**Arthur C. Danto**

Because You Have To Joan Frank, 2012-09-15 Part memoir, part handbook, part survey of the contemporary literary scene, Joan Frank's *Because You Have To: A Writing Life* is a collection of essays that, taken together, provide a walking tour of the writing life. Frank's aim is to form a coherent vision, one that may provide some communion about realities of the writer's vocation that have struck her as rarely revealed. Frank offers what she has learned as a writer not only to other writers, but to those to whom good writing matters. Her insights about thinking on paper are never dogmatic or pontifical; rather, they are cordial and intellectually welcoming. Original, witty, and practical, Frank ably steers us through the journey of her own life as a writer, as well as through the careers and work of other writers. Her subjects range widely, from the "boot camp" conditioning of marketing work to squaring off with rejection and envy; from sustaining belief in art's necessity to the baffling subjectivity of literary perception and the magical books that nourish writers. Frank's personal journey is wonderfully told, so that what in these essays is particular becomes useful and universal.

**Quotes to Inspire** Elsinore Books, 2020-04-13 With a carefully chosen quote for each day of the year, this book will be a constant source of inspiration, accompanying you through the depths of winter to starry summer nights, and on again to Christmas and the New Year. You'll encounter lines from novels, short stories, essays, journals, and poems, as well as zen-like meditations, and classic aphorisms. The quotes come from more than a hundred different authors—including many of the world's great literary figures. There are quotes to inspire courage: "The thing is—fear can't hurt you any more than a dream" (William Golding); ignite creativity: "The Possible's slow fuse is lit/ By the Imagination!" (Emily Dickinson); and enjoin us to action and goodness: "Do not act as if you were going to live ten thousand years. Death hangs over you. While you live, while it is in your power, be good" (Marcus Aurelius). You'll meet more playful inspiration in quotes from Douglas Adams and Dr. Seuss. And we've also found room for the kind of mystical reflections that poets such as Wallace Stevens so excelled in composing. In these quotes you'll find a wealth of wisdom distilled into a few choice words. But of course, it is not always the full picture—while the main aim of this collection is to offer day-by-day inspiration, we hope it will also be a springboard for discovering new writers. When you are inspired by a writer's words, we encourage you to seek out the original work, and rediscover the quote in its natural environment. We have rigorously tracked down the source of each quote and attributed it accordingly. This book was designed to be as easily navigable as possible on your e-reader. To begin, you need only turn to

the Contents page and follow the link to the current month. We wish you an inspirational voyage of discovery.

*May I Quote You on That?* Stephen Spector, 2015-07-02 We all use language in different ways, depending on the situations we find ourselves in. In formal contexts we are usually expected to use a formal level of Standard English—the English codified in grammars, usage guides, and dictionaries. In *May I Quote You on That?* Stephen Spector offers a new approach to learning Standard English grammar and usage. The product of Spector's forty years of teaching courses on the English language, this book makes the conventions of formal writing and speech easier and more enjoyable to learn than traditional approaches usually do. Each lesson begins with humorous, interesting, or instructive illustrative quotations from writers, celebrities, and historical figures. Mark Twain appears alongside Winston Churchill, Yogi Berra, Woody Allen, Jerry Seinfeld, Stephen Colbert, Oprah, Lady Gaga, and many others. These quotations allow readers to infer the rules and word meanings from context. And if they stick in readers' memory, they can serve as models for the rules they exemplify. The lessons then offer short essays, written in a conversational style, on the history of the rules or the words being discussed. But because English is constantly changing, the essays offer not only the traditional rules of Standard English, but also the current opinions of usage panelists, stylists, and language specialists. When rules are controversial, Spector offers advice about stylistic choices. A companion website features a workbook with practice drills. This book will appeal to anyone who wants to write well. It's aimed at those who are applying to college, taking the SAT, or writing a job application, an essay, or anything else that requires clear and effective communication.

