**Henry Mancini** John Caps, 2012-02-15 Through film composer Henry Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movie and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show *Peter Gunn*, the sly theme from *The Pink Panther*, and his wistful folk song *Moon River* from *Breakfast at Tiffany's*. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of the film to create musical effects through clever instrumentation, eloquent musical gestures, and meaningful resonances and continuities in his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music. John Caps is an award-winning writer and producer of documentaries. He served as producer, writer, and host for four seasons of the National Public Radio syndicated series *The Cinema Soundtrack*, featuring interviews with and music of film composers. He lives in Baltimore, Maryland. A volume in the series *Music in American Life*

' In *My Sister Milly*, Gemma Dowler recounts the terrible day of Milly's disappearance, the suspicions that fell on the family, the torture of encountering the murderer in court, the fatal errors made by the police,

how it very nearly destroyed her family and how love and hope helped the family survive. Everyone thinks they know the story of Milly Dowler, but only one person knows the true pain of having lost her sister, and how a family can rediscover hope to survive. \_\_\_\_\_ 'Compelling. An amazing book' Jeremy Vine, BBC Radio 2 'Heartbreaking' Daily Mail 'Tragic, poignant, full of emotional memories' Daily Mirror

Orchestral "Pops" Music Lucy Manning, 2013-10-10 In this second edition of *Orchestral "Pops" Music: A Handbook*, Lucy Manning brings forward to the present her remarkable compendium of information about this form of orchestral music. Since the appearance of the first edition in 2008, this work has proven critical to successful "pops" concert programming. With changes in publishers and agents, the discontinuation of the publication of certain original material or, worst of all, presses going out of business, music directors, orchestra conductors, and professional instrumentalists face formidable challenges in tracking down accurate information about this vast repertoire. This revised handbook alleviates the time-consuming task of researching these changes by offering a list of works for orchestral "pops" concerts that is comprehensive, informative, and current. Manning's emphasis on clarity and accuracy gives users an indispensable tool for gathering vital information on the style, instrumentation, and availability of the repertoire listed, as well as notes on its performance. The user-friendly appendices include expanded instrumentation choices, easy-to-find durations, and handy title cross-references. In addition to corrections and updates, this new edition of *Orchestral "Pops" Music* includes at least 1,000 new title listings. *Orchestral "Pops" Music: A Handbook* is the ideal tool for working conductors and orchestral librarians, as well as music program directors at colleges, conservatories, and orchestras.

*INXS* Manny Grillo, 2024-11-13 Between their formation in 1977 and retirement as a band in 2012, INXS went from pub band to world fame with their unique hybrid of rock, pop and funk. Despite soaking up a vast number of influences along the way, INXS transcended all specific music genres to become unique and, along the way, sold tens of millions of albums worldwide. The hit singles, including 'Need You Tonight', 'Never Tear US Apart' and 'Suicide Blonde' amongst many others, have seeped into popular culture. At the same time, the life and loves of their electric frontman, Michael Hutchence, kept the band in the public consciousness. Biographies, documentaries and even a TV biopic have all been written and produced about the band and Michael's life. However, this is the first book that takes a deep dive into their entire catalogue, taking in every INXS track, including song commentaries, opinion, facts and stories. From their early demos to breakthrough album *Shabooh Shoobah* and *The Swing* via the global success of *Kick* to the creative rebirth of *Welcome To Wherever You Are*, all the way through to the post-Hutchence celebration *Original Sin*, every album track and B-side is covered here in glorious detail. Ever since he wore out the first *Now That's What I Call Music* album at the age of 4, Manny Grillo has had a deep love for music. It was Christmas 1988 when he received a copy of the 'Need You Tonight' single that his love for INXS began. That record

kicked off a four-decade journey, which has seen him become a contributor to the wonderful INXS: Access All Areas podcast and has culminated in the release of his first book - a lifelong ambition.. The other loves of his life are his wife, Kim, and children Alicia, Luca, Jude and Heidi. He lives in Yorkshire, UK.

**Race with the Devil** Susan VanHecke, 2000-08-19 Famous for his classic hit 'Be-Bop-A-Lula,' Gene Vincent was one of the most influential rock 'n' roll artists of all time. This is the first American biography written of this rock pioneer and the most comprehensive account of his career and turbulent personal life. Adored by British and European fans, Gene Vincent moved to the UK in 1959 where his leather-clad, street-tough persona met with instant acclaim. The survivor of the crash that killed Eddie Cochran, his closest friend, he was to die himself at just 36, a victim of torment and tragedy. Illustrated.

**Ronnie** Ron Wood, 2007-10-30 An account of the long-term Rolling Stone member's career also describes his relationships with Mick Jagger, Keith Richards, and Charlie Watts; his evolution as a musician at the height of the band's success; and his perspectives on the music scene of the 1960s.

