The Leader in Me Stephen R. Covey, 2012-12-11 Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7 Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.

Teaching Number Sense, Grade 1 Chris Confer, 2005 The teaching number sense series focuses on the critical role that number sense plays in students' developing mathematical understanding. In their book, *Reading Wellness: Lessons in Independence and Proficiency*, authors Dr. Jan Burkins and Kim Yaris want to reignite the passion in teachers and drive them to instill confidence, curiosity, and joy in students. Burkins and Yaris define reading wellness to include all aspects of readership so we can be our best reading selves. The book is built around a framework of four intentions: alignment, balance, sustainability, and joy. It includes a series of field-tested lessons that help children read closely and carefully while

still honoring their interests, passions, and agency as readers. Reading Wellness encourages each teacher to shape these ideas in ways that support personal ideals and goals while nurturing a love of reading and a passion for lifelong learning.

Salt in Their Hair Edgar A. Anderson, 2019-06-02 Dick Blackwell and Paul Markham are best pals. Family First Deloris Jordan, Gregg Lewis, 1996 Deloris Jordan knows a thing or two about being a mom. She is the mother of five high-achieving children -- Ronald, Deloris, Larry, Michael, and Roslyn -- a sought-after national speaker on the family, and the volunteer president of the Michael Jordan Foundation. Her galvanizing message on encouraging responsibility and a passion for excellence has inspired parents across the country. Being the mother of basketball's greatest player has given Deloris Jordan a platform, but it's her experience bringing up an accomplished family in a challenging environment, along with her deep commitment to church and community, that gave her the expertise she passes on in this invaluable

handbook for parents of children of all ages. Using warm anecdotes and never-before-told family stories, Jordan paints a realistic and uplifting portrait of the potential power of parents. She explores the universal goals that parents set for their children -- self-discipline, responsibility, perseverance, moral values, and the desire to achieve -- and explains the practical tools and strategies the Jordan family uses to realize those goals. And through personal examples and wise, plainspoken insight, Deloris Jordan challenges, guides, and encourages parents who long to do everything they can to help their children learn, grow, prosper, and succeed.

Salt in the Wound Sierra Simone,2023-08-08 The first time I meet the devil, he knows my name. The second time I meet him, the truth becomes clear: Mark Trevena is to be my husband. No matter that we don't know each other. No matter that he's older than me; shameless and sinful; the owner of a secret club where the powerful come to play. My father has spoken, and I'll be the devil's bride the minute I graduate from college. Except my future husband has one condition for this arranged marriage: we have to pretend it's real. He'll teach me, he says. How to pretend to be his in pain and pleasure both. How to pretend to arch and writhe under his touch. But his lessons are teaching me something else entirely... ...that Mark Trevena wants me in a way that's not pretend at all. And no matter how I might fight it, the devil will have his due.

Michael Jordan Roland Lazenby,2014-05-06 The definitive biography of a legendary athlete. The Shrug. The Shot. The Flu Game. Michael Jordan is responsible for sublime moments so ingrained in sports history that they have their own names. When most people think of him, they think of his beautiful shots with the game on the line, his body totally in sync with the ball -- hitting nothing but net. But for all his greatness, this scion of a complex family from North Carolina's Coastal Plain has a darker side: he's a ruthless competitor and a lover of high stakes. There's never been a biography that encompassed the dual nature of his character and looked so deeply at Jordan on and off the court -- until now. Basketball journalist Roland Lazenby spent almost thirty years covering Michael Jordan's career in college and the pros. He witnessed Jordan's growth from a skinny rookie to the instantly recognizable global ambassador for basketball whose business savvy and success have millions of kids still wanting to be just like Mike. Yet Lazenby also witnessed the Michael Jordan whose drive and appetite are

more fearsome and more insatiable than any of his fans could begin to know. Michael Jordan: The Life explores both sides of his personality to reveal the fullest, most compelling story of the man who is Michael Jordan. Lazenby draws on his personal relationships with Jordan's coaches; countless interviews with Jordan's friends, teammates, and family members; and interviews with Jordan himself to provide the first truly definitive study of Michael Jordan: the player, the icon, and the man.

Teaching Self-Discipline to Children Barbara C. Vasiloff, 2003-07 Barbara Vasiloff identifies fifteen self-discipline skills and relates each skill to a topic educators most often have difficulty with, for example: how to teach children to listen, how to help them to follow instructions, how to help them to ask effective questions, and more. A must-have resource for all religious educators.