**Film Quotations** Robert A. Nowlan, Gwendolyn W. Nowlan, 2016-04-30 Certain lines define a movie. Marlene Dietrich in Morocco: "Anyone who has faith in me is a sucker." Too, there are lines that fit actor and character. Mae West in I'm No Angel: "I'm very quick in a slow way." Jane Fonda in California Suite: "Fit? You think I look fit? What an awful shit you are. I look gorgeous." From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

**The Boundaries of Realism in World Literature** Kornelije Kvas, 2019-11-19 This book is a valuable theoretical and critical contribution to the study of realism in world literature. Proceeding from the mimetic theories of the era of antiquity, and proceeding to explore formalists, structuralists, theories of possible worlds, and theories of simulation, Kvas points to the fictionality of (mimetic) realism, to literature and art as the creation of new, fictional aesthetic worlds, even when—as in the case of realism—there is a programmatic and practical inclination of such art and literature toward the world of the historical and the social—the real in the original sense of the word. This study will enable readers to confront, in a new and dependable manner, the issues of literary realism and its digressions into magical realism.

**The Moon, Come to Earth** Philip Graham,2009-11-15 A dispatch from a foreign land, when crafted by an attentive and skilled writer, can be magical, transmitting pleasure, drama, and seductive strangeness. In *The Moon, Come to Earth*, Philip Graham offers an expanded edition of a popular series of dispatches originally published on McSweeney’s, an exuberant yet introspective account of a year’s sojourn in Lisbon with his wife and daughter. Casting his attentive gaze on scenes as broad as a citywide arts festival and as small as a single paving stone in a cobbled walk, Graham renders Lisbon from a perspective that varies between wide-eyed and knowing; though he’s unquestionably not a tourist, at the same time he knows he will never be a local. So his lyrical accounts reveal his struggles with (and love of) the Portuguese language, an awkward meeting with Nobel laureate José Saramago, being trapped in a budding soccer riot, and his daughter’s challenging transition to adolescence while attending a Portuguese school—but he also waxes loving about Portugal’s saudade-drenched music, its inventive cuisine, and its vibrant literary culture. And through his humorous, self-deprecating, and wistful explorations, we come to know Graham himself, and his wife and daughter, so that when an unexpected crisis hits his family, we can’t help but ache alongside them. A thoughtful, finely wrought celebration of the moment-to-moment excitement of diving deep into another culture and confronting one’s secret selves, *The Moon, Come to Earth* is literary travel writing of a rare intimacy and immediacy.

**The Fairy Tellers** Nicholas Jubber,2022-05-03 The general reader is unlikely to have met Mr. Jubber’s other subjects and may be amazed to learn the degree to which these unsung men and women have shaped the fairy-tale canon, an enthusiastic and enjoyable book—The Wall Street Journal ‘A carnival of a book, rigorously researched and jostling with life’—Amy Jeffs, author of *Storyland* Who were the Fairy Tellers? In this far-ranging quest, award-winning author Nicholas Jubber unearths the lives of the dreamers who made our most beloved fairy tales: inventors, thieves, rebels and forgotten geniuses who gave us classic tales such as ‘Cinderella’, ‘Hansel and Gretel’, ‘Beauty and the Beast’ and ‘Baba Yaga’. From

the Middle Ages to the birth of modern children's literature, they include a German apothecary's daughter, a Syrian youth running away from a career in the souk and a Russian dissident embroiled in a plot to kill the tsar. Following these and other unlikely protagonists, we travel from the steaming cities of Italy and the Levant, under the dark branches of the Black Forest, deep into the tundra of Siberia and across the snowy fells of Lapland. In the process, we discover a fresh perspective on some of our most frequently told stories. Filled with adventure, tragedy and real-world magic, this bewitching book uncovers the stranger lives behind the strangest of tales.

The plays in this volume explore women's experiences at the intersections of class, sexuality, disability, and ethnicity, pushing at the boundaries of how we define not only Irish theatre, but Irish identity more broadly.