**Crime and Spy Jazz on Screen Since 1971** Derrick Bang, 2020-04-16 Henry Mancini's Peter Gunn theme. Lalo Schiffrin's Mission: Impossible theme. Isaac Hayes' theme from Shaft. These iconic melodies have remained a part of the pop culture landscape since their debuts back when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents, private detectives, cops, spies and heist-minded criminals. Hundreds of additional films and television shows made from the mid-1950s and beyond have been propelled by similarly swinging title themes and underscores, many of which have (undeservedly) faded into obscurity. This meticulously researched book begins with Hayes' game-changing music for Shaft, and honors the careers of traditional jazz composers who--as the 1970s gave way to the '80s and beyond--resolutely battled against the pernicious influx of synth, jukebox scores and a growing corporate disinterest in lavish ensembles. Fans frustrated by the lack of attention paid to jazz soundtrack composers--including Mort Stevens, Laurie Johnson, Mike Post, Earle Hagen, David Shire, Elmer Bernstein and many, many others--will find solace in these pages (along with all the information needed to enhance one's music library). But this is only half the story; the saga's origins are discussed in this book's companion volume, Crime and Action Jazz on Screen: 1950-1970.

Reed Rapture Geoff Wills, 2024-05-28 Movie soundtrack music is big business. In both film studios and at major record labels, entire divisions focus exclusively on marketing movie music. Crime and Spy Jazz on Screen, 1950-1970 Derrick Bang, 2020-04-01 Henry Mancini's Peter Gunn theme. Lalo Schifrin's Mission: Impossible theme. John Barry's arrangement of the James Bond theme. These iconic melodies have remained a part of the pop culture landscape since their debuts in the late 1950s and early '60s: a golden decade that highlighted an era when movie studios and TV production companies employed full orchestral ensembles to provide a jazz backdrop for the suspenseful adventures of secret agents, private detectives, cops, spies and heist-minded criminals. Hundreds of additional films and television shows made during this period were propelled by similarly swinging title themes and underscores, many of which have (undeservedly) faded into obscurity. This meticulously researched book traces the embryonic use of jazz in mainstream entertainment from the early 1950s--when conservative viewers still considered this genre the devil's music--to its explosive heyday throughout the 1960s. Fans frustrated by the lack of attention paid to jazz soundtrack composers--including Jerry Goldsmith, Edwin Astley, Roy Budd, Quincy Jones, Dave Grusin, Jerry Fielding and many, many others--will find solace in these pages (along with all the information needed to enhance one's music library). The exploration of action jazz continues in this book's companion volume, Crime and Action Jazz on Screen Since 1971.

Grace Notes Stacia Raymond, Celebrating a giant of American popular music... With a legacy that resonates today in the work of contemporary film composers, the magnanimous Henry Mancini left an indelible mark on the culture. Over the course of a life cut short, Mancini helped liberate a concentration camp at the end of WWII, created some of the most iconic film and television themes ever written, and unseated the Beatles from the number one spot at the apex of rock and roll. Resurrected through dialogue portraying pivotal scenes from his life, readers will get to know Mancini like never before—and come to appreciate this national treasure who fought for equality while bringing out the beauty of the world through his artistry.

**Teardown** William Campbell Powell,2024-09-17 Growing up in a dead-end, Thames Valley town like Marden Combe, Kai knows there's no escape without a lot of talent, hard work—and luck. Two weeks before the Clayton Paul Blues Band plans to set out on tour to Germany, their singer quits, and drummer Kai takes matters in hand. With bandmates Jake and Jamie, they recruit a talented new singer—the enigmatic Dominique—as the new face of the band and set out on the road to Berlin in a rickety white van. Dogged by mishaps and under-rehearsed, the band stumbles through their first shows, zig-zagging between chaos and brilliance. But as the first gig in Berlin draws near, the band begins to gel. They're clicking with their audience, and even the stone-hearted Kai starts to crumble under the spell, first of Dom and then...of Lars. As the end of the tour approaches, Kai must make hard choices. Dom? But she's keeping a dark secret. Lars? Not after the acrimony of their last parting. The band? Or will that dream crumble too?

*The Weeping Woman* Arturo Gudio,2010-05-27 This book can be read forwards or backwards, either from A to Z or from Z to A; thus you will realize that the micro world described in this text is a wheel of fortune and a magical sphere. Fortune is changeable and magic sometimes reverses its spells against us. In whatever way you choose to read these pages, you will find more questions than answers concerning the human zoo described within. The unnatural environment of the cities shows us that men and women are capable of the most admirable, as well as the most horrible behaviours. Here you will find an example of how, under both predictable and unpredictable circumstances, the love of a woman can transform itself into hatred, leading her to commit unthinkable actions.
