The Five Chinese Brothers Dave Hunsaker, 1996

Translating, Interpreting, and Decolonizing Chinese Fairy Tales Juwen Zhang, 2024-10-15 Through meticulous textual and contextual analysis of the sixteenth-century Chinese tale The Seven Brothers and its fifteen contemporary variants, Juwen Zhang unveils the ways in which the translation and illustration of folk and fairy tales can perpetuate racist stereotypes. By critically examining the conscious and unconscious ideological biases harbored by translators, adapters, and illustrators, the author calls for a paradigm shift in translation practices grounded in decolonization and anti-racism to ensure respectful and

inclusive representation of diverse cultures. *Translating, Interpreting, and Decolonizing Chinese Fairy Tales* not only offers insights for translators, researchers, and educators seeking to leverage folktales and picture books for effective children's education and entertainment, but also challenges our preconceived notions of translated and adapted folk and fairy tales.

The Wild Life of Sailor and Lula Barry Gifford, 1996 This volume comprises six interlocking novels which chart the wild lives of star-crossed lovers Sailor Ripley and Lula Pace Fortune. The bizarre and varied characters of the stories inhabit a surreal world where paradoxes abound.

The Essential Guide to Children's Books and Their Creators, Upon publication, Anita Silvey's comprehensive survey of contemporary children's literature, *Children's Books and Their Creators*, garnered unanimous praise from librarians, educators, and specialists interested in the world of writing for children. Now *The Essential Guide to Children's Books and Their Creators* assembles the best of that volume in one handy, affordable reference, geared specifically to parents, educators, and students. This new volume introduces readers to the wealth of children's literature by focusing on the essentials — the best books for children, the ones that inform, impress, and, most important, excite young readers. Updated to include newcomers such as J. K. Rowling and Lemony Snicket and to cover the very latest on publishing and educational trends, this edition features more than 475 entries on the best-loved children's authors and illustrators, numerous essays on social and historical issues, thirty personal glimpses into craft by well-known writers, illustrators, and critics, and invaluable reading lists by category. *The Essential Guide to Children's Books and Their Creators* summarizes the canon of contemporary children's literature, in a practical guide essential for anyone choosing a book for or working with children.

Language Acquisition By Eye Charlene Chamberlain, Jill P. Morford, Rachel I. Mayberry, 1999-08 This volume explores the reading development of native speakers of sign language, as well as their early pre-literacy language development. For deafness and sign language scholars, as well as linguists and reading specialists.

New York Magazine, 1991-04-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

Rock Song Index Bruce Pollock, 2014-03-18 *The Rock Song Index, Second Edition*, is a new version of a well-received index to the classic songs of the rock canon, from the late '40s through the end of the 20th century. The study of the history of rock music has exploded over the last decade; all college music departments offer a basic rock-history course, covering the classic artists and their songs.

3/4-inch Videocassettes ,1980

Jules Verne on Film Thomas C. Renzi,2004-03-24 Jules Verne—Voila!—a name that resonates with visions of fantastic adventures and images of exotic exploits. In his voyages extraordinaires, the noted French author fuses his encyclopedic knowledge of science and geography with his ability to tell fascinating tales, taking his readers on unprecedented journeys across the globe, into the earth, and out into space. This revered writer, who with his boundless imagination had hoped to contribute substantially to the world of letters, has surpassed that expectation to become coincidentally a significant influence on film. Jules Verne on Film is both a penetrating analytical overview of Verne's epic novels and a comprehensive filmography of the numerous films inspired by his stories and characters. There are the obvious adaptations that come directly from the pages of Verne's writings, films such as *In Search of the Castaways* and *Mysterious Island*. However, looking closely at the plots, characters, and themes of many other films—science fiction and otherwise—one discovers that the incomparable Verne has had a far wider influence on filmmakers than one might have thought. For instance, most of us are familiar with Disney's *20,000 Leagues Under the Sea* (1954) and some of us may have even seen the two 1997 television productions. But Verne's classic undersea adventure also provides the underpinnings for such entertaining movies as *Fantastic Voyage* (1966) and *Innerspace* (1987). Structurally, *Jules Verne on Film* begins with a biographical sketch and contains 23 chapters arranged alphabetically according to book title, starting with *The Adventures of Captain Hatteras* and ending with *Voyage Across the Impossible*. Each chapter includes a summary and analysis of Verne's story, followed by a chronological treatment of the cinematic adaptations compared to their respective written work. Production credits appear in the film entries, along with plot synopses and thorough critical commentaries.
