professionals know, but it will help them with the things they don't know or are unsure of. It's not a Chicago Manual-sized encyclopaedic reference that includes everything any writer would ever need to know, because architects don't need to know everything. But what they do need to know - and what they use every day in their professional lives - has been assembled in this book.

**America's Songs** Philip Furia, Michael Lasser, 2006-05-12 America's Songs tells the stories behind the most beloved popular songs of the last century. We all have songs that have a special meaning in our lives; hearing them evokes a special time or place. Little wonder that these special songs have become enduring classics. Nothing brings the roarin '20s to life like Tea for Two or I'm just Wild About Harry; the Great Depression is evoked in all of its pain and misery in songs like Brother Can You Spare a Dime?; God Bless America revives the powerful hope that American democracy promised to the world during the dark days of World War II; Young at Heart evokes the postwar optimism of the '50s. And then there are the countless songs of love, new romance, and heartbreak: As Time Goes By, Always, Am I Blue...the list is endless. Along with telling the stories behind these songs, America's Songs suggests, simply and succinctly, what makes a song great. The book illuminates the way each great song melds words and music - sentiment and melody - into a seamless whole. America's Songs

also traces the fascinating but mysterious process of collaboration, the give-and-take between two craftsmen, a composer and a lyricist, as they combined their talents to create a song. For anyone interested in the history of the songs that America loves, America'sSongs will make for fascinating reading.

New York Magazine, 1993-06-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

**Stardust Melodies** Will Friedwald, 2009-07-01 In *Stardust Melodies*, Will Friedwald takes each of these legendary songs apart and puts it together again, with a staggering wealth of detail and unprecedented understanding. Each chapter gives us an extended history of one song—the circumstances under which it was written and first performed—and then explores its musical and lyric content. Drawing on his vast knowledge of records and the careers of performing artists, Friedwald tells us who was responsible for making these songs famous and discusses in depth the performers who have left their unique marks on them. He writes about variations in performance style, about both classic and obscure versions of the songs, about brilliantly original interpretations and ghastly travesties. And then there's the completely unexpected, like Stan Freberg's politically correct "Elderly Man River." This is a book for all lovers of American song to explore, argue with, and savor.

*Meaning and Interpretation of Music in Cinema* David P. Neumeyer, 2015-08-17 By exploring the relationship between music and the moving image in film narrative, David Neumeyer shows that film music is not conceptually separate from sound or dialogue, but that all three are manipulated and continually interact in the larger acoustical world of the sound track. In a medium in which the image has traditionally trumped sound, Neumeyer turns our attention to the voice as the mechanism through which narrative (dialog, speech) and sound (sound effects, music) come together. Complemented by music examples, illustrations, and contributions by James Buhler, *Meaning and Interpretation of Music in Cinema* is the capstone of Neumeyer's 25-year project in the analysis and interpretation of music in film.

**A Biographical Guide to the Great Jazz and Pop Singers** Will Friedwald, 2010 An extensive biographical and critical survey of more than 300 jazz and popular singers is comprised of provocative, opinionated essays that incorporate the views of peers, fans and critics while assessing key movements and genres.
