*Facing Our Mortality Without Fear: Advice from the Great Philosophers* Robert Bonser,2011-08-01 The fear of our mortality is a common and natural fear among humans. There is a proud tradition in philosophy of being able to offer consolation and comfort for the trials and tribulations of life, including the greatest and final trial - death. Socrates said that whether death is extinction or the persistence of the soul in an afterlife, it is nothing to fear. The first half of the book Montaigne on the Fear of Death shows how we can overcome our fear even if death is extinction, and the second half, A Philosopher's View of Heaven presents a positive portrayal of heaven based on reason rather than revelation, and one which helps to make sense of our earthly life.

*Life and Times of Jesus the Messiah* Alfred Edersheim,1992-06-01 One of the best-known references on the life of Christ now available in one unabridged volume! Alfred Edersheim's The Life and Times of Jesus the Messiah is a storehouse of information on the background of the New Testament. This classic work successfully portrays the streets, the marketplaces,

the religious conflicts, the people, and the places of Jesus' earthly ministry. This updated edition features text reset in modern print, along with several new maps and illustrations. In addition, Roman numerals have been changed to Arabic numbers, Greek and Hebrew words transliterated, and the indexes corrected and updated. Edersheim divides his work into five sections, or books: Book 1: The Preparation for the Gospel Introductory historical, religious, political, and cultural material based on the author's extensive knowledge of Jewish lore and customs. Book 2: From Bethlehem to Jordan The background of Herod and his reign, St. John the Baptist and his message, and the birth and baptism of Jesus. Book 3: From Jordan to the Mount of Transfiguration Thirty-seven chapters explore the miracles and teachings of Jesus' early ministry. Book 4: The Descent into the Valley of Humiliation A history of the latter part of Jesus' ministry from the Transfiguration to the journey to Jerusalem. Book 5: The Cross and the Crown A chronicle of each day of Passion Week, from Palm Sunday to the Resurrection. Appendices Valuable background material on Jewish history, tradition, and law. Alfred Edersheim (1825--1889) was a Vienna-born biblical scholar who converted from Judaism to Christianity. A veteran minister and missionary to the Jews of Romania, Edersheim left an enduring and priceless legacy to followers of Christ. Among his most widely read works are *The Life and Times of Jesus the Messiah*, *The Temple: Its Ministry and Services*, and *Bible History: Old Testament*.

**Why Do Good People Suffer Bad Things** TR Williams, 2018-10-23  
 You are not alone if you struggle to understand why unwanted, unexplainable, and inconceivable bad things happen to innocent people! Never before have there been so many questions like: How could a loving God permit good people to suffer bad things and often make it appear as though the guilty are rewarded or go scot free? Why are there so many things in the world that seem unfair or unjust? Why does God seemingly hide his face from much of the horrific evil, pain and destruction? Does God really care? Is it fair for humans to be angry with God about their misfortune or suffering? Why are there so many good people accused falsely for their suffering? What defence mechanisms can I put in place to minimize evil, suffering, pain, misfortune, and the devil's influence in my own life? What purpose does suffering, and pain serve in human life? These are some of the most thought-provoking, spiritually intuitive, deeply agitating, and most frequent questions asked by countless individuals, especially by those who believe that there is a God.

*The Triad of Solomon* R.I. Johnston, 2015-01-30 A stimulating treasury for those who would like to consider the relationship between the wisdom books of the Bible (chiefly Canticles, Proverbs, and Ecclesiastes) and the stages of their spheres of life, with the opportunity for profitable self-examination and improvement. The reader will journey through some of the highlights of the history of thought, covering such fascinating subjects on the way as how logic was twisted to make way for totalitarianism, how much truth is subjective and relates to the individual never totally propositional why people cannot be thought of as machines, how the theory of phenomenology casts light on the fall, and how living in the present is the best cure for the mentally wounded. All this is centered on one of the most misunderstood thinkers of all time Kierkegaard

**The German Good Life I Want** Pinar Burcu Güner, 2019-04-12 This book reports research on young Turkish women's interpretation of a good life in Germany. There were two goals. The first was to identify how girls from Turkish origin living in Germany develop a positive view of themselves: How do they perceive opportunities for empowerment, agency, and emancipation? What are their inspirations and aspirations? The second goal was to establish how girls from Turkish origin living in Germany interpreted challenges to seeking a good life at school and in the wider society? With the support of focus groups, the life history interview method and socio-economic questionnaires four main categories were identified in the findings of the research: construction of identity; aspiration for education; marginalization; and living in a multicultural society.

**Worlds Apart** Norman L. Geisler, William D. Watkins, 2003-01-09 Those looking for a compendium of the major world views, written from a Christian perspective, need look no further. Comprehensive and readable, well organized and up to date, 'Worlds Apart' stands alone. After introducing the meaning and function of a world view, the authors explore the seven major world views of our day -- theism, atheism, pantheism, deism, finite godism, and polytheism. They delineate the varieties within each view, analyze the beliefs of its major representatives, and outline and evaluate its basic tenets. The authors present the seven world views in such a way that one can compare and contrast these views. It is our hope, they write, that [readers] will carefully consider all the options and then decide, even if it means discarding the world view [they] now have. In this revised edition the authors have updated the text and bibliography, rewritten several sections, and included suggested readings for each world view. Like the original edition, published in 1984, this volume contains a glossary of terms and an index of subjects and names.
