Psychological Problems and Their Big Deceptions David W. Shave,2018-03-01 Psychological Problems And Their Big Deceptions reveals the multiple fraudulent and deceptive concepts of both Psychology and Psychiatry, such as the present-day gross misuse of the PTSD diagnosis, while introducing the foremost, but previously unrecognized, concept, the Unconscious Entity. Though all people do not have a mental illness, everyone, without exception, has periods of being emotionally uncomfortable. This book convincingly shows what causes a state of being emotionally uncomfortable to any degree, and what is necessary to regain a state of being emotionally comfortable. In doing this, one will conclude it is a lot less the psychological counsel, in someone seeking professional help, and much more the listening, in any counseling, that makes the cure. This book explores, in detail, a dimension of human communication Psychology and Psychiatry have yet to fully appreciate, that has an immense capacity to make a person more emotionally comfortable, as well as an equally immense capacity to keep a person emotionally comfortable. That dimension is prevalent in any on-going small talk, and is mutually utilized, to the same degree, by the participants of that talking.

God of the Splitsecond Trudy Morrow,2012 God of the Splitsecond relates to events that are more than mere

coincidences. The book of short stories starts with Emma on the Road as the first event the author remembers as a child seeing God in action. The other event is Babushka in the Field which happened 50 years and 5 seconds later, from which she coined the title of this book. The most dramatic is the Berlin Exodus through the Red Sea, where over a thousand Mennonites escaped in a freight train unnoticed by the Soviets to get to Paraguay. The book covers the period from World War II to the present. It includes many other God of the Splitsecond events in the lives of Corrie ten Boom, Livingstone, Squanto, Dayuma of the Aucas, Schaeffer's L'Abri, and others. It encourages the readers to see the hand of Providence in their own lives. The original version of this book was written for the grandchildren of the author's family, for whom she made some 300 drawings to illustrate each story. Trudy Morrow, M.A., was born in 1933 in a 200-year old German colony in Eastern Europe. In the upheaval of 1940, Hitler had multitudes of ethnic people removed from their homeland and resettled in Poland and the so-called Reich. She remembers wartime experiences and life as refugees in West Germany, but values the blessings of her American home in New England for over 40 years. The author has a Masters degree in social psychology from the University of New Haven, worked as secretary, administrator, educator, and medical translator for many years. She is the widow of an Anglican pastor and was involved in Christian education, art, and philosophy. She developed the Otaspeed-Writing System™ (www.otaspeedwriting.com) and is the founder of Otawit Institute TM, Apologetics for Teens (www.otawit.com).

Pad's Army Paul Addy, 2022-04-23 A brief factual account from memory of one man's journey through life in the British Army from 1975 to 1999 and how a gormless face, an unrealistic belief in 'Rodger the Dodger' and a determination to survive conquered all, well ... nearly all - no one's perfect.

The Book Spy Alan Hlad, 2023-01-24 Perfect for fans of Kate Quinn, Marie Benedict, and Pam Jenoff and inspired by true stories of the heroic librarian spies of WWII, the new book from the internationally bestselling author of Churchill's Secret Messenger transports readers from the New York Public Library to Portugal's city of espionage in a thrilling, riveting tale. An American librarian. A Portuguese bookseller. A mission to change the tide of the war. 1942: With the war's outcome hanging in the balance, President Roosevelt sends an unlikely new taskforce on a unique mission. They are librarians and microfilm specialists trained in espionage, working with a special branch of the Office of Strategic Services and deployed to neutral cities throughout Europe. By acquiring and scouring Axis newspapers, books, technical manuals, and periodicals, the librarians can gather information about troop location, weaponry, and military plans. Maria Alves, a microfilm expert working at the New York Public Library, is dispatched to Lisbon, where she meticulously photographs publications and sends the film to London to be analyzed. Working in tandem with Tiago Soares, a Portuguese bookstore owner on a precarious mission of

his own—providing Jewish refugees with forged passports and visas—Maria acquires vital information, including a directory of arms factories in Germany. But as she and Tiago grow closer, any future together is jeopardized when Maria's superiors ask her to pose as a double agent, feeding misinformation to Lars Steiger, a wealthy Swiss banker and Nazi sympathizer who launders Hitler's gold. Gaining Lars' trust will bring Maria into the very heart of the Fuhrer's inner circle. And it will provide her with a chance to help steer the course of war, if she is willing to take risks as great as the possible rewards . . . "A must-read, especially for fans of Kate Quinn's *The Rose Code*." — firstCLUE, Starred Review
